UTILIZATION OF WASTE POWER AT CREMATORY.—Utilization of the waste power of the garbage crematory formed the basis of discussion at a joint meeting of the City Board of Health and the health and police committees of the Council, in the Mayor's rooms at the Oregon Hotel last night. C. L. Daggett, superintendent of the garbage crematory, urged the construction of two new furnaces of sufficient capacity to accommodate the old boxes and barrels that come to the establishment without the necessity of breaking them up. He also favored the installation of a plant for generating electricity from the 40 horsepower of energy capable of development from the waste force of the crematory fires, and supplying various municipal departments therewith. It was claimed that the crematory aggregates an annual expense to the city of \$14,000, and that under the proposed system it could be made practically self-sustaining. Daggett's remarks made a deep impression upon all present, and it is more than probable that they will be permitted to put up enough machinery to give his theories practical test.

COMMITTEE OF FIVE TO REVIEW FIRE REPORT.—Vice-President R. R. Newgreen, of the Fourth district Sunday school convention, appointed a committee of five to review the report on Portland made by the National Board of Fire Underwriters, the committee is composed of Henry Hewett, James Hammer, J. C. Flinders, L. Allen Lewis and Max Fleischer. The committee will hold a meeting and consider the recommendations made in the report. It is probable that the committee will recommend certain improvements in the fire department.

NO SINGING TO-NIGHT NAMED.—No second ticket was named last night in St. John's, as was expected. Opposition to the "Citizens' ticket" now in the field was unable to get a footing. It was said, however, that C. R. Ozgan and his friends had prepared a ticket of their own, which will be filed this evening. Another ticket besides the Ozgan ticket will also be filed this evening. Today the work is earnestly desired. Nominations can be made for the municipal election.

DISTRICT SUNDAY SCHOOL CONVENTION.—The fourth district Sunday school convention will be held in the First Presbyterian Church Wednesday, March 28, at 7:30 P. M. The fourth district embraces all that portion of the city and county west of the Willamette River and north of Taylor street. Reports will be expected from all Sunday schools within the bounds of this district, and the attendance of all interested in the work is earnestly desired.

A S originally constructed by a road company at the Marquam, was good of its kind for the price, but not calculated to set anybody crazy with delight. There was scenery enough to sink a ship, but most of it was care-worn, cracked and pale. The company is large, and with the exception of a few of the principals, its quality indicates that it was gathered together with an eye for economy. The costumes are not very worn out, and they are shimmering with entrancing, the bewildering number of scenes, the numberless, drooping, pretty story of a witch's spell over the Sleeping Beauty and how Prince Charming brought her to life with a kiss, all wrought out with infinite elaboration carried on a stage that is fairly grand. To work a piece like this presents enormous difficulties, but it went smoothly, and the grouping and action were something in their way graceful. But the chorus is not strong enough, and the general effect is marred by a sort of internal theatrical quack, or something that makes you want to be stage-struck. The orchestra is not so good as it should be. The piece is lovely, full of melodies and songs and ensembles and pictures that compel your expectation of greatness. The scenery is of the grandest spectacle in reality, but it is presented inadequately in this instance.

This, however, is not to say that completely absent. The brightest and most colorful scene is the scene in which the King with unicorn. His spouse is cleverly shown in the scene. The brightest scene is the scene in which the King with unicorn. His spouse is cleverly shown in the scene.

tion Hall. Mr. Gunzendorf gave an address upon "Fraternal Brotherhood," in which he told of the growth of the Royal Arcanum. He congratulated the local circles upon the progress which is being made in Portland.

There are at present something more than 70 members of the Royal Arcanum in Portland, comprising three lodges, which, with their officers, are: Multnomah Council, 181, Jerry Bronaugh, regent; W. L. Abrams, secretary; Oregon Council, 182, J. W. Hutchinson, regent; Dr. G. S. Barrett, secretary; Willamette Council, 183, Dr. M. L. Holbrook, regent; E. J. Hufford, secretary. There were formerly four councils in Portland, but the Run Council have been absorbed by Oregon Council.

The object for which the local councils are now striving is a membership of 1000, the quota required before the city can have a grand council or secure direct representation in the supreme council. At the meeting last night, 25 new names were added to the roll, the number being distributed about evenly among the three councils. A special crusade for an increased membership is to be carried on during the Spring, and it is hoped to secure 300 names in time for the Portland bodies to be represented at the next session of the supreme council.

Objection is taken by Ralph E. Moody, attorney for several Chinese on Second street, to the strenuous methods employed by Detectives Murphy, Welch and Jones in breaking down doors to gain admittance to fan-tan and lottery rooms, and safes where the yellow men are alleged to have hidden evidence which would convict them in the Municipal Court.

"Welch, Murphy and Jones have been going around Chinatown breaking down doors and demanding that the Chinese owners of stores open their safes for inspection," said Attorney Moody last night. "The Chinese came to my office and complained of the action of the detectives and asked my assistance. I notified the District Attorney and the City Attorney of the action of the detectives and they promised to take the matter up. After I had spoken to the Chinese, they were arrested and taken to the station through a door without a warrant on their person."

Some detectives assert that if gambling is to be broken up in Chinatown, some method must be resorted to other than standing outside and watching the doors. The Chinese play in back rooms
