GIVES FIVE DECREES

Judge Cleland Divorces Mismatched Pairs.

CAUSES OF ACTION TWO

Desertion and Cruelty Are the Principal Charges Upon Which Marital Bonds Are Separated by the Court.

Five divorces were granted by Judge Cleland yesterday. The evidence in none of the cases was of a sensational character.

Rahmat Haddad, who was granted a decree dissolving the bonds of matrimony existing between her and George Haddad, an Assyrian, testified that he beat and abused her constantly. Her daughter testified in her behalf, and also another witness. Haddad kept a store in this city, but has gone away, deserting his wife.

Anna E. Mitchell was granted a divorce from Joseph F. Mitchell, and was awarded the custody of two children, aged 17 and 14 years, respectively. The Mitchells were married 36 years ago, in Lane County. Mrs. Mitchell testified that her husband deliberately abandoned her in 1888.

Desertion the Cause.

Mary J. Leach, who was married to John B. Leach in St. Elmo, Ill., in 1882, was divorced from him because of desertion six years. Leach returned to the East. Mrs. Leach testified that she had resided 15 years in Oregon. During her married life she worked hard and earned a home. Her husband treated her friends and relatives badly, humiliated her every way he could, and also neglected his child. Mrs. Leach stated that Leach refused to buy a pair of braces ordered for the child by a physician, and she borrowed the money and did so, with the result that her husband became much incensed.

DENIES EBERMAN HIS PAY

EXECUTIVE BOARD RAPS CIVIL SERVICE COMMISSION.

Holds Despite McNary's Opinion That He Cannot Be Paid While Under Suspension.

In denying Patrolman R. L. Eberman pay while under suspension, the Executive Board yesterday gave the Municipal Civil Service Commission a hard rap relative to its conclusions in restoring the patrolman to duty after he had been dismissed from service by the Police Commissioners.

City attorney McNary had rendered an opinion to the effect that under the ruling of the Civil Service Commission Eberman was entitled to pay during the entire period of his suspension. In reversing the City Attorney's opinion in favor of his assumptions on account of not having official cognizance of the whole situation, Commissioners Greene and Sabin returned the following report, which was adopted unanimously by the Executive Board:

"Our committee on police, to whom was referred the matter of the application of R. L. Eberman for pay as a patrolman during the time of his suspension from duty by this board, having had the same under consideration, reports that Officer Eberman was dismissed from the service by the Board on the recommendation of this committee for conduct unbecoming an officer and for incompetence. The dismissal was based upon the result of a careful inquiry by the police committee, of which the accused had notice, was present and had full opportunity to present his defense.

"Eberman appealed to the Civil Service Commission, which tried the case de novo, and heard new testimony, including that of witnesses produced by Eberman whom he had not brought before the police committee. The Civil Service Commission did not review the action and conclusions of this Board. Necessarily it could not have done so, for the reason that it did not have the record of the testimony produced before the police committee. It merely held an original trial, and from the investigation thus made it determined that the evidence did not sustain the charges, and directed the reinstatement of Eberman.

"The Civil Service Commission made no finding to the effect that there was, or had been, no grounds for the original expulsion. The nature of its investigation did not admit of any such finding; and without a finding that the Executive Board had acted without foundation or wrongfully, the presumption obtains that the appointing authority acted regularly and in conformity to the law. The direction of the Civil Service Commission to reinstate Eberman is not tantamount to a decision that sufficient cause did not exist at the time of the expulsion; it means, in our opinion, simply that at the time of the direction to reinstate, sufficient cause for the continuance of the expulsion was not shown.

INDORSES INDUSTRIAL FAIR

WOMEN'S CLUB PASSES RESOLUTIONS IN ITS FAVOR.

Mrs. S. M. Blumauer Tells of Difficulties Inexperienced Girls Have in Making a Living.

The following resolution regarding the proposed annual industrial exposition was passed by the Women's Club at its meeting in the Elks' Hall yesterday afternoon:

"Believing that the movement to inaugurate an annual industrial exposition and to install a permanent exhibit representative of the industries of each section of our state would be of educational value to our own citizens and a source of valuable information to visitors, and further believing that by uniting all sections in a common purpose, a sentiment of mutual appreciation and loyalty will be promoted; therefore, be it
Resolved, That we, the Portland Women's Club, commend the efforts of the promoters of the said movement and guarantee our hearty indorsement and cooperation."
Miss Ethel M. Lytle was the soloist of the club, and sang, accompanied by Mrs. Warren E. Thomas, Nevins' "My Desire" and Woodman's "The Open Secret." Miss Lytle's fine voice is well known to the church-going public of Portland and it was especially enjoyed in this class of music.

Mrs. S. M. Blumauer, who had been asked to talk on industrial problems in connection with the work of the Neighborhood House, run under the auspices of the Council of Jewish Women, applied the principles of a book entitled "The Long Day." This is the interesting story of a working girl as told by herself, and in the exposition given by the speaker she forcibly presented the great difficulty green or inexperienced girls had in obtaining labor at living wages. She told the wretched experience of the girl in the book as an illustration of what the Council was fitting girls to avoid. Judge A. L. Frazer also addressed the club.

The question of public playgrounds was thoroughly discussed by the club, a report on this subject being made by the educational department. As soon as the Park Board is through negotiating with Mrs. Hawthorne in regard to the use of Hawthorne Park for a children's playground, the club will co-operate with that body in the execution of the plan to provide children's recreation grounds.
Conservatory Term Closed.
PACIFIC UNIVERSITY, Forest Grove, Or., March 23.—(Special)—The second in the series of repertoire recitals was given before the conservatory in Brighton chapel this evening by Miss Gladys Hartley.

McALLEN & McDONNELL.

Will Survey Line to Bonnevillie.

Fourteen surveyors left Portland yesterday for Troutdale, where they will make the surveys for the new line of the O. R. & N. from that point to Bonnevillie. O. Wingstad, of the engineering department, is in charge of the crew and the work is expected to take several weeks. The line will be straightened and grades cut out as much as possible on the 14 miles between Troutdale and Bonnevillie and the work will mean a rebuilding of the track for the entire distance. As soon as surveys are completed and estimates made, contracts for the work will be let.
