

GUTS DO INCREASE

Senate Refuses to Create Nine Commissioners.

SALARIES LEFT AS NOW

Morgan Renews Attack on Pipe Line Franchise in Panama—Pass Provision Today, When Bill May Go Through.

WASHINGTON, May 15.—With the exception of the anti-pass amendment, the Senate yesterday in discussion of the whole and, as soon as that provision shall be disposed of, will take it up in the Senate. The general expectation is that the pass question will be disposed of early tomorrow, and the general hope is that the bill may be passed before the close of tomorrow's session.

Hopkins Opposes Increase. Hopkins opposed the amendment on the ground that it would deprive the Commission of its National character.

Commission Left as It Is. The adoption of the amendment offered by Foraker reducing the number of Commissioners to five, which followed the tabling of the Lodge-Hale amendment increasing the number to nine, brought the terms of section 8 back to those of the present law, and in view of this fact Clarke (Ark.) moved to strike out the entire section.

Pipe Lines Common Carriers. Hopkins sought, in the interest of the Union Oil Company, to secure a modification of the Senate amendment making common carriers of oil pipe lines. The Union Oil Company has a line across the isthmus of Panama, and Morgan had the bill so amended as to apply to that line or other lines on the same terms.

It is a tiny scrap of vellum, perforated by worms and yellowed by centuries, but the writing is perfectly legible. It is written in Greek characters, which are almost microscopically minute, with scarlet initials. There are about 389 words.'
