Cure played a very steady game, and at the end of the tenth inning was 149 points ahead of Sutton. The latter is noted for his nurse-plays, and he gave a fine exhibition of nerve and skill when he made the high run of the week's play in his sixteenth inning, scoring 168 points. It was a hard-fought, uphill game on Sutton's part, and in his 22d inning he got within 11 points of the leader. Plans for the Opening of the Season in Portland May 9 Also Include an Automobile Parade Through Town

Secretary George S. Shepherd, of the Portland Baseball Club, has begun mak-ing arrangements for the opening day of the league season, which will take place in this city with Portland playing Seattle If the present plans are carried out,

the opening this year will be greater than ever before, for the enterprising secretary has practically concluded all arrangements for a holiday being de-clared on that date. clared on that date.

Judges Alfred F. Sears and Arthur L.

Frazer, of the Circuit Court, have been importuned by the secretary to observe a holiday on that occasion and embrace his invitation to participate in the opening exercises by adding their presence to the automobile parade as at the game. Private boxes for that game will be reserved for the invited guests, who will be taken to the grounds in automobiles.

Mayor Lane has consented to heave the first ball over, or at least toward, the plate and if the plans of Secretary Shepherd succeed, Governor George E. Chamberiain will receive the toss from the city's chief executive. The Governor is known to be a good basebuil fan, and will heartily participate in the opening occumonies providing his time is not taken up too thoroughly with campaigning for the election in June. Mayor Lane was something of a ballplayer himself as a boy, and the enchantment of the great American passime has not left him to Mayor Lane has consented to heave the American pastime has not left him to this day, as he enjoys a good baseball game in as hearty a manner as the most rabid fan, and he accepted Councilman and Secretary of the Baseball Club Shep-herd's proposal almost before it was uttered.

The players of the Portland and Seattle will lead the automobile procession, which will be preceded by a band. After the balltossers will come the guests of honor, which, according to the plans of Secretary Shepherd, will include Circuit Judges Affred F. Sears, Jr., A. L. Frazer, M. C. George and J. B. Cleland; United States Judges C. E. Welverton and W. B. Gilbert, Mayor Lane and the City Council, Auditor Deviln, Treasurer Werlein, Attorney McNary and assistants, Municipal Judge Cameron and others of the city administration, all of whom will have places in the automobiles. From the manner in which the Portland

team has started off down south it seems that the opening day will witness one of the largest crowds in the history of the game in this city.

FOREST RESERVE FARMS

Law Authorizing Homesteading of Agricultural Land Assured.

OREGONIAN NEWS BUREAU, Washington. April 12.-There appears to be fair prospect of passing a bill at the present session of Congress, authorizing the homo-steading of agricultural land in forest reserves. But slight opposition has so far been manifest, and that is not well found-ed.

ed.

It will be recalled that the President in his annual message and the Public Land Commission, in its various reports, have strongly urged legislation of this character. It will permit the utilizing of desirable agricultural land that is now not subject to entry, and, accomplishing this, will meet a great measure of the objection to reserves that still prevalls in some states of the West.

The public lands committees of both

The public lands committees of both femate and House are favorable to this legislation, and their practically manimus indecement of the respective Senate and House bills will go a long may toward putting through a bill. Absolutely no harm can come from such a law; its results will be entirely beneficial, and legislation of that character is sure to man. The only question is as to when pass. The only question is as to when this bill can be considered. It is not apt to occasion much debate, and will probably pass both houses without a roll-call.

OREGONIAN NEWS BUREAU, Washington, April 18.—The Interior Department is in favor of a bill recently introduced by Senator Heyburn authorising a resurvey of the boundary line between Idaho and Washington, and has so notified the committee on public lands.
