Prolific Orchard Land

Prolific Orchard Land Is desired by many who are not in a position to surrender their present in-ourse and devote their time to the making of a commercial orchard and who are unable to purchase estab-lished orchards. For such as these we have arranged a plan whereby some of the finest apple land in the famous Mosiler district may be secured upon the payment of small sums down and mouthly or quarterly installments without interest on deterred pay-ments, or taxes. The land will be cleared, set with standard apple trees, cultivated and cared for during a period of five years, or until final pay-ment is made, by a competent orchard-ist who will build up his own place along with yours. This is a hous fide offer never be-fore made, in this locality. Let us give you the particulars.
