GREAT BARGAIN IN TRUNKS TODAY

- Odd Trunks at extremely low prices: 34-inch 3-ply veneer wood, canvas-covered trunks. Best fittings; linen-lined, top and bottom. Everything else was there, and the Government footed the bill. The question of footing the bill is the only consideration for delay in planning the encampment. There is now before Congress a bill for the appropriation of \$700,000 to pay the expenses of these maneuvers at American Lakes and elsewhere. It is believed, furthermore, that the bill will pass very soon, and that Oregon's troops will be included in the list of military organizations to profit thereby. The Government is coming to the conclusion that an efficient National Guard is an indispensable thing in the event that war should break out, and the proper and effective training of these troops is a necessity. If the Government makes no provision for the encampment the state will then provide for a week's outing, at Gearhart or some other favorable point. In order that definite information may be obtained as early a date as possible, Adjutant-General Finney telegraphed the Secretary of War yesterday requesting information in regard to a report current to the effect that the appropriation bill was as good as passed and that the maneuvers were now sure of realization. A reply to the query is expected shortly, and if the information is definite, plans for the encampment can then be formulated without further delay.

CONFERENCE OF Y. M. C. A. Indianapolis Gathering.

Five Delegates From Oregon Go to Indianapolis Gathering. H. W. Stone, Reno-Hutchinson, A. M. Greely, C. M. Woodcock of the local Y. M. C. A., and Q. B. Rhodes, state organizer for the association, left last night for Indianapolis, Ind., to attend the annual conference of the Y. M. C. A. at that place. From June 1 to 5 the employed officers of the Young Men's Christian Association from all over the country will consult in the Indiana city on ways and means of carrying on their work. Besides a general conference where means of making the whole work more efficient will be discussed, 11 conferences of specialists will be held where workers in special fields will advise with each other. The Portland delegates represent different fields of association activity. They expect to be gone several weeks.

GOOD ROAD TO MT. HOOD

AUTOMOBILE CLUB HAS PROJECT IN HAND.

Also Hopes to Have Fine Thoroughfare From Washington to California Line.

Good roads occupied the attention of the Automobile Club at the meeting held at the Commercial Club last evening. A large attendance marked the occasion, and many new members were elected. A road committee of ten was appointed to go ahead with the improvement of the road to Mount Hood, and a considerable sum of money was voted for the purpose of carrying on the enterprise, which the members of the club hope to see accomplished in about two months. The completion of this road will give the autoist a fine roadway to Mount Hood, which will enable them to make the run to the pride of Oregon and return in one day. In addition to the improvement of the road to Mount Hood it is planned to have a straight course from the California line to Vancouver, Wash., and in the effort to accomplish this gigantic task the road committee of the autoist

HELD FOR WIFE-BEATING

F. C. Kelley May Experience Terrors of the Whipping-Post.

F. C. Kelley, a new type of wife-beater, was held to the Circuit Court by Judge Cameron yesterday morning. An effort will be made to get him an introduction to the whipping-post. He is a thirty-year-old individual, of bright build and burly men. He is not more than a third the size of Mrs. Kelley, whom he is accused of having thrashed. Mrs. Kelley took the witness-stand and said she was attacked without provocation and choked nearly to death. The violence occurred at the dinner hour, and followed a pleasant remark made to her husband, who had been drinking, she said. Kelley refused to make a defense of the charge, apparently not wishing to detract from his wife's statements. He said he had been drinking, but further than that would say nothing. Mrs. Kelley did not wish him sent to the whipping-post, but the court thought he was an excellent candidate for that honor.

NATIONAL GUARD OUTING

PLACE OF ENCAMPMENT STILL IN DOUBT.

Men Will Go to American Lake if Bill for Appropriation Passes.

Where will the annual encampment of the Oregon National Guard be held this year? This is the question which is agitating guard circles lately, and so far there is no definite reply. The day is drawing near for the beginning of operations. The encampment is invariably held in July, and a month or two of getting ready is necessary. Guardsmen have to arrange to get away from their labors, and other difficulties have to be put out of the way. The encampment will consist of one of two things--maneuvers at American Lake for two weeks or a week of camp life at Gearhart. Guardsmen, of course, favor the first proposition. It is conceded that the maneuvers of two years ago did more for the guard in the matter of placing it

Mount Hood Road Incorporates.

The Mount Hood Electric Railway Company, capital stock \$200,000, filed articles of incorporation in the County Clerk's office yesterday. The objects are to build and operate a railroad line from the Union Depot in Portland to Mount Hood, in Wasco County, by such route as the company may deem most desirable, together with switches, sidings, warehouses, depots, hotels, amusement resorts, etc. The incorporators are S. E. Cobb, C. W. Fallett and C. W. Miller.
