LONG WALK ON SNOW SHOES

CANADIAN POLICE VISIT THE ICEBOUND WHALERS.
Caribou Meat Is Plentiful, but Other Food and Clothing Are Short.

SEATTLE, April 8.—A special to the Post-Intelligencer from Dawson says the Canadian mounted police have brought news of the icebound whalers at Herschel Island. The trip was made on snowshoes, and was a record one, 70 miles in 25 days being the time. The whalers are short of food and clothing, but have plenty of caribou meat and will have no relief before July 25.
The gasoline schooner Olga has not been heard from, but it is believed she is wintering at Banks Land, or Cape Harry. The last news from whalers at Ballise Island was in January, and all were reported safe. Amundson's vessel is in good condition.
Dr. Denver, a physician of San Francisco, was slaughtered on a whaler and has been held in the north two years on account of ice.
Harrison, the explorer sent by the British Royal Geographical Society, proceeded this winter with three Eskimos by way of Herschel and the Arctic Coast to Baffin Land and Banks Land.

ANNUAL WHIST TOURNAY

Portland Club Will Send at Least Three Teams to Seattle.

The annual Whist Tournament of the Northwest will be held in Seattle this year on Thursday, Friday and Saturday, April 25, 26 and 27. The Portland Whist Club will send at least three teams and probably four. Under the rule three teams from one place must compete for the city championship. In the last two tournaments Portland did not win this honor.
However, for several years the Portland club has won and held the Deschamps trophy—the insignia that marks the best four players in Oregon and Washington, as attested by contests with all the best club players in the two states. The strong probability is that Portland will again bring back the trophy from Seattle.
Cappa Continues to Improve.
D. L. Cappa, the chef who leaped from the burning Commercial Club seven stories into a life net, is rapidly recovering from the effects of his terrible fall. The physicians at the Good Samaritan Hospital hope to have him up and around within a few days.

Eagles to Meet at Echo.

The lines of the Harriman system announce a round-trip rate of one and one-third fare from all points on their lines in the state to the Mayday picnic to be held by the State Grand Lodge of Eagles at Echo on May 1. Members of that order are planning a big demonstration, and the rate was made in response to a request from the lodge for lower fares.

UNITE IN EULOGY OF LATE BISHOP

Death of B. Wistar Morris Deplored by Clergy and Laity.

not lie in state, and only a few of the friends of the departed bishop will be allowed to view the remains at the home. The members of the family of Bishop Morris have received dozens of telegrams of condolence from many different parts of the United States. Bishop Morris had a large general acquaintance even outside the Northwest, and to all of his many dear friends his sudden death came as a great shock.

Was in Moderate Circumstances.

Bishop Morris was in moderate circumstances at the time of his death, and does not leave a very large estate. His friends say that he thought more of the church than he did of himself, and for that reason did not amass even a small fortune.

The intimate friends of Bishop Morris say that not until the last few years has

The Late Bishop B. Wistar Morris.

FUNERAL ARRANGEMENTS

Successor Will Be Chosen at the Annual Conference of the Oregon Diocese in the Latter Part of June.

Members of the Episcopal clergy from all parts of the Pacific Coast will attend the funeral of the late Right Rev. Benjamin Wistar Morris, bishop of Oregon, which will be held at Trinity Church Tuesday afternoon at 2 o'clock. Bishop Morris was a very popular man, and the attendance of the clergy from the Northwest will be particularly large. Prominent Episcopals of Oregon outside of those in Portland will also be present.

It is understood that Bishop L. Wells, of Spokane; Bishop S. W. Keator, of Tacoma; Bishop William Nichols, of California; and Bishop James Fauson, of Boise, will arrive in Portland today or tomorrow. Practically all of the prominent members of the clergy in the Northwest will attend the services.

Arrangements for Funeral.

The funeral will undoubtedly be one of the largest ever seen in Portland. The remains will be buried at the Lone Fir Cemetery, where the body will be taken immediately after the services at Trinity Church. The services will be very plain and without ostentation. Bishop Keator will probably have charge of the services at the grave, and Bishop Nichols will most likely lead the lesson of the office. Bishop Wells will have charge of the committal at the grave. The Trinity Church choir will sing.

The body will remain at the family residence, Twelfth and Everett streets, until Tuesday afternoon, when it will be moved to Trinity Church. The body will

IS WON BY LIPMAN

Inman Diamond Medal Carried Off by Shotgun Expert.

GIVES FINE EXHIBITION Breaks 23 Out of 25 Birds in Shoot for Trophy—Displays Great Skill at Unknown Angles.

Will Lipman, in addition to doing some difficult shooting yesterday afternoon at the regular Sunday shoot of the Multnomah Rod and Gun Club, won the Inman diamond medal. A number of the blue-rock experts visited Vancouver in the morning and shot with the Vancouver club members. Mrs. Young, whose work at the traps has been improving wonderfully, won the high average.

Mr. Lipman in the shoot for the Inman medal, was in splendid form. He broke 23 birds out of a possible 25. His fancy shooting was also brilliantly done. It is what is called an exhibition field shoot. The traps were arranged so that the birds were thrown at all angles. Some were thrown from behind him, at him, over his head and in front of him, making the work difficult. Mr. Lipman wound up the exhibition by breaking almost all of the birds thrown from the traps.

Another interesting feature of the day's sport was the team shoot. The teams consisted of six men each and the match was won by the second team consisting of Hillis, Collins, Young, Ainslie, Banks, Bateman and they won with a margin of six birds out of 155 birds shot at. The first team was made up of Abraham, Collier, Mrs. Young, Norwood, Long and Redfield.

The scores of those who shot during the day follow:

Shot at.	Broke.	P. C.
Collier	209	32
Abraham	198	31
Collins	190	30
Collison	188	29
Young	187	28
Lipman	186	28
Ainslie	180	24
Long	159	21

OLD TOWN HALL IS SOLD

Milwaukee Brass Band Secures Pioneer Schoolhouse for \$1.

The old Town Hall in Milwaukee has been sold to the Milwaukee Brass Band, which paid the district for the pioneer structure. At a recent meeting of the taxpayers of that district the directors were authorized to donate the building to the band, and it named in the deed was paid to make the transfer legal. The band has secured a lot from Richard Scott on the opposite side of the street from the building, and will move it there and fit it up, changing and improving it.

The old schoolhouse is a landmark, and took the place of the log house that was first used in Milwaukee. There is a tender sentiment attached to it. It has stood at the rear of the school grounds since the new structure was built 30 years ago, being used for public meetings of all sorts.

Do Not Neglect a Bad Cold.

Never allow a cold to take its course. It was paid to make the transfer legal. Chamberlain's Cough Remedy will promptly cure your cold and dispel all danger of that disease. There is nothing better for acute throat and lung troubles. For sale by all druggists.

Hillis 196 84 84
Collier 209 32 32
Abraham 198 31 31
Collins 190 30 30
Collison 188 29 29
Young 187 28 28
Lipman 186 28 28
Ainslie 180 24 24

CALL FOR A WATER TOWER

And Cannon Life Lines to Fight Skyscraper Fires.

PORTLAND, April 8.—(To the Editor.)—The skyscraper has come to stay, and tall buildings will be the inevitable medium operation for revenue. But fire ladders and water supply cannot reach the upper stories in record-breaking speed to save any one caught so far above the street. Human sacrifice and steady have formerly and probably always will be the only procedure to create effective ways and means for saving life.

The time is now that the City of Portland acquire a medium-sized cannon, and from it can be fired life-lines to any height or to any story, thus forestalling the loss of a single life when our skyscrapers shall have played hide and seek with the clouds and perchance a lighted match or a crossed wire shall have done its fiery work. Many a fire has been caused by mice and rats. Let a rodent eat the coverings from the wires, "of which they are fond," and then let them place their hind feet on one wire and their fore feet on the other, or mouth and feet—and there is an immediate cross-current, and presto! a fire! This may occur where rats have nests of combustible material, or of fatty food, or of oily rags. Wires should be placed in interior conduits in every instance and no chances taken for a fire.

I have watched the many wirings of buildings, and why there are not more instantaneous fires and so-called spontaneous combustions and conflagrations in Portland is well comprehensible. Portland needs at once a water tower. This machine would have last Friday afternoon, with Portland's brave fire ladders, saved every life, save from any danger, immediate or otherwise, because it would have been a lifesaver and a firefighter both in the same time. The Oregonian has the confidence of the thoughtful, and its advocacy of fire protection will be considered and acted on as no other moral force in the Pacific Northwest.

WILLIAM W. GOODRICH.

Miss Gordon Addresses Socialists.

A large Socialist gathering at Social Hall, 39 Davis street, last night, was addressed by Miss Kate Gordon, of Louisiana, on the suffrage question; J. D. Stevens, Socialist candidate for United States Senator, and M. J. Murphy, both of whom made earnest pleas for justice in behalf of the three imprisoned officials of the Western Federation of Miners now awaiting trial at Boise, Idaho, for the Breckenridge murder.
