DEBATE IS HEATED
Indorsement of Candidates the Cause of Debate.

SOUTH PORTLAND LEAGUE

Republicans of That Club Have an Indigestion Meeting, Set Fall to Deciding Accordant Candidates Before the Primary.

Another meeting of the South Portland Republican League was held at the St. John's Hotel on Tuesday night. A large gathering of members and friends were present and the meeting was conducted in an orderly manner.

A resolution was adopted to the effect that all members of the League hereafter shall be required to sign a pledge that they will support the Republican candidates for United States Congress, Governor, State Senate and State House of Representatives, and to this effect that no member who is not in favor of the candidates so supported shall be permitted to remain in membership.

The resolution was adopted unanimously and it was ordered that a circular letter be prepared and sent to all members of the League throughout the district, inviting them to the next meeting of the League on the 15th instant.

A motion was made and seconded to the effect that the League should petition the Legislature for the passage of a law requiring all candidates for public office to file their biorgraphical data with the election board before their names can be placed on the ballot.

The motion was carried, with only one dissenting vote, and it was ordered that a petition be prepared and presented to the Legislature at the next session.

Several other resolutions were adopted, one of which was to the effect that the League should support in every way the efforts of the State Republican party to secure the election of a progressive, honest and efficient administration.

SACRIFICING LABOR

Railways Are Demanding More Men.

SUPPLY IS INSUFFICIENT

Workers Shipped Free by the 800 Lires From St. Paul to Kennebunk for Home Service.

When the American labor supply has been reduced to the point where it is not sufficient to provide employment for the workers at hand, the railways have to look elsewhere for labor. In this connection, the Southern Pacific railway has recently been in the habit of sending large numbers of workers from St. Paul, Minn., to Kennebunk, Me., where they are used in the construction of the Kennebunk and Wiscasset line.

The workers are shipped free by the 800 lires, and are paid 80 cents a day, exclusive of board. They are housed in tents, and are fed at an average of 25 cents a day. The work is hard and the hours long, but the workers are glad to get employment at any price.

The railway company is willing to pay any price for labor, and will go to any length to get it. They are ready to pay 50 cents a day for labor, and are willing to pay 25 cents a day for labor, if necessary.

DRINKS ACID AND DIES

Homer Hughes, Father of Nine Children, Killed by Swine.

Homer Hughes, aged 60 years, was killed recently by a wild boar in the woods near his home. The boar had been pursued for several days by a crew of hunters, who were tracking it with dogs. The boar, after several hours of chase, suddenly turned and charged the hunters. One of the hunters, who mistook it for a wild boar, fired his rifle, and the boar, mistaking the shot for a signal to attack, turned and charged the hunters. The Boar, mistaking the shot for a signal to attack, turned and charged the hunters.

The Boar, mistaking the shot for a signal to attack, turned and charged the hunters.
