ZION PREPARED TO MEET DOWIE

More Hideous Secrets of Dowie's Teaching Revealed by Voliva.

PROPHET'S SECRET CELL

Iron-Barred Room in Shiloh House. Prophet's Son Has Final Trump Card to Play in Fight for Control.

ZION CITY, Ill., April 9.—Zion City is "sleeping on its arms" tonight, to quote one of the erstwhile followers of John Alexander Dowie, awaiting the coming of the first apostle. There is but one subject of conversation, and that is the possible eventualities of tomorrow, which is expected to see Dowie again set foot in the community he founded.

Another meeting was held tonight in Shiloh Tabernacle and final instructions given by Overseer Voliva, the new manager of Zion's affairs, for the conduct of loyal followers of the new regime when the deposed "prophet" attempts to regain the scepter. Dowie has been heralded as sweeping down on the city in a blaze of wrath, declaring that "an underling cannot depose his creator." The onslaught, so far as tonight's meeting showed, is awaited with repressed anxiety, but outward composure.

No Reception for Dowie.

With Voliva in the center of the stage, overseers and deacons of the church tonight urged members of the congregation to shear Dowie's entrance of any dramatic tinge by remaining away from the railroad station, busying themselves as usual with the common affairs of life as though there never had been an Elijah III.

Voliva, the first speaker at the meeting, said that Dowie had a secret, iron-barred room in his home, which was for the first time entered by an outsider today.

Dowie's Iron-Barred Retreat.

"It will surprise you to learn," said Voliva, "that in Shiloh House there was the most curious room in America. The Czar of Russia may have one and need one, but who would think there was in the peaceful City of Zion? We knew there was a room kept always locked into which Dowie himself went seldom. We entered it today, but to do so we had to batter through two iron doors. The room was like a vault, except that the bolts and bars were mostly on the inside. Light came into the room through a bullseye window, the outside of which was protected by heavy, iron shutters. Air was admitted through a funnel. There was a bed inside, a bed so curious that I cannot attempt to describe it. And this room, this cell, was built by and for a man who used to stand before you and ask you to tell him what fear was like."

More Horrors Revealed.

Overseers Speicher and Excell spoke of the alleged immorality of Dowie's teachings. Some of the ideas credited to the first apostle were too shocking for print, touching on the parentage of Jesus Christ in a way that silenced the audience of 4000 persons. In the midst of this silence a man in the audience jumped to his feet and exclaimed, as he pointed a quivering arm at Speicher:

"You are a liar; you are lying!"

The overseer answered that he spoke only of facts. Excell confirmed his predecessor and added incidents which, he said, showed that Dowie was insidiously preparing his people for an announcement of polygamy.

Mrs. Dowie, to fortify herself against the anticipated strain of tomorrow, did not attend the meeting, but spent the evening quietly at home with a few friends.

Keep Dowie and Wife Apart.

Because Dowie is said to be ill, a carriage will be allowed to meet him, as it might any other sick man, for, theoretically, at least, he is no more than, if as much, as any other citizen of this town. He will be driven directly to Shiloh House and taken to apartments as far as possible from Mrs. Dowie's.

Dowie's location in the house was decided on after the receipt of the Associated Press bulletin from Little Rock, Ark., in which Dowie is quoted as saying that Mrs. Dowie will never be a wife to him again.

"Probably the idea is mutual," remarked Gladstone Dowie, son of the 'prophet,' when the news was given to him. "I am not in the least surprised."

"In the circumstances will you allow him to enter Shiloh House?" the junior Dowie was asked.

"Yes, I guess we will have to, but he will be put in a wing of the house far removed from my mother's."

Mrs. Dowie Still Silent.

The substance of the Little Rock bulletin was conveyed to Mrs. Dowie by her son, but, following her rule since the rupture in Zion's affairs became public, she refused to see reporters.

While it is believed that practically all members of the church will refrain from giving Dowie any open signs either of approval or disapproval tomorrow, it is almost certain there are a few people still faithful to the founder of the city, and they will be at the Northwestern station to meet him. Among these it is expected there will be a number of negroes, for, today, in the houses of two brothers, both colored, lithographs bearing the likeness of Dowie were placed in the windows and were kept there, despite numerous vigorous requests that the offending pictures be removed.

Trump Card for Crisis.

Gladstone Dowie, who, with his mother, is expected to meet the first attack of the deposed apostle in the privacy of Shiloh House, tonight repeated solemnly the statement he has often made of late that, if "the old man" insisted on a fight, he (Gladstone) still had a card "up his sleeve" which was being reserved for the crisis. What this card is has never been made public, but the present management of Zion apparently regards it as a trump of great potency. And, inasmuch as scarcely anybody thinks Dowie will lay down his arms until thoroughly beaten, it is expected that this card will be thrown face upwards on the table tomorrow; if not tomorrow, then Wednesday, when a large meeting (with Dowie barred) will be held in the tabernacle.

Dowie's L-Shaped Bed.

A visit to the basement of Shiloh House confirmed Voliva's statement concerning the nature of Dowie's concealed retreat. The room was fitted in anything but monkish simplicity. An electric light burned brightly, shedding its light over the bed, which was made after the fashion of a window seat in an angle of the wall. Like the room itself, the bed was "L"-shaped, and to sleep on it one would have to form an obtuse angle with the body. A telephone stood on a little stand beside the couch.

Gladstone Dowie expressed the opinion that his father had an idea that some time he might need a retreat, where he could go till assistance reached him. It was with this idea Gladstone believed that his father had the telephone put in.

When using baking powder it is always economy to buy the Royal.

Royal makes the finest, most wholesome and delicious food.

FINDS CHURCH NOT GUILTY

Committee Says Methodists Did Not Print Wicked Things.

MALDEN, Mass., April 9.—The special committee appointed by the conference of the Methodist Episcopal Church to investigate the charges brought by the Typographical Union against the Methodist Book Concern of printing liquor advertisements and theatrical matter today reported a unanimous finding that the charges were not substantiated.

The charges, which were made in pamphlet form and distributed throughout the country by union officials, alleged that the Methodist Book Concern had printed a whisky advertisement and the author's apology for a play of an alleged immoral tendency. The managers of the printing concern claimed that, while certain undesirable matter had temporarily escaped detection, it was discovered at the electrotype table and there destroyed before it had been printed.

May Tie Up New York Building.

NEW YORK, April 9.—The Housesmiths' Union will make a supreme effort to bring the fight against the open shop to a crisis on May 1, when building is supposed to begin. It expects that the other building trades unions will then demand that the open-shop declaration against the Housesmiths' Union be recalled by the Allied Iron Associations, and strike if it is not.

TODAY LAST ONE FOR PRIMARY REGISTRATION.

Registration for the primary election closes today, and electors who have not registered cannot vote at the primaries unless on a certificate signed by six freeholders in the precinct. The County Clerk's office will be open today for registration from 8 o'clock until 5 without intermission. There is a large force of clerks on hand, and voters can register without delay.

CHOOSE THEIR LEADERS

Republican Congressmen Elect Officers for Coming Campaign.

WASHINGTON, April 9.—Representative James H. Sherman, New York, was tonight elected chairman of the Republican Congressional Committee, which will have charge of the coming campaign in the various states. Representative James A. Tawney, of Minnesota, was elected vice-chairman; Representative Henry C. Loudenslager, of New Jersey, secretary, and Representative William B. McKinley, of Illinois, treasurer.

The chairman was authorized to name the executive committee and to fill vacancies on the committee. A resolution of thanks to the retiring officers, which included Chairman Babcock, Secretary Overstreet and Chairman Hull, of the executive committee, was adopted.

The changes in officers were made at a dinner given tonight by the retiring officers to the new committee.

CLEVELAND CITY LOSES SUIT

Supreme Court Annuls Franchise of Parallel Car Line.

WASHINGTON, April 9.—The case of the City of Cleveland vs. the Cleveland Electric Railway Company was decided today by the Supreme Court of the United States in favor of the company. The case involved the right of the city to grant a charter to a new street-car line to operate in Woodlawn avenue, in the face of the contention of the old company, that its charter had not expired. The opinion was by Justice McKenna.

This case presented a phase of the effort to force 3-cent fares on the street railways in Cleveland. The electric company claimed the control of the streets of the city until 1908, and contested the granting of a charter by the city to the Forest City Company for a line along Woodland avenue. The old company attacked this charter and charged the granting of it to be "a part of the conspiracy between the city and the Forest City Company to compel the old company to submit to 3-cent fares."

The old company asked the courts to declare the new company's charter to be null and void, and to restrain it from proceeding. The Circuit Court granted this prayer, and the city appealed to the Supreme Court, with the result of securing an affirmation of the decision against it.

DEFENDS RAILROAD SENATORS

Longworth Speaks, but Wife Disappoints Chicago Audience.

CHICAGO, April 9.—Congressman Nicholas Longworth, of Ohio, was the guest of honor at a dinner given tonight in the Auditorium Hotel by the Hamilton Club in celebration of the 41st anniversary of Appomatox day. The members and guests were greatly disappointed because Mrs. Longworth was not present, as arrangements had been made by the club for a concealed balcony in which she could sit and listen to her husband speak. She sent her regrets, saying that she would visit friends while her husband was making his address.

Mr. Longworth spoke extemporaneously, deploring the tendency to impugn the motives of public men, citing especially the attacks on Senators because of their attitude toward the rate bill.

GET NO IMMUNITY

Railroad Men Must Stand Trial for Rebating.

DECISIONS IN TWO CITIES

Federal Judges in Chicago and Kansas City Deny Pleas of Alton & Burlington Officials, Ignoring Humphrey's Decision.

KANSAS CITY, April 9.—Judge Smith McPherson, in the United States District Court here today, sustained United States District Attorney A. S. Van Valkenbergh in his demurrer to the immunity pleas filed by the Chicago & Alton Railway as a corporation and J. N. Faithorn and F. A. Wann, ex-officials of the road, as individuals, George S. Crosby, general freight traffic manager of the Chicago, Burlington & Quincy Railway, and of George L. Thomas and L. B. Taggart, freight brokers, all those seeking immunity having been indicted by the Federal grand jury several months ago on the charge of illegally giving or receiving railroad rebates. Judge McPherson set the cases for May 22 for trial.

Before rendering his decision Judge McPherson had received a report of the decision of Judge M. K. Landis in the Federal Court in Chicago, who sustained the Government's demurrer to a plea of immunity in a similar proceeding and Judge McPherson allowed the decision of Judge Landis to guide him in his decision.

The indictments were found last December against five local packing-houses, three railroads and a number of individuals.

The packing companies and the Chicago, Milwaukee & St. Paul Railway, soon after the indictments were returned, filed general denials. The Burlington and several officials of that railway, who were indicted, filed motions to quash.

The Chicago & Alton and the officers connected with the traffic department of that company, under indictment, filed immunity pleas.

The plea of the Alton and its officials was based on the recent decision of Judge Humphrey in Chicago, in the beef cases, where, it was held that members of the corporations who had furnished information on which the indictments were returned were immune, but that the corporations were not. The Alton made the claim that it was compelled to produce its books, papers and other documents for the inspection of the Federal grand jury in Chicago, and that the information was presented to the Kansas City grand jury, before which the local agents of the road were summoned.

IMMUNITY PLEA OVERRULED

Alton Officials Must Stand Trial for Granting Rebates.

CHICAGO, April 9.—Judge K. M. Landis in the Federal Court today sustained the demurrer of the Government to a plea in abatement of the Chicago & Alton railroad. John N. Faith and F. A. Wann, ex-officials of the road, under indictment on a charge of granting illegal rebates. The plea was for immunity, and counsel for the defendants informed the court that they would not contest by argument the position of the Government. All the defendants entered pleas of not guilty.

MUST REMOVE ITS TUNNEL

Supreme Court Decides for Chicago Against Street Railway.

WASHINGTON, April 9.—The Chicago street-railway case, involving the right of the City of Chicago to compel the street railway of that city to remove or lower its tunnel under the Chicago River, at Van Buren street, was today decided by the Supreme Court of the United States against the company, on the ground that the change is an exercise of governmental authority in the interests of the common welfare. The Chief Justice and Justices Brewer, White and McKenna dissented.

The proceeding was taken at the instance of the National Government, because of its decision to deepen the channel of the river. The time fixed for the removal is April 15, after which time, if it is not removed, the street-car company will be required to pay a penalty of $10,000 a month. The opinion is by Justice Harlan.

SALEM'S NEW POSTMASTER

Squire Farrar Receives the Appointment From Washington.

WASHINGTON, April 9.—President Roosevelt today appointed Squire Farrar Postmaster of Salem, Or.

(Squire Farrar is a pioneer resident of Salem, formerly a merchant but now a hop dealer. He has always been a Republican and was a member of the State Senate at the legislative sessions of 1903 and 1905. At the 1903 session he was at first a supporter of Geer for the United States Senatorship but after a few ballots changed to Fulton. It has been understood for several months that Fulton favored Mr. Farrar for the postoffice appointment at Salem. The term of the present incumbent, Edward Hirsch, will expire in July of this year.)

After typhoid fever, pneumonia and other prostrating diseases, take Hood's Sarsaparilla.

Fragrant floral blooms, plant-milk, vegetable essences compose Satin skin cream.

PROPOSE NEW PLAN

Anthracite Operators Willing to Arbitrate.

PRESENT TERMS TODAY

Preparation of Alternative Scheme Delays Conference With Miners. May Ask Roosevelt to Call Commission Today.

NEW YORK, April 9.—At the joint conference of the subcommittees of the anthracite coal miners and their employers, to be held here tomorrow, the operators will decline to accept the arbitration plan as accepted last week by the mineworkers, and will in its stead present a counter-proposition, which, if agreed to by President Mitchell and his men, will bind each side for more than two years. The operators have been working on the new plan ever since the adjournment of the joint conference of last Thursday, and the inability of the presidents of the hard-coal-carrying railroads to complete minor details caused a postponement for 24 hours of the conference scheduled for today.

New Arbitration Plan.

It is said that the offer to be made involves an arbitration plan very different from the one presented by the miners, one that will call for the settlement of only new grievances found to exist after an impartial investigation. The operators still maintain the position that the miners in their demands have not called attention to anything that has not already been passed upon by the Anthracite Coal Strike Commission.

There is a strong impression among the miners' committee that the operators will propose that President Roosevelt be requested to summon the Strike Commission to review the entire controversy. They decline, however, to indicate how they would receive the suggestion.

The operators' representatives were in close conference most of the day, and they promise that, unless something unforeseen should occur, they will be ready with their answer to the miners' arbitration plan tomorrow.

Battle Won in Pittsburg.

Mr. Mitchell announced this evening that the last of the bituminous coal operators in the Pittsburg district who had held out against the 1903 wage agreement signed the scale today. This action, he said, clears up the Western Pennsylvania territory and means that 40,000 men in that territory, who produce 75,000,000 to 40,000,000 tons of soft coal a year, will receive an increase of 5.55 per cent in wages.

Hard-Coal Mines Still Shut Down.

PHILADELPHIA, April 9.—All of the mines in the lower and middle anthracite coal districts are idle, while in the Lackawanna and Wyoming fields a few hundred men have returned to work. There seems to be little hope in the coal fields that the negotiations in New York will result in an immediate termination of the suspension of mining. Should the operators present a counter-proposition at tomorrow's meeting, it is regarded as certain that President Mitchell will ask for another adjournment in order to enable him to discuss its terms with the miners' committee and to frame an answer to the operators. The developments today in New York have created a more hopeful feeling among the idle miners.

Convention in Wheeling District.

WHEELING, W. Va., April 9.—A call was issued today by the Mineworkers' Union for a convention in this city next Thursday of delegates representing vein mines in Eastern Ohio and West Virginia to consider plans for a settlement of the strike. Prospects seem bright for adjustment of the differences and an early resumption of work in the district. Twenty thousand miners are affected.

Another Big Company Signs.

PITTSBURG, April 9.—There was an almost general resumption of mining operations in the Pittsburg district today. The Westmoreland Coal Company, one of the largest independent concerns, with a capacity of 1,000,000 tons annually, also signed the scale today, and orders were given to at once resume operations in its plants.

Peace Restored at Irwin Mines.

IRWIN, Pa., April 9.—After an idleness of a week, caused by a strike of miners for recognition of the union, operations were peacefully resumed today at the mines in this vicinity.

More Illinois Operators Yield.

DUQUOIN, Ill., April 9.—Operators of five mines today signed the 1903 wage scale and resumed operations.

FLOWERS FOR BRAVE DEAD

Commander Tanner Tells Grand Army to Remember Opponents.

WASHINGTON, April 9.—Commander-in-Chief Tanner, of the Grand Army of the Republic, today issued his annual address to all Grand Army Posts regarding the exercises to be conducted on May 30, Memorial day, in memory of the Federal soldier dead. In general order No. 7, on this subject,

Decrees Clinch Settlement.

BUDAPEST, Hungary, April 9.—A number of royal decrees were gazetted today, covering the changes resulting from the agreement between Austria and Hungary on the parliamentary questions. The names of the members of the new Cabinet are officially announced, President Wekerle taking the portfolios of Finance and Defense.

Match Between Millionaires.

COLORADO SPRINGS, Colo., April 9.—(Special.)—Spencer Penrose, a millionaire member of the ore mill trust and brother of United States Senator Penrose, has announced his engagement to Mrs. James McMillan, widow of the son of the late Senator McMillan, of Michigan.

Snow Storm in New England.

BOSTON, April 9.—A Winter storm swept rapidly over New Englanad late tonight. Snow fell to the depth of an inch in near-by places and three or four inches further north.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSATORY, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. Paine, author of Paine's Eclectomy of Medicine, says of it:

"I not long since had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonia (medicinal principle extracted from Stone root), and is now attending to his business. Precordial palpitations (fears of no remedy for the removal of or discovering and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonia unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

Dr. Pierce's Pellets cure Constipation.

For the best eye examination; the best glasses and the best results, consult the Oregon Optical Co., 173 Fourth St., Y. M. C. A. building.

SICK HEADACHE

Positively cured by these Little Pills.

They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Coated Tongue Pain in the Side, TORPID LIVER. They Regulate the Bowels. Purely Vegetable.

Small Pill. Small Dose. Small Price.
