Committee Reports Jetty Bill Unanimously.

ITS PASSAGE NOW ASSURED

Langfitt's Statements Remove All Doubt, and Jones Will Father Measure—Amendments Will Be Shut Out by Rules.

OREGONIAN NEWS BUREAU, Washington, D. C., April 13.—The House Committee on Rivers and Harbors today voted unanimously to favorably report the bill appropriating \$400,000 for continuing the construction of the jetty at the mouth of the Columbia River.

This action was taken after Major Langfitt had submitted to the committee his charts and drawings explained in dispatches yesterday. The showing made was so strong as to convince every member of the committee of the advisability of immediately making this appropriation. The committee reported the Jones bill, which is identical in every respect with Senator Fulton's bill that passed the Senate several weeks ago.

There is every reason to believe this bill will soon pass the House. The report will be printed immediately, and some time tomorrow Mr. Fulton and Mr. Jones will call on the speaker to get him to agree to let the bill be called up for consideration and vote. Mr. Jones believes he will be allowed to call the bill up under suspension of the rules on Monday. If he can do this he will successfully shut off all amendments and probably secure prompt passage of the bill. If the bill is not brought up Monday, Mr. Jones will ask unanimous consent for its consideration at an early date. In that event the bill will not be subject to amendments. The strong attitude of the committee in endorsing the bill in its present shape and subjecting to all amendments will go a long way toward insuring its passage by the House, for the passage of this individual bill will not open the way to the passage of other river and harbor appropriations, as was feared a few days ago.

WANTS IT ALL FOR THE STATE

Heyburn's Plan to Apportion Proceeds of Timber Sales.

OREGONIAN NEWS BUREAU, Washington, April 13.—Senator Heyburn today introduced several amendments to the bill repealing the act of 1892. The most important provides that all money derived from the sale of public timber shall be paid into the Treasury of the state within which the timber is situated, 20 per cent to be used for educational purposes, 20 per cent to compensate the state for losses incidental to withdrawal of timber land from the public domain, including loss of taxes, one-half of this 20 per cent to go into the reclamation fund and be expended in the state in which the money is received.

Another amendment provides that no more forest reserve shall be created by the President in Idaho, except by specific act of Congress.

OREGONIAN NEWS BUREAU, Washington, April 13.—On recommendation of the Washington Senators, the President today nominated William F. Nichols, of Elsieburg, as Receiver at North Yakima, vice Miles Cannon. The terms of all retiring officers have expired or are about to expire.

Two Oregon Bills Pass Senate.

OREGONIAN NEWS BUREAU, Washington, April 13.—The Senate today passed Fulton's bill ratifying the treaty with the Klamath Indians and appropriating \$500,000 to pay them for land relinquished to the Government; also the bill authorizing the construction of a light vessel for Orford reef near Cape Blanco.

GORKY SAYS GAPON SOLD OUT

Pushed to Front, Priest Proved a Traitor at First Opportunity.

NEW YORK, April 13.—Maxim Gorky made it clear yesterday that he was not only an irrepressible foe of the Russian bureaucracy, but a man who regarded such as he regarded as false friends of the Russian people. Speaking of Father Gapon he said: "He is an adventurer. He was accidentally advanced by a popular wave. He is a demagogue. He is warm-hearted and possessed of magnetism, but is not a man of strong intellectual ability. I know Gapon well."

Miners Win in Iowa.

DES MOINES, Iowa, April 13.—As far as the question of prices for labor is concerned, the scale to govern mining of coal in Iowa for the two years dating from April 1, 1906, was completed today by the joint conference of Iowa operators and miners. All advances were agreed to by the miners practically winning out. There is little reason to doubt that a scale will be signed Wednesday and that all mines will resume May 1.

Operator Predicts Strike.

NEW YORK, April 13.—(Special.)—Following a conference with John Mitchell today, E. B. Sturgeon, one of the largest independent mineowners of Pennsylvania, said he believed an anthracite coal strike certain. The statement was in direct opposition to one made at the same time by Mr. Mitchell, in which he declared the outlook for an amicable settlement of the differences constantly growing brighter.
