TOP OFFER FOR HOPS.

Thure is Said to be Better Than Anything Paid Since October,
One of the heaviest holders of hops in the state reported vesteriaxy that he had received an offer on 130 haise of Washington hops better than anything paid in Ocean steel and the strength of the market that he had reliant to be stated to the market that he had not accepted the offer at a late hour. No business of importance was transacted during the dist, the only sales announced being small lots of infector goods at comparatively low prices. For choice quality the nominal value remains at 13% to 11 cents.

Some desires were inclined to regard the market as easier and thought that speculative holders are inchested, they are stronger than ever in their views it is contended also that the growers are contended, they are stronger than ever in their views it is contended also that the growers are contended, they are stronger than ever in their views it is contended also that the growers are contended they the tactics of dealers who are trying to keep the former off the market while they unless the following of the fo

for them. The only interest the shorts take in the market now is one of natinfaction, as it will enable them to write better contracts for next season's delivery.

That Portland is becoming the leading hop center of the coast is shown by the fact that S. & F. Uhlmann, of New Turk, have established quarters here, opening an office in the McKay belifting. M. W. Gilbertson will have charge of the local office. The firm will also keep its office at Aurora.

HOOD RIVER STRAWBERRIES SOON.

Nearly a Carload of California Berries Will Acrive Today.

Advices were received from Hood River yesterday that the first shipments of strawberries would be made to Portland today or Monday Yesterday's receipts of Southern Oregon berries amounted to 18 crates, which sold at 20 cents. From California 500 crates were received, most of them in very fair candition, Jessies ranged in price from \$1.25 to \$1.50 a crate. and the rew Dollars in the lot sold for \$1.65. Almost a carload will be in from California today, and if they reach the street in time and in good condition, all should clean up. Larger receipts of Oregon berries are also looked for. Cherries are com-

PROSPEROUS CONDITIONS IN OTHER LINES OF BUSINESS.

Railway Earnings Surpass Those of Corresponding Periods in All Former Years.

NEW YORK, May 4.—B. G. Dun & Co. w Weekly Review of Trade tomorrow will say: The violent decline in prices of accurities is no critorion of business conditions. Railway earnings have continued to surpass these of the corresponding period in any previous year, the gain for April being 9.3 per cent over the same month of 1905 and other standards of measurement make equally gratifying ex-

hibits.
Liabilities of failures last month showed a decrease of over 40 per cent in manufacturing and 12 per cent in trading branches of husiness, as compared with the previous year. The only drawbacks regarding the future are the labor controversies and the stringency in the money market, neither of which may prove of more than temporary duration.

Foreign commerce for the last week shows gains of \$1,99,972 in exports and \$2,943,729 in imports, as compared with the same week last year.

Tanners evince a disposition to operate m Tanners evines a disposition to operate more conservatively, which has checked the upward tendency of tides.

Failures this week in the United States are 212, against 215 last week, 199 the preceding week and 212 in the corresponding week last year. Failures in Canada number 31, against

RETAIL AND JOBBING TRADE ACTIVE. Building Operations on an Unprecedented Scale.

NEW YORK, May 4.—Bradstreet's tomorow will say: Reports of active retail and jobbing trade, neports or active rotals and jobbing trade, of immense, in fact, unprecedented building operations, and of really excellent crops, furnish a sharp contrast to the weakness of the country's central market for securities. Rall-way earnings are large, clearings still make records for this season of the year and call for replacement at San Francisco is a feature helpful to trade in many lines. helpful to trade in many lines.

helpful to trade in many lines.

Business fallures in the United States are small in number for the week ending May 3, only 138, against 177 last week and 197 in the like week in 1905. In Canada fallures this week number 20, as against 22 last week and 29 in this week a year ago.

Wheat, including flour, exports from the United States and Canada for the week ending May 1, are 2,014,475 bushels, against 2,149,084 linst week and 1,276,084 this week

2.149,084 inst week and 1,279,094 this week last year. From July 1 to date the exports are 113,808,049 bushels, ugainst 53,585,071 last year.

NEW YORK, May 4.—The following bits, compiled by Bradstreet, shows the buclearings at the principal cities for week ended May 2, with the percentage increase and decrease as compared with th

Tide Turns in New York Stock Market.

DAY'S GAINS ARE LARGE

Prices Advance as Sharply as They Dropped in the Middle of the Week-Banks' Position

NEW YORK, May 4 .- The movement of prices of stocks turned definitely against the shorts today and a lively demand developed from uncovered bears to secure stocks. The rate of recovery was closely apportioned to that of the previous decline, the severest sufferers in the siump rising most buoyantly in the recovery.

ferries in the alump rising most buoyantly in the recovery.

The day started with a further attempt on the part of the bears to force a further decline, the attack centering on Amalgamated Copper in continuation of its closing weakness yesterday. Very light selling was forced out by this drive and the bears began a systematic movement to cover shorts. Amalgamated Copper was a prominent leader of the recovery. The upward movement gained force after the appearance of the President's special message on the Standard Oil inquiry, and it became manifest that the effect of the document on speculative sentiment had been entirely miscalculated by the professional operators. There was an occaprofessional operators. There was an occa-sional half in the advance, but no notable eaction after the feverish movements of the

ing out a renewal of any considerable offer-ings, the firmer grew the conviction that ne-casettous liquidation of the kind which flooded the market in the middle of the week was over. The bears had to pursue a pretty steady advance in prices continually to secure their

over. The hears had to pursue a pretty steady advance in prices continually to secure their needed supplies of stocks.

Reading was a conspicuous feature in the rally. No definite news was received from the miners' convention, but the action of Reading was taken to indicate that the strike had been overdiscounted in the tradition.

by tomorrow's bank statement are involved, but the tone of the call money market was istinctly easier and the impression was frong that the condition of the banks was strong that the condition of the banks was improved. A marked sentimental effect was produced by the news that arrangements had been made for a retransfer of money to New York by one of the Cakland banks. It was inferred from this that the fan Francisco banks were finding themselves glutted with the superabundance of cash and that a return flow in considerable volume might be expected from that point with the reopening of the banks and the re-establishment of confidence.

Estimates of the gain in cash of the clear-ing-house banks for the week varied from \$5,000,000 to upward of \$8,000,000. An un-known factor in the showing is the amount of cash withdrawn by the trust companies for establishing reserves under the requirements of the recently enacted law. There is no question of the snormous liquidation of the week in the stock market which was accom-panied by the paying off of loans, but how far the requirements for new credits which form the motive for calling loans may have been an offset in the week's change in the loan item is the subject of doubtful conjec-

ant with the bears in full rout and scrambling to cover shorts. Houds were irregular. To-tal sales, par value, \$2,920,000. United States bonds were all unchanged on call.

Chicago Market Unsettled by Crop News.

CLOSES AT QUARTER LESS

Last Reaction Brought About by Profit-Taking-Lower Prices at Liverpool - Volume of Trading Is Small.

CHICAGO, May 4.-The wheat market to day was much unsettled and the volume of trading was small. At the opening prices were bearishly affected by lower quotations at Liverpool, liberal shipments from Argen-tina and the crop reports from Ohio and Mis-sourt. According to the Missouri report, the condition of Fall-nown wheat was \$7 on May sour! According to the Missouri report, the condition of Pal-sown wheat was 87 on May 1, compared with 85 on April 1, while the Ohio report gave the condition of wheat in that state as 103, against 101 a month ago. At the end of the first hour, the market rallied sharply on covering by shorts who were actuated by advisors. from Kansas telling of injury to the crop thère. The news was not all of this character, however, and many reports told of the favorable condition of the new crop. The market held firm until late in the day, when a second reaction took place on profit-taking. The close was easy, July opened is \$6.0 to be lower, at 70% 678% to 78% a duanced to 79% 679%, and closed off he at 75% 678% The top was steady. Large local receipts, the tope was steady. Large local receipts. the tone was steady. Large local receipts. Heral shipments from Argentina, and lower prices at Liverpool had a depressing effect at the opening, but were offset later by an official forecast of unsettled weather in the corn belt. The market closed steady, July opened 5: to 5:0 %c lower, at 45-2:45%c to 45%c, and closed 16:4; down, at 45-1; 45%c. The feature of trading in oats was the continued liquidation of May by a prominent hull. July opened 2 shade lower at 20%c, sold between 3%c and 20%c, and closed unchanged at 30%c.

Provisions were firm early in the day, but later became guits weak became of profile.

Surgery Effects Wonderful Curc,

J Smithmen to Edward Joost, part block 2, Abend's Addition.

NEW YORK, May 4-A young Italian girl was used as an illustration of the subject of laparotomy, which was dis-cussed at the New York Academy of Medine last night, and excited the greatest

The girl last October was shot through the spinal cord, abdomen and liver. The surgeon who performed the subsequent operation read a paper on the subject before the academy.

The girl now shows only a slight halting

in the action of the left leg and a small tendency to bend backward. The opinion was expressed that she would eventually gain entire control of her powers of loco-

motion.

This was declared to be one of the most wonderful cures effected through the medium of American surgery.

In many respects the wound was like that which caused the death of President. McKinley, and was identical, it was said, with that which resulted more recently in the death of Marshall Field, Jr., of Chi-

Accused of Horse-Stealing. Information charging Mel Rhodes with Information charging are knodes with horse-stealing was filed in Justice Reid's court yesterday by District Attorney Manning, and his trial will come up Monday. Rhodes was arrested by deputy sheriffs and lodged in the County Jaff. 56,100 It is said he rented a horse and buggs from a local livery stable dealer and falled to return it,

Big Basiness Block Burns,

WHITEHALL, N. Y., May 4-The Griswold building was destroyed by fire early this morning, at a loss of \$390,000 to the M. A. Griswold estate owners, and about \$15,000 to tenants.
