NEW YORK, April 2.—The action of the stock market today was accepted as a demonstration of confidence on the part of the speculative element which embarked on the long side last week in the strength of their position. That position was maintained and prices advanced briskly with more show of breadth and animation than at any time since the ingventent began. The aggregate transactions for the day rose to over 1,000,000 shares for the first time in several weeks.

Last week's improvement in the market resulted in attracting a considerable increment of outside interest which offered an advantageous medium for some profit-taking which was manifested during the first hour of the market! The manner in which this was absorbed apparently gave satisfaction to the improvement of the market! The manner in which this was absorbed apparently gave satisfaction to the long side were then renewed with considerable increase of vigor. The movement was will largely professional, but the success which attended it and some of the developments in the day's news were regarded as justifying the speculative position and increased the confidence of prevailing opinion.

The money market showed relaxation, the call loan rate being held at the 6 per cent level from the opening, except for a flurry to 10 per cent when the day's berrowing was mostly completed. The comparatively good condition as to money was the result of the heavy dishursements of dividends and interest paid by the banks and psyment of some \$2,000,000 Goovernment interest. The arrival COAL—Cases, 19c per gallen; tanka, 12%c, per gallen.
GASCLINE—Stove gasoline, cases, 25%c; 72 test, 27c. 85 test, 25c; iron tanka, 18c.

heavy dishursements of dividends and interest paid by the banks and payment of some \$2,000,000 Government interest. The arrival on Saturday of \$1,150,000 gold from Germany had its effect on the reserves of the banks. Opinion was not entirely clear as to how far the expected relaxation in the money market way he expected to an the expected relaxation in the money market may be expected to go.

There is a sanguine expectation in the financial district that the differences in the anthracite industry will be promptly adjusted. Railroad officials East and West were reported as giving assurances of large supplies of fuel on hand both for the railroads and manufacturing industry.

The weakness of Consolidated Gas unsettled the market temporarily, but the late flurry

the market temporarily, but the late flurry to 10 per cent in the money rate was prac-tically ignored, as it was not considered rep tically ignored, as it was not considered representative of conditions in the market. The overcomfedent borrowers left their requirements uncovered early in the day, and the rate was hid up on them. The market closed strong and active, a number of stocks rising vigorously in the closing dealings.

Bonds were slightly irregular, There was a very heavy absorption of the United States Steel seconds. Total sales, \$4.085,000. United States bonds were all unchanged on call.

CABLES ARE HIGHER

Chicago Market Strengthened by Advance at Liverpool.

WHEAT CLOSES QUARTER UP

Weakness Develops Soon After the Opening on Free Selling by Pit-Traders and the Com-

CHICAGO. April 2.—The wheat market opened steady, but commenced to weaken during the first hour on free selling by pit traders and communion-houses. The favorable weather in the Southwest and reports of increasing receipts in the Northwest dispelled the early firmness, and prices dropped somewhat. About the middle of the sceolon the prevailing sentiment again favored higher prices, chiefly because of a strong close in the Liverpool market. Throughout the remainder of the day the market held firm. The close was firm with prices almost at the mainder of the day the market held firm. The close was firm with prices almost at the top. The May option opened a shade lower to 140 kg kg higher, at 1714g774pc, sold off to 17 6774pc, and then advanced to 1754pc. The closed was kg higher at 1744g774pc. Corn opened casier, but later became quite firm on covering by aborts. May closed kg up at 455pc.

Outs opened casier, but held firm later. The close was kg up, at 305pc for May.

MRS. LE DOUX INDICTED

Woman Begs McVicar's Relatives to Withhold Judgment.

STOCKTON, Cal. April 2.-The grand jury today indicted Mrs. Le Doux for the murder of A. N. McVicar in this city on March 24. Today a visit was made to the prisoner by J. C. McVicar, a brother of the deceased, who arrived here a few days ago, from Colorado, and ex-Judge A. N. Sullivan, of Plattsmouth, Neb., who is an uncle of the McVicars and who came here to assist in the prosecution if he is allowed to do so.

The woman asked them to withhold their condemnation of her until the case

SAN FRANCISCO, April 2 - A meeting of the California directors of the Continental Life Insurance & Investment Company was scheduled for today, but only pany was scheduled for today, but only five members attended, the number being two short of a quorum. The avowed pur-pose of the meeting was to retire Presi-dent Tyree from office. It was reported today that an attempt will be made to call a special meeting of the stockholders, at which impeachment proceedings will be commenced against President Tyree.

WHITMAN COLLEGE, Walla Walla Wash, April 2.—(Special.)—The team chosen this afternoon to represent Pearson's Academy in debate for championship of eight schools of the Inland Empire, was Raiph Dimick, of Oregon City; W. Yarnell, of Goldendale, and Ira Camp. of Walla Walla. The finals are to be held with Coltax High School here next mouth on the shipping subsidy question.
