WAS GIVEN REBATES

Mine Owner Testifies Against Cassatt's Road.

JOINS ISSUE WITH THAYER

Vice-President Says No Rebates Since 1899—Joyce Says He Got Them in 1903—Coal Stock for Official.

PHILADELPHIA, May 17.—That the Pennsylvania Railroad Company gave rebates as recently as 1903 was charged today by Frank B. Wigton, head of the Morrisdale Coal Company, before the Interstate Commerce Commission. Mr. Wigton's statement caused something of a sensation, because of the fact that, while the Commission was in session in Baltimore, Vice-President Thayer, of the Pennsylvania Railroad, stated that the company had made no allowances or concessions since 1899.

Mr. Wigton gave a detailed statement of the conditions in the soft-coal region and accused the Pennsylvania Railroad Company of discrimination in the allotment of coal cars, citing cases to substantiate his charges. He was asked by the Commission if he had any knowledge of rebating by the railroad company. He said in reply that since the retirement of W. H. Joyce, general manager of the Pennsylvania Railroad, there had been no rebating so far as he knew. Within a few months previous to the retirement of Mr. Joyce, however, he had received rebates amounting to from \$7000 to \$20,000 on tidewater shipments. Mr. Joyce retired in June, 1903. Mr. Wigton also named several other companies which, he said, had received rebates. R. L. O'Donnell, general superintendent of the Buffalo & Allegheny Valley division, told of having been given several blocks of stocks in various coal companies while he was in charge of the car-distributing department of the Pittsburg division.

Cassatt Refuses to Talk.

LONDON, May 17.—A. J. Cassatt, president of the Pennsylvania Railroad Company, arrived in London this evening. He declined to discuss the report telegraphed from Philadelphia that he was considering resigning. Mr. Cassatt said that at home he never gave interviews to the press, and that he would not do so in England.

Irish-Italian Feud Deadly.

NEW YORK, May 17.—Coroner Acritelli is investigating the death of Italian laborers in the excavation for the new Grand Central Station and has had John Eldredge, superintendent of the work arrested for homicide. He says the Irish laborers roll rocks on the Italians in revenge for the accidental killing of an Irishman by an

Italian and that there has been an average of two deaths a day since he took office. The Italian Consul requested an investigation.

MONARCHY IN PANAMA.

All Good Jobs Are Held by Relatives of the President.

NEW YORK, May 17.—George W. Jimenez, the New York policeman who went to Panama seven months ago to reorganize the police department of that republic, has quit the task and reached his home in Brooklyn today. He said: "The police of the Republic of Panama are a national body, and there is really no effective method of governing them. The discipline is very poor. There are about 100 men of the force, and hardly two of them are dressed alike. It did not take me long to see that there was urgent need of many changes. But I soon found out that my hands were tied, as it were, for political reasons, and I found myself in so ridiculous a position that I resigned May 8.

The force is maintained primarily for the purpose of keeping the present government clique in control. Although Panama is a republic, with Manuel Amador in the executive chair, the government is in reality a monarchy. It is constituted on the plan of the old-time make-up of the big insurance companies—the president's relatives all hold jobs in the government, and everybody who amounts to anything politically is a relative of some other potent factor of the government."

WELLMAN GOING NORTH

Will Make First Attempt to Reach North Pole in July.

PARIS, May 17.—Walter Wellman, the American explorer, lectured tonight before the Society of Aerial Navigation relative to his projected steerable balloon expedition to the North Pole. The first portion of Mr. Wellman's party, under Major Herzy, will leave France June 5 for Spitzbergen. Mr. Wellman will join it there July 1, starting trials thence. It is expected, later in July. In the event of non-success of these trials, the expedition will be put off until next year, and everybody who is Godard is making progress with the construction of the balloon.

KNEW A GOOD THING.

Wasn't All Day About Getting It.

"I gave \$45 for just such an instrument at another store," exclaimed a lady to her friend, who was selecting one of those largest size, strictly high-grade, fancy mahogany-cased, upright pianos, at our closing-out sale, yesterday afternoon. She was sincere. Probably she did pay \$45 for just such an instrument, although we sold this style of piano for \$45 during the past six months, but in new \$55. See advertisement on page 7 for today's great bargain list. Ellers Piano House.

Judge Harlan's Granddaughter Weds

WASHINGTON, May 17.—The marriage of Miss Edith Harlan Child, granddaughter of Associate Justice Harlan, of the Supreme Court of the United States, to Ernestus Covning, Jr., of Albany, N. Y., was solemnized here today at the New York Avenue Presbyterian Church. Among those witnessing the marriage was President Roosevelt.

Preacher Does Things That Get Him Into Trouble.

NOW IN JAIL FOR ARSON

Rev. C. S. Bain, Believed to Have Served Time for Embezzlement, Says at Times He Cannot Resist Evil Power.

WATERLOO, N. Y., May 17.—In furtherance of his inquiry into the case of Rev. Charles Stuart Bain, who is in the county jail on a charge of having set fire to the First Baptist Church of Waterloo, March 6 last, and who alleges that at times he is under an influence against which he has no power of resistance, District Attorney Bodine today was advised by the warden of Illinois State Penitentiary at Joliet that one Charles S. Bain, alias C. W. Wilson, became a prisoner in that institution, October, 1896, on a commitment from Kane County, charged with embezzlement. The prisoner was paroled April 15, 1898, and was given his final discharge May 25, 1899.

PEACE MAY FOLLOW RIOT

Coeymans Brickmakers Offered Concession—Italian Arsenal Seized.

COEYMANS, N. Y., May 17.—Indications tonight point to a settlement, probably tomorrow, of the brickmakers' strike and the return to Albany of the four companies of the Tenth Regiment of the National Guard called here by Sheriff Pitts after the riotous battle of yesterday morning at the brickyards of Sutton & Suddery. The employers today offered to concede all the demands of the men except recognition of the union. This proposition was taken under consideration and a meeting was in progress at a late hour tonight, the general impression being that it would be accepted. Five Italians and one negro were arrested this afternoon, charged with riot. One of the Italians will be held on the charge of shooting Engineer

Fred Southard, the man mysteriously hurt of the three wounded in yesterday's battle.

These arrests followed a house-to-house search in the Italian colony by the Deputy Sheriff's under guard of details of troops with loaded rifles. A big collection of rifles, shotguns, pistols and ammunition was confiscated. In one house 550 rounds of shotgun and pistol cartridges were seized.

Officers of Ironworkers' Union.

CINCINNATI, May 17.—The National convention of the Steel and Ironworkers' Union today elected the following officers: President, P. J. McArdle; secretary-treasurer, John Williams; assistant secretary-treasurer, M. F. Tighe; manager of the Journal, Ben I. Davis; National trustees, Charles J. Monahan, Elias Jenkins and John J. Hagan.

Agreement Ends Lake Strike.

CLEVELAND, May 17.—An agreement was reached today between the Lake Carriers' Association and the grain scoopers, employed on the steamers of the great lakes. All the other unions will accept the lake carriers' proposal.

Caleb Powers to Be Tried Again.

CINCINNATI, O., May 17.—Caleb Powers, now in the Newport, Ky., jail, was yesterday ordered back to the custody of the Kentucky state courts, following the mandate of the United States Supreme Court. Powers will next week be arraigned for his fourth trial for complicity in the murder of William Goebel.

Soldier Shot by Sentry.

SALT LAKE, May 17.—Private Smith, Twelfth Battery, Light Artillery, today attempted to escape from the guardhouse at Fort Douglas and was shot down by a sentry, being probably fatally wounded in the groin. When the Twelfth Battery left for Fort D. A. Russell Smith was in the
