## LEONARD L. KELLY DRINKS POISON

Well-Known Portland Man Is Found Dead Near the River Front.

A CLEAR CASE OF SUICIDE

Nervous Strain and Overwork in Local Telegraph Office Since Bay City Disaster Thought to Have Unhinged His Mind.

With terribly burned lips, and bearing other evidences pointing to micide by car-bolic acid poisoning, the dead body of Leonard L. Kelly, a night clerk in the Western Union telegraph offices in this city, was found by two little girls at the foot of Mende street yesterday afternoon. The girls notified people living near, who immediately informed the police. Officers Parker and Evens were sent to the scene

Farker and Evans were sent to the scene. The body was found lying near a box-car, which was standing on a railway switch, about len fest from the main track. The corpse was partly concealed from the roadway, and the girls accidentally came across it while picking wild flowers. Deputy Coroner Finley arrived shortly afterwards, and, deciding that it was a case of suicide, made a thorough examination of the surroundings, hoping to find the vial or bottle which had contained the poison.

to find the vial or bottle which had contained the poison.

His search was unsuccessful, but the man's burned lips and a strong odor of carboile acid about the body plainly told the manner in which Kelly had died.

Kelly was dressed in a dark suit and a slouch hat. He wore a soft black shirt, and although he had no papers on him to establish his identity, a package of Western Union envelopes was found in one of the coat pockets. On being informed of this, the Western Union office sent two men to the scene, who positively identified the body.

Autopsy Proves Suicide.

The body was taken to Finley's morgue The body was taken to Finley's morgue, where the clothes were thoroughly searched, but nothing was found save an empty purse and several pencils. An autopsy was held in the evening, and the fact that Kelly died from carbolle acid poisoning firmly established.

No motive for the suicide can be found, Kelly had been connected with the A. D. T. and Western Union offices for nearly a pressure heaving heavy the price deals in

20 years, having been the night clerk in the Fortland office of the Western Union for the past seven years. He was of an extremely nervous disposition, and thu strain of the night work in the last few weeks since the San Francisco disasten undoubtedly told on him. Highly praised by his superiors as a steady and conscien-tious employe and almost idolized by all his friends, there seems to have been no cal motive for the suicide except tem-porary insanity. It had often been pre-licted that Kelly would kill himself some time, and although always cheerful, it was noticeable, his fellow-employes say; that he had been somewhat despondent on

Failed to Report Yesterday,

At his home, 27 Caruthers street, it was sarried that Kelly came home late Sarries night and left the house about it clock yesterday morning. He did not

say where he was going, but no one dreamed that he would take his life. Kelly's aged father and mother are prostrated with grief. The former returned from Fulton late yesterday aftermon, and on being informed of his son's death cried like a child. Kelly was the chief support of his parents, and it is said that no family trouble could have served as a cause of the suicide. Over-

Kelly's tragic death will prove a great surprise to the many Portland people who knew him during his long connection with the Western Union. Kelly was 28 years

### REWARD FOR BRAVE DEEDS

What Should Be Done for Frank Smith's Pursuers.

SALIEM, Or., May 5 .- (To the Editor.) -- Reading with interest your editorial on "Frank Smith" in The Oregonian of May 3, space is saked for a faw suggestions on the organizing and encouraging of agencies to execute the "social will" against the criminal class, from Frank Smith callber. We give honor and his-torical notice to soldiers and sallors for serv-ice and gallantry in action. Service in a life-maving station is made a subject of public record and medals are awarded by the highest ruining power for conspicuous courage in executing the social will in eaving property or life. Would it not be a susp in advance of present conditions to make legal provision for reward and honorable record of service per-formed in the arrest of the Frank Smiths of society; and material reparation to families who lose protectors and providing members in assuming to arrest such criminals. Within 48 hours Smith's reckless dasperation left three wacant chairs in so many family houses. Rewards are offered for such desperate service, even by officers elected to meet the dangers of such service, but who must have the hel of many where the criminal, well armed, takes brush cover, as did Smith. Harry Draper, in this case, will get the half of the reward of-fered, but it is highly probable he would en-term a public record of a duty to society, well

teem a public record of a duty to society, well tone, as a higher compensation.

The sotion of Clackamas County and Oregon City; of Marion County and its Sheriff, and the Clackamas County Bar Association, is all commendable, but it is local and evanescent. It is a state interest, and honors due for efficient action and recompense for material loss should be a state charge, provided for by law. The possibilities of prevention ought to be provided for by legal organization of social forces now being wasted or worse than wasted in F. M. C. A. and ball associations and leagues. Offer at least honorable recognition to youthful associations watchful for public orser, and when man fail in performance of such duties as George E. Hanlön, O. D. Henderson and J. R. Shaver lost their lives in attempting, give their families the right to their brave record as soldiers of peace and order, and a reasonable nearon where county would record as soldlers of peace and order reasonable pension, where equity would it. NEW PUILDING WILL BEPLACE THE OLD OCCIDENTAL HOTEL.

At last the old Occidental Hotel, which has stood so long in Portland tout the proverbial oldest inhabitant cannot remember its erection, has been razed to the ground. After barely escaping destruction by fire so many times that it was jokingly known as one of Portland's fireproof buildings, it was finally ruled by the flames a few weeks ago. The work of destruction was completed yesterday by workingmen, who tore away the remaining limbers. The old Occidental, like many of the other frame landmarks of the city, has given way to the general progress of building. Upon it northeast corner of First and Morrison the owner. Ernest Engel and Grant Test Thrown Into Vile Dungeon and Held Without Bail—Not Allowed to Telephone Friends.

If the story told by Ernest Engel and Grant Test concerning their arrest Saturday night by Polle Bruin on suspicion of pocket picking is adhered to when they are brought before Judge Cameron in the Munictpal Court this morning, the real head of the Portland police department will find himself confronted by the neceswork and nervous prostration probably is alleged to have been a most serious. SIMPLE SERVICES ARE HELD

Rabbi Wise Speaks in Eloquent Appreciation of Kindly Character and Generous Nature of Deceased Business Man.

Brief simple but impressive and eloment of the high esteem in which he was held during his lengthy residence in Portland, were the funeral services held yesterday afternoon over the mortal remains of Louis Blumauer, president of the Blumauer-Frank Drug Company, who died Friday evening at the Hotel Port-land. The funeral was held from the residence of the father, Simon Blumauer.

The services at-the residence were conducted by Dr. Stephen S. Wise, who expressed in feeling terms the high respect and esteem in which Mr. Blumauer was held by all those who knew him. Dr. Wise spoke but briefly, telling in a few eloquent sentences of the public-spirited life which the deceased had lived of his many charitable actions, and of his stering integrity. Dr. Wise read a psalm, offered a prayer and the service was at an end. There was no music,

After a full of ten days, following the primary election, during which period the official returns have been received and the results definitely determined, interest in Sittleal affairs has revived and the general campaign is on in earnest. Pursues His Usual Policy.

The state campaign has already been opened on the part of the Democrats by Governor Chamberiain, who has made addresses in Marion, Linn and Lane Counties, and goes to Eastern Oregon this week to speak in Baker County. The Governor is pursuing his usual policy of making non-political speeches, setting forth the results he believes his administration has accomplished, and urging that the people give their approval of his course by re-electing him.

The Republicans will begin the state canvass at Corvaills on Tuesday evening of this week, when Dr. James Withycombe, the Republican nominee for Governor, will deliver the principal address. This will be followed by a series of meetings in all parts of the state, the dates of which will be announced early this week.

In most of the counties the candidates will conduct quiet campaigns until about the last ten days before election, when they will make stump-speaking tours of their counties with all the candidates in their counties with all the candidates in attendance. In some of the counties the plan in the past has been to conduct joint ranvasses, in which the Democratic and Republican candidates divide the time evenly. This plan has grown into disfavor, however, for the Republicans have found that they are drawing crowds for the Democratic candidates to address and the Democratic candidates to address and the Democratic by centering their work upon one or two offices, have an advantage. There will be more of a disposition this year to "go it alone."

One of the surprises for the Democrats has been the readiness with which the ons been the readiness with which the Republicans got together after the pri-mary fight. They were in hopes, and exsected that the warmth of the conter or several offices would breed bitternes that would not end with the primaries. In this they seem to be mistaken, for from every part of the state comes evidence of oyalty to the nominees. The defeated andidates have been quick in tendering congratulations and offering assistance to he successful aspirants, while the rank

Mr. Westgate was identified with neither of the old factions, has many personal friends and no political enemies, and can do as much as any man could in uniting the party in harmonious work. His selection as chairman was approved by all the candidates.
The refusal of the Mulinomah County,
Demogratic Central Committee to adopt
a set of resolutions drafted by a committee appointed for that purpose, illustrates very clearly the attitude of the Democratic leaders in this campaign. The
