FRESNO, Cal., April 15.-(Special.)-PRESING. Cal. April 18.—(Special.)—Portiand won the final game of the series in the poorest exhibition of the week, by the score of 7 to 0. Wolters, a young southpaw from Santa Clara College, was on the Fresno firing line. He was wild, but up till the final landing, when he was found three times successively means of the college successively means of the college successively.

but up till the final inning, when he was found three times successively, managed to keep hits well scattered. The Fresno club gave Wolters poor support.

Arellanes, after covering himself with glory in the first inning by a sensational one-hand catch, retiring the Giants when two men were on the bases, threw the ball over the first sackman's head in the

half over the first sacamans trace in fifth and let in two runners.

Calliff pitched a steady game and Fresho could do nothing with him. In the eighth the locals had three men on bases and nobody out, but the batters could not poke the ball past the infield. Sweeney did some remarkable fielding. The score: PORTLAND.

CARTER HANDICAP TODAY

ROSEBEN IS FAVORITE IN BET-TING AT 2 TO 1.

Lord of the Vale Will Be Heard From If the Going Is Rather Heavy.

NEW YORK. April 1s.—The Carter hundicap, the \$10,000 feature of the opening day of the metropolitan racing, will he run at Aqueduct tomorrow, probably on a muddy track, because of the heavy rains today. The Carter has always been an interesting race, as it-less furnished the first real content between the better class of horses, and has oftentimes developd the horse of the year. This was notably the case in 190, when the speedy Beldame romped over the seven furlongs of the Aqueduct course and won the first race of a year, which proclaimed her a champion of the turf. Last year's Carter was wen by Ormondes Right, who is again a condicte this year. NEW YORK. April 15.—The Carter bundicap, the \$10,000 feature of the open-

candidate this year.
Public opinion as to the outcome of the
Carter handicap temerrow is as diversifled as usual when a big race is about to fed as usual when a big race is about to be run. The consensus of opinion, however, seems to favor the chances of Roseben, if the going is at all good. This champion sprinter of last season has been training splendidly, and if he is sent to the post he doubtless will be favorife.

Whimsical, the champion 2-year-old filly of last season, is another candidate whose chances will be fancied by many expert handicappers. Lord of the Vale is from the stable of August Belmont, and his Carter preparation was at Bennings, where he was returned an easy winner during the past week. He likes heavy going and is regarded as a sure factor in tomorrow's feature. All this goes to show that hitting is what counts, for the Boston Americans are far superior to any aggregation in the fielding line, and yet they failed to land a place. And yet how many persons find fault with this aggregation of balltossers which won the world's championalip in so decisive a manner? Why, if McCredie were to do that, the people of Portland would never get tired of roasting him for it. Of course, it may not be just the proper coaper to advocate drinking among any class of men, but all this talk of boosing and boosers among the baseball professions does not count for much, when the fact is taken into consideration that there is only one man on McGraw's team who does not drink.

Joe Tinker Pride of Chicago,

Tinker is playing great hall for the Chloago team and is a decided favor-lite all over the circuit.

SHOWING OF FIRST WEEK

Treason of Tim Flood and Jud Smith Has Not Weakened Team. Two Who Richly Deserve to Be Blacklisted.

Five out of eight games is the win-ning record of the Portland team for the first week of the season, and the the first week of the season, and the local fans are well pleased with the showing. While it is too early to size up the various teams in the Coast League, or even to figure that Portland will remain in the running after the season gets settled down in the long race for the pennant, it looks as if Manager McCredie, in aptite of the descrition of Tim Flood and Jud Smith, has surrounded himself with a pretty fair ball team. On the showing so far, it would seem as if Seattle, Oakland and Fresno are the weakest teams in the league, yet there is a chance that all these teams will be strengthened before long.

Wife the easy picking that the Seals had with the Siwashes, the Bay City

With the easy picking that the Seals had with the Siwashes, the Bay City balltossers jumped off in the lead and it looked until yesterday, that they were going to take such a commanding lead that they could not be overtaken. Russ Hall's Indians took revenge by taking one of the Sabbath games and by going so toppled the Seals off their lofty perch. Los Angeles has had the same kind of easy picking against Oakland, and by taking seven out of the eight games is now in the lead. The three teams in the first division are still close together and it will take another week before the three leading teams will have a chance to show their real strength.

Seattle opens this week at Los Angeles and unless the Indians take a brace Jim Morley's Highbinders will nave another week of easy sailing and are apt to take a very formidable lead before the six games are over.

The Glants hook up with the Seals this week and the showing that the Portlanders make will give some idea of just how strong a bunch Manager McCredle has rounded up. With Flood and Judd Smith at second and third. Portland would have made a better showing against Fresno, and right here let it be said, if Manager McCredle ever allows the Los Angeles tooth carpenter to don another Pacific Coast League uniform, or any other uniform in organized baseball, he does not deserve to be a manager. Anybody who knows Smith anows that he wanted to play ball in Partland, and they also know that the reason he is not wearing a Portland uniform now is because no has listened to Jim Morley.

That baby story that Smith did not want to play ball away from Los Angeles because he has established a dental practice there is pure moonshine. Smith allowed Morley to talk to him and undoubtedly gave him to understand that McCredle would cut him loose when he found that he would not play with Portland.

The Flood deal is another matter. To

When his wife died at Los Angeles every fan throughout the entire Coast League circuit contributed to the benefit which was given him in Los Angeles. Detectives went along as usual, however, and as the Minister passed through the outer corridor and was entering the auditorium of the sacred edifice four men sprang at him with daggers. Revolvers were freely used by both sides, and when the police finally arrived more than a dozen wounded were found on the floor. Skirp, five people have so far been arrested.

America's Debt to Presbytcrianism Wallace McCament delivered a stirring address at Calvary Presbyfarian Church last night on "America's Debt to Presby-terignism." Beginning with the persecu-

tions of the Scotch-Irish Presbyterians in Ulster, which drove them to America, and tracing the important part which they took in the Revolutionary War and the establishment of the Union, he empha-sized the importance of their contribution to the cause of civil and religious liberty and the free institutions upon which the commonwealth was founded.

BIG POLICIES WERE KEPT

Smaller Holders in Equitable Suffered From Recent Agitation.

NEW YORK, April 15 .- A statement given out tonight by the Equitable Life Assurance Society says:

"Investigation shows that the fears engendered by the developments of the year resulted in the lapsing of 27,355 policies for \$1000 or under, while only one policy of \$250,000 was allowed to lapse. "Of the entire volume of lapsed policies in the Equitable, 34 per cent were for \$2000 or less."

In commenting on the results of his

In commenting on the results of his efforts to restore the standing of lapsed pelley-holders, President Mor-

lapsed policy-holders. President Morton today said:

"My belief that the small policyholder was the chief sufferer from the
agitation and excitement regarding
life insurance is now confirmed. The
holders of policies of \$1000 and upward are generally men of business
experience. Through fear based on
misapprehension of the real facts and
often on misrepresentation, thousands
of small policy-holders allowed their
policies to lapse."

Patrolman Lytle Is Suspended.

Patrolman E. Lytic, of the first night Patrolman E. Lytic, of the first night relief, was suspended by Captain Slover last evening for drunkenness. The officer, who has heretofore borne an excellent reputation, reported at the station for rollcall considerably under the influence of liquor, and his susperior had no other alternative. He will be summoned before the Police Commissioners for an examination, and his past good record may serve to mitigate the offense.

Sives Advice to Voters. At the T. M. C. A. meeting yesterday Dr. J. Whitcomb Brougher advocated the nomination of Stephen A. Lowell for United States Senator because he was a good man and of E. V. Carter for State Treasurer, because, as he said, the sa-loon men were fighting him for his op-position to the Jayne bill in the Legis-lature.
