Conferees Will Decide on the Changes in Rate Bill.

### WILL BE GIVEN FREE HAND

Acceptance of Allison Amendments Assured, but Provision Making Pipe Lines Common Carriers may Be Eliminated.

WASHINGTON, May 21.—The railroad rate bill was considered for three hours tonight by the House committee on inter-state and foreign commerce and the decision reached to recommend disagree-ment to all of the Senate amendments and to send the bill to conference. The committee will not ask that instructions of any character be given to the House

There was no disposition to criticize the amendment conferring jurisdiction on the courts to review orders made by the In-terstate Commerce Commission, for in the

### WILL OPPOSE BIG BATTLESHIP

### Some Senators Doubt Wisdom of Duplicating Dreadnaught.

WASHINGTON, May 31.—The naval programme providing for the construction of one great battleship of tonnage equal to any affoat or now building will meet opposition in the Senate, but not of such stubborn character, it is thought, as to endanger its passage. Several members of the Senate committee on payal affairs have are passage. Several memory of the Senate committee on naval affairs have expressed themselves as opposed to the building of 'the great unwieldy type of the Dreadnaught,' now being constructed for the navy of Great Britain. These men have announced that they will express their doubt, although they have not determined to record their votes against the policy of the Administraagainst the policy of the Administra-

The battleship proposed, in some fea tures will be greater than the Dreadnaught. The tonnage must be as great
as the biggest battleship now planned.
This is estimated at about 20,000 tons.
Its speed must be at least 21 knots,
and its draught will be about 28 feet.

It is in the armament that it will
surpass the Dreadnaught. According
to the plans for the giant defender
for the British navs, it will have 10

### SIGNS TREATY WITH MEXICO

### Root Arranges for Division of Water of Rio Grande.

WASHINGTON, May 21.—Secretary Root, for the United States, and Ambassador Casasus, for the Mexican Government, today signed a treaty regulating the use of the waters of the Rio Grande, which, if approved by the Seaste will remove what has been the Senate, will remove what has been for 23 years past a source of friction in the relations of the two countries. For almost a century the Mexicans living along the lower river have made large use of its waters for the pur-

large use of its waters for the purrecent years private companies on the upper waters in the United States have, by the construction of wing dams, diverted a large part of the water to this side of the river. The Mexicans have preferred claims for the damage sustained, but so far without success. Now the plans of the reclamation service have made it certain that practically all of the water will be retained on American sell unless some proper scheme of division can be arranged. The construction of the \$7,060,000 dam across the Rio Grande at Engel, N. M., brought the matter to a climax and led to negotiations between the two countries which culminated in the treaty signed today.

### HOUSE PASSES MANY BILLS

### Twenty-Two Slip Through Obstructions Offered by Williams.

WASHINGTON, May 21.—Notwithstanding that the leader of the minority Williams, of Missiscippi, insisted upon the presence of a quorum throughout the day, delaying as much as he could the orderly procedure of legislation, the House today passed 22 bills, six Senate and 16 House measures. Among the bills passed were a number in which the country has special interest, including the following:

To regulate enlistments and punishments in the United States revenue cutter service.

To authorize additional aids to navigation in the lighthouse establishment.

To amend section 6 of an act entitled wan act to define and fix the standard value, to maintain the parity of all forms of money issued or coined by the United day.

other proposed legislation," approved March 14, 1500.

The complius bill, authorizing additional aid to navigation in the lighthouse establishment, was passed, Mann of Illinois explaining that, while the bill carried no appropriation, it carried authorizations which would be provided for in one of the appropriation bills. The improvements authorized to be made, with the money amounts, were published a few days ago. terstate Commerce Commission, for in the House committee as well as in the Senate many members contended that the bill as it was passed by the House gave that authority to the courts. This amendment and others, which collectively are known as the Allison compromise, undoubtedly will be agreed to by the House conferees.

The amendment which gave the House committee the greatest concern tonight was that making pipe lines common carriers, which the committee thought inconsistent with the amendment prohibiting common carriers from producing common carriers ama Railroad Company, under the terms expressed in the act of Congress of Feb-ruary 27, 1906, for the purchase and delivery of new equipment and improve-ments, \$1,250,000; for miscellaneous ex-penditures, cable and telegraph service, stationery and printing and traveling and incidental expenses on the isthmus, \$648. 70; total, \$26,348,218.

### SUBSIDY FOR OCEANIC LINE

### Senate Committee Provides for It in Postal Appropriation.

WASHINGTON, May 21.—The postoffice appropriation bill will take care of the oceanic service in the manner provided by the ship subsidy bill, which passed the Senate but apparently is sidetracked in the House. The Senate committee on postoffices and post roads, believing that there is no chance for the shipping bill to pass at this session, has taken from that measure this subsidy provision:

From a port of the Pacific Coast of the United States, via Hawaii and the Samoan Islands to Australasia, on steamships of the United States of not less than 16 knots speed for a service once in three weeks at a maximum companion and exceeding and naximum compensation not exceeding \$217. 1000 a year, in addition to the compensation, now provided under the existing contract for ocean mail service between this country and foreign ports.

and foreign ports.

Under the shipping bill there were il routes subsidized, but the oceanic service is the only one in existence that the committee says absolutely demands at this time compensation in addition to that provided by existing contracts. The committee expects to conclude its consideration of the bill next Thursday and report it to the Senate. to the Senate.

### STATEHOOD BILL AS RIDER

### Senate May Admit Oklahoma and Indian Territory.

WASHINGTON, May 21.—There has been a revival of the question as to whether the bill for the admission of Oklahoma and Indian Territory as it passed the Senate will be made a rider on an appropriation bill. This talk has been going on for some time, but was given more attention today because the proposition was broached by one of the close friends of the President. But no suggestion of this kind was made by the Prest. dent, so it was stated. The Prestlent is anxious that a statehood bill shall be passed in some form, it is said, but has made no suggestion as to the method of

### Dragons for American Consuls.

WASHINGTON, May 21.-Richard T. Greenor, former commercial agent at Vladivostok, has received through the State Department the order of the double dragon, third class, from the Chinese Emperor, for services rendered distressed Chinese subjects during the late war. The decoration was withheld until, by reason of his retirement from the Gov-ernment service, Mr. Greenor was able to accept it. Under the same conditions a similar decoration has been awarded to Dr. Gracie, ex-Consul at Amoy, and John Goodnow, ex-Consul at Shanghai.

### Batch of Consuls Appointed. WASHINGTON, May 21.—The President sent to the Senate today the following commattens:

Consuls-General-Louis H. Ayme, Illi-nois, at Lisbon, Portugal; Leo Allen Berholf, New York, at Canton. China; William T. Fee, Obio, at Mukden, China; Julius G. Lay, District of Columbia, at Cape Town, Cape of Good Hope; Ernest A. Man, Florida, at Copenhagen.
Consul-General — Charles Eberhardt, Kansas, at Iquitos, Peru.
Commissioner-General of Immigration— Frank P. Sargent, Milnols.

### No Agreement on Statehood.

WASHINGTON, May 21 .- Another meet ing of the statehood conferees was held today without result, so far as reaching a conclusion is concerned. The Senate conferces have submitted a basis of compromise, which is understood to be on what is generally known as the Foraker amendment, namely to allow the people of New Mexico and Arizona to express themseives on the statehood question, at a special election for that purpose.

# Senate Passes Appropriation Bill. WASHINGTON, May 21.—The legisla-tive, executive and judicial appropriation bill was passed by the Senate today with-in three hours from its reading. It carries appropriations aggregating \$2.815.25, an increase of \$39.345 over the amount re-ported to the Senate. ### WHY DID KAISER LOSE HEAD?

### Was Warned of Triple Alliance Re garding Morocco.

NAPLES, May 21.—The Matin today publishes an interview with Foreign Minister Princiti, in which Signor Princiti says that in February, 1901, when Marquis Visconti Venosta handed over the Foreign Office portfolio to him, he disclosed the existence of an agreement among Italy, France and Great Britain concerning co-operation in the Meditteranean, and explaining that the agreement had not been communicated to Germany.

Germany.
Signor Prinettl, seeing that difficulties might arise from the omission, took the first opportunity and made a statement before the Chamber of Deputies in 1902.
The German Ambassador, Count you Wedel, immediately called upon him at the Foreign Office, asking for particulars, and Signor Prinetti read to him the text of the agreement recognizing France as the preponderating interested country in

the preponderating interested country in Morocco and Italy in Tripoli.

In May, 1902, Bignor Prinetti renewed the triple alliance without difficulty, in spite of the agreement. In September, 1902, he met Chancellor von Buelow in Berlin, who spoke of the agreement as a new guarantee of peace. Therefore, according to Signor Prinetti, the German resentment displayed after the recent Alresentment displayed after the recent Al-geciras conference is inexplicable.

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted, rundown condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health, S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alterative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not experiment but get S. S. S., the recognized stand-THE SWIFT SPECIFIC CO., ATLANTA, GA. ard.
