EAST SALMON OR TAYLOR STREET.-The LAST SALMON OR TAYLOR STREET.—The interested property-owners, including W. L. Bolse, representing the Hawthorne estate, assembled yesterday morning at flawthorne slough with Councilmen Kellaher and Mills to look over the situation. Several property-owners are anxious to have East Taylor street improved, which will necessitate a fill across the slough, which will take about 28,000 cubic yards of material. To this the Hawthornes object, but are willing to improve East Salject, but are willing to improve East Sal-mon street, where a portion of the fill has been completed and where the cost would be much less than at East Taylor street. It is desired to make a long street of East Taylor, extending it from the river practically to West avenue. Mr. Boise argued that the fill at present would be excessive, costing at least 35 cents a cubic yard for the required earth. He admitted that it would benefit the property-owners who were present, but at the expense of somebody else. The time would come when he would be will-ing to fill up the slough on East Taylor. but to pay for the fill at present would conflicate the adjacent property. Coun-cilman Kellaher favored the improve-ment of East Taylor as the most imporment of East Taylor as the most impor-tant street at present as it was a long street and would benefit the larger num-ber of property-owners, but Mr. Bolse in-sisted that it would be at the expense of somebody clee. Mr. Wills stood with Mr. Bolse and did not seem to think that East Taylor ought to be improved at present, but favored the improvement of East Salmon street. There was much ar-gument until finally the party adjourned to fight out the question somewhere else. Will. Discuss Symps Paying Open.

WILL DISCUSS STREET PAVING ORDINANCE.-Mayor Lane has called for a spe-NANCE Mayor Lane has called for a special meeting of the Joint Streets Committees of the Council and Executive Board, to take place this afternoon at 2:20 o'clock, for the purpose of considering the recent ordinance passed by the Council permitting open competition on hard-surface street-paving contracts. The measure is known as the bituminous Macadam paving ordinance, and was adopted by the Council April 4, and sent to the Mayor. Unless he should veto it today it will become a law without his signature, and he feels that his actions should be governed a great deal by the opinions of the two committees. Attorneys Dan J. Malarkey and R. W. Montague, representing rival interests affected by the ordinance, are expected to make an argument before the composite committees. gument before the composite committee on behalf of the Barber Asphalt Com-pany and Warren Construction Company, respectively, and in all probability the discussion will attract considerable at-tention. The meeting of the joint com-mittees will be held in the committee room of the City Hall.

ITALIAN SOCIETIES WILL AID VICTIMS. The Colombo Benevolent Society, the Italian Grove of Druids, the Mazzini and the Order of Concordia Foresters, Italian societies of this city, have combined in a movement to raise funds for the relief of the suffering refugees from the vicin-ity of Mount Vesuvius. Dr. Candiani, the Italian Consul at Portland, has the matter in charge and has received much concouragement from many different sources, among which is the offer of the Western Union and Postal Telegraph companies to send telegrams in the United States free of charge.

FILES REMONSTRANCE FOR PROPERTY-OWNERS-Ralph R. Duniway as attorney for objecting property-owners has the meeting filed a remonstrance with the Council Husbandry. against the proposed assessment for the improvement of Morris street from the People. Pass Pass Curb of Delay to the east curb of Twelften Vancouver avenue. The principal grounds set up in the protest are: Because the improvement was made without compil-ance with the charter relative to giving notice; is without jurisdiction, and is not in substantial compliance with the contract and ordinance relative thereto,

ARRESTED FOR STEALING WOOD.—George Pierce, an aged one-armed man, was arrested by Special Officer Gibson, who is employed as watchman at the Banfield-Veysey Fuel Company yards in South Portland, who alleges that he caught the cripple in the act of atealing some wood belonging to his employers. Pierce acknowledges that he carried away some wood, but stated to Acting Chief Gritzmacher that he did not think he was doing anything wrong. Pierce, whose wife is said to be seriously ill, was released on his promise to appear at court in the on his promise to appear at court in the

CORPORATION HAD PERMIT.-City Engineer Taylor stated yesterday that Con-tractor Bechill was mistaken in his as-sertion that the Portland Gas Company tractor Bechill was mistaken in his assertion that the Portland Gas Company
was making improvements on its property adjacent to Front and Flanders
streets without the necessary permit
from the City Engineering Department.
Yesterday morning Mr. Taylor found a
record of the permit that was issued to
the gas company, and said that under no
circumstances would any corporation be
allowed to make improvements of this
character without consent of the municipality.
