WILL BUILD AN ADDITION

St. Johns Schoolhouse Will Be Enlarged by Three Rooms.

At the special meeting of the taxpayers of St. Johns school district last night it was decided to authorize the directors to proceed with the erection of two classrooms and an assembly hall, additions to the present building. A. M. Culp, chairman of the school board of directors, presided, and announced what was wanted. This included that the schoolhouse would have to be connected with the sewer just completed. There was some discussion as to whether the district should build another schoolhouse in the north end of the district. T. J. Monahan opposed the erection of the second building on the grounds that it would be expensive to operate two buildings at present. County School Superintendent R. F. Robinson being present, addressed the meeting in behalf of the larger building and also for careful supervision of lights for the classrooms.

The motion to erect the addition was carried. The addition will be built on the west side of the present structure. There will be two rooms on the lower floor for classrooms, and the assembly hall will be above. This will make the schoolhouse 12 rooms with an assembly

PUTS BULLET IN BRAIN

Thomas Binny Commits Suicide at Hotel Portland.

Dependent because of poor health and insomnia Thomas Binny, an employe of Balfour, Guthrie & Co. in the San Francisco office, committed suicide by shooting himself at the Portland Hotel about noon yesterday. Binny had been in poor health for some time and following the San Francisco fire came to Portland for medical treatment. He had suffered a nervous breakdown and was troubled with severe pains in his head.

When found about 4 o'clock yesterday afternoon in his room at the hotel a small caliber revolver was clutched in his hand and a bullet had entered the head through the mouth. He had probably died instantly. The body was removed by Coroner Finley and taken to his establishment.

Binny was about 48 years old and was a native of Scotland. He was not married and had no near relatives. He was employed by the San Francisco office of Balfour, Guthrie & Co. for 20 years.

QUARTER-BLOCK IS SOLD

The quarter-block at the southeast cor-

ner of Eighteenth and Couch streets was sold by Goselin & Hamblett to Mrs. R. O. S. Bickerton yesterday afternoon for \$17,000. The sale was made through Dan W. Edwards. Mrs. Bickerton intends to erect one of the most modern apartment houses in the city upon the property. The ground, which is but a short distance off Washington street, is now vacant. Mrs. Bickerton came to Portland recently from Honolulu, where her father was formerly a Supreme Judge of the islands.

THEY WANT CRUSHED ROCK

Residents Object to Use of Gravel on Willamette Boulevard.

A meeting of the University Park Improvement Association will be held Monday evening in Artisans' Hall to formulate a protest against the further use of ordinary gravel on the Willamette boulevard.

FOUR DAYS MORE OF REGISTRATION

Four more days in which to register. The registration books will be closed at 5 o'clock P. M. Tuesday, May 16. If you have not registered by that time, you can vote only by putting six of your friends to the trouble of signing a certificate as to your residence and other qualifications. Do not put it off until the last day, but register now.

SALE NOW GOING ON.

Tailor-made suit sale at half price at Le Palais Royal, 275 Washington street.

John F. Wallace's New Office.

CHICAGO, May 10.—John F. Wallace, formerly Chief Engineer of the Panama Canal, today said that he had accepted the presidency of the Electric Properties Company. The organization, recently incorporated in New York, is, according to Mr. Wallace, to acquire, finance and develop properties in which electricity plays the principal part.

PORTLAND REALTY BOARD

Plans to Perfect Organization Are Under Consideration.

An adjourned meeting of the Portland Realty Board was held last night in the rooms of the Chamber of Commerce and arrangements made to bring about the completion of the organization. The members present expressed themselves in enthusiastic terms in favor of the work which the board has taken up and made plans to renew the activity that existed prior to the Commercial Club fire, which destroyed the quarters in which they had been meeting.

The constitution has now been issued in printed form and all who desire to become permanent members will be asked to sign. The document will first be presented to the 45 dealers who signed a paper some time ago signifying their willingness to join such a board if it should be formed. A committee, headed by J. O. Rountree will then solicit members among the other dealers of the city, nearly all of whom have already been informally requested to join. In signing the constitution it will be understood that it will not become binding unless 75 firms join the movement.
