President Recommends Bill to Congress.

ADOPTED BY GOVERNORS

Measure Drafted by Insurance Convention May Be Passed for District of Columbia - Step Towards Uniform Laws.

WASHINGTON, April 17 .- The insurance bill recommended by President Reosevelt in his message to Congress today was drafted by amending the measure introduced by Representative Butler Ames, of Massachusetts. It provides for the establishment of an in surance bureau in the Department of Commerce and Labor and for the appointment of a commissioner who shall nave no offician connection with any insurance company, and who shall no h elterested in the business of any company except as a policy-holder.

May Drive Out of Business.

If upon examination the Commisdoner is of the opinion that any do mestle insurance company is insolvent or has exceeded its powers, or is in any manner transacting business contrary to the provisions of this act, the bill provides the Commissioner shall lay provides the Commissioner shall lay the facts before the Attorney-General may apply to the Supreme Court he district for an injunction restraining its further husiness. A min-imum capital stock of \$50,000 is pro-posed for accident companies: \$180,00 for plate glass and elevator insurance, and \$20,000 for all other companies. The bill limits the investment of cap-

ganized on a preliminary stock plan. Directors are made liable for any illegal investments, and companies are not permitted to do both a participating and nonparticipating business, Unthe requirements for organization of insurance incorporations the capital stock shall be paid in within 12 months after the date of organization. but no policies shall be issued until the capital stock has been paid in. The bill provides for the investment of the capital of domestic companies practically as provided by the Ames bill.

All Policy-Holders May Vote.

The bill contains a plan whereby all policy-holders shall be enabled to par-ticipate through proxies in the election of directors at the annual meetings. over \$5000 a year must be authorized by a vote of the board of directra of insurance corporation. Pensions cannot be voted to a member of the family of an officer after his death and disbursements of over \$100 require properly itemized vouchers. The bill prohibits rebating of portions of pre-miums and discrimination between classes of insured. Standard forms of policies are prescribed. A policy cannot be forfeited after the payment of two full annual premiums. No insurance company which issues a contract the performance of which is contingent shall do business with district. Provision are also made for fire, marine, casualty, fidelity and sure-ty insurance companies.

No Political Contribution.

All insurance companies, their offi-cers or agents are prohibited from making political contributions. In a letter commenting on the bill, Thomas E. Drake, Superintindent of the Department of Insurance for the District of Columbia, says that it makes very few changes from the gen-eral and ordinary provisions of law in force in the various states.

CALLS ON CONGRESS TO ACT

President Recommends Insurance Law for District of Columbia.

WASHINGTON, April 17.—President Roosevelt today transmitted to Con-gress the following message relating to insurance legislation:

"I herewith transmit the report and recommendations, with accompanying recommendations, with accompanying papers, of the insurance convention which met in February in Chicago. The convention was called because of the extraordinary disclosures of wrongful insurance methods recently made by the Armstrong legislative committee of the State of New York, the suggestion that it shall be called coming to me originally from Governor John A. Johnson of Minnesota. John A. Johnson, of Minnesots, through Commissioner of Insurance Thomas D. O'Brien, of that state

The convention consisted of about 100 Governors, Attorney-Generals and Commissioners of Insurance of the states and territories of the Union. The convention was seeking to accomplish uniformity of insurance legislatories, and as a prime step toward this purpose decided to endeavor to secure the enactment by Congress of a proper insurance code for the District of Co-lumbia, which might serve as a model for the several states. Before adjourning, the convention appointed a committee of three Attorney-Generals and Commissioners of Insurance of the various states to prepare and have pre-sented to Congress a bill which should embody the features suggested by the

The committee recently met in Chicago, and in thorough and pains-taking fashion sought to prepare a bill which should be at once protective of policyholders and fair and just to insurance companies, and which should prevent the graver evils and abuses of the business and at the same time forestell any wild or drastic legislation which would be more harmful than

beneficial.

'The proposed bill is discussed at length in th accompanying letter by Superintendent Thomas E. Drake, of the Department of Hymurance in the District of Columbia. I very sarnestly hope that the Conss at the earliest opportunity will en-this bill into law with such changes

as its wisdom may dictate.

MILWAUKEE, April 11.—President Pal-mer of the Northwestern Mutual Life In-surance Company testified before the leg-islative committee today that the com-pany's investments aggregated \$200,000,000. pany's investments aggregated \$200,000,000, giving an income of 4.57 per cent (a decrease of 2.15 per cent in 20 years). Eighty millions is in railway and municipal or similar bonds, while farm mortgages have decreased as holdings from \$1,000,000 in 1806. The line of questions asked indicated that the legislators believed more should be put into farm securities.

MUTINY IN CAUCASIAN ARMY

Fight and Mutineers Are Subdued by Volley.

ST. PETERSBURG, April 17.-The story sublished in the United States today that part of the garrison at Tiffis had muti-iled and that in a fight between the mutineers and loyal troops 315 soldiers had been killed and 850 wounded probably orig-inated with a report published in the Russkoe Slave of April 10 of a meeting of soldiers at Tiffs to present certain grievances of which they complained. After that meeting 100 men were arrest-After that meeting 100 men were arrest-ed and fighting occurred between different companies of the Mingreiski regiment arising out of a demand for the liberation of the arrested soldiers. The commander of the regiment later reported that there had been bloodshed on account of the malcontents trying to force a loyal com

pany to join with them in the demand for the release of the prisoners. This company barricaded liself in its barracks and fired a voiley at the muti-neers, killing seven of them. After other troops had been summoned the mutineers submitted to authority.

STRANGE CAUSE OF A SCARE Rumors of Disaster Follow Taking Down of Flags.

ST. PETERBBURG, April 17.-The remarkable action of the police yesterday in suddenly ordering the flags hung out for the holidays taken in, has caused the circulation of the wildest rumors of the death of a member of the imperial family. Today comes the rather amusing explanation that under the law flags and filluminations are not permitted without the authority of the Prefect of Police, "permission" being convenient to a command markable action of the police yesterday in mission" being equivalent to a command, and the householders falling to decorate are fined. This year the Prefect granted permission to decorate as usual, but neg-lected to include the display of flags, and the police went from house to house compelling the occupants to take down

their flags.

BAYONETS RULE AT WINDBER Rioters Removed to Jail and Con-

stabulary Guards Town.

JOHNSTOWN, Pa., April 17.—Wind-ber's streets tonight are bristling with bayonets of the State Constabulary, retaing order that was brought out of the riotous and chaotic conditions that prevailed for several hours last night. There is still an undercurrent of feel-ing that there will be anotiger out-break tomorrow, when the funerals of the mob victims will be held. It needs but a petty quarrel between the strik-ers and nonunion men to set the town again in lawlessness.

The prisoners arrested last night and charged today with rioting were trans-ferred from the Windber lockup to the County Jail at Somerset by Sheriff Begley and a corps of heavily-armed deputies without incident. The entire town tonight, as well as the Berwind-White Cual Company's mine, is closely guarded and all who go in or out of the town must pass the scrutiny of the State Constabulary. All saloons are closed and will remain closed until all danger of further outbreaks is passe. Curtis Kester, the boy bystander, who was shot through the bowels, was crroncously reported dead during the night. The physicians believe he has a fighting chance for recovery. PHILADELPHIA, Pa., April 17.-The situation in the anthracite coal regions is perplexing. While quiet has been universal, it is difficult to forecast what effect the reply of the operators to the miners' laxest proposition will have upon the latter. The miners almost to a man the latter. The miners almost to a man signified their intention of standing by President Mitchell, but at the same time the operators have been quietly preparing for the operation of their mines.

Throughout the lower hard-coal fields the Philadelphia & Reading Coal & Iron Company is building barracks around its collieries. It is the intention of the company not to leave a collier exposed in this region. While thi sapparent activity is in progress, mine superintendents state that no effort will be made to start washeries in the Schuyikill regions for several days.

Weak Stomach.

A weak stomach is most frequently caused by the overworked and exhausted nervous system

The power that runs the stomach is the nerve force sent to it from the brain through the nerves. When the nerves are weak or exhausted the supply of energy is insufficient and the action of the stomach is impaired, and results in imperfect digestion-dyspepsia.

Dr. Miles' Restorative Nervine increases nerve force. It strengthens and builds up nerve tissue, gives vigor to the nerves and muscles of the stomach; this produces a healthy activity.

Nervine allays the inflammation, heals the membranes, and makes the stomach strong and healthy. There is nothing that so quickly gives energy to the whole system as Restorative Nervine.
