Presbyterians Compromise on Forms of Prayer.

BOOK IS NOT INDORSED

Published for Voluntary Use of the Churches—Cumberlands Congratulated on Union Victory. No Quarter for Polygamy.

DES MOINES, May 23.—The famous debate over the proposed Presbyterian book of forms ended in the General Assembly late this afternoon in a compromise, in which all words that might indicate that the book is authorized, were stricken from the resolutions and the text and title pages of the book itself, and in which the resolution of the opposition was also incorporated, declaring specifically that the Assembly made no recommendations with reference to it.

With these limitations the report of Dr. Henry Van Dyke's committee was adopted, and all bitterness between the factions avoided. The book of forms will continue to be published, but nowhere on its pages will be found anything to indicate that it bears any authority from the Presbyterian General Assembly, all such words and phrases having been stricken out. It will be published merely "for the purpose contemplated by the committee of the assembly of 1905," and "for voluntary use."

Compromise Among Factions. By its action today the assembly virtually rescinded the action of the three preceding assemblies in 1902, 1903 and 1904, in which progressive steps were taken for an authorized book of forms. The compromise was agreed upon today, after numerous consultations with the committee, Dr. Moffatt and Dr. William McCauley, of Cincinnati, the last-named leader of the opposition. The resolutions offered this afternoon were in accordance with the understanding reached by them and the vote was unanimous.

The cause of union with the Cumberland Presbyterian Church, resulting in a decision and impetus when telegrams of good will and brotherly greetings were exchanged with the Cumberlands in session at Decatur, Ill.

Resolution Against Polygamy. The assembly today adopted the following anti-polygamy resolution.

The assembly records its gratification and satisfaction in the proposed submission to the Legislature of the several states a new article, to be known as article 15 of the constitution of the United States, prohibiting polygamy and polygamous cohabitation in the United States, and it reiterates its former counsel to all members of the church to exert their influence in their several localities to secure the ratification of such amendment.

It is ordered that copies of the resolution be sent to the President of the United States and the presiding officers of the Senate and House.

In striking contrast to this was the action of the assembly in turning down the resolution, offered yesterday, memorializing Congress against appropriations of public money for sectarian purposes.

adopted, 182 to 51. The anti-unionists filed a protest. The General Assembly practically completed its business tonight, but postponed adjournment to await the action of the Presbyterian Assembly on the question of union. A delegation was appointed to visit the assembly at Des Moines immediately after the adjournment of the Cumberland body to bear the greetings of the latter.

A special committee replied to the protest filed by the anti-unionists, pointing out that all of the points mentioned in the protest had been adjudicated by the church courts and had been affirmed by the civil courts.

The anti-unionists declare their purpose to organize and appoint a duplicate set of church boards and committees. It is said that these boards may institute suits against the existing boards.

U. P. Assembly Names Moderator. RICHMOND, Ind., May 23.—At the opening session of the 48th General Assembly of the United Presbyterian Church of North America tonight, Dr. John McCurkin, of Pittsburg, was chosen moderator.

Elliot Unitarian President. BOSTON, May 23.—The Unitarian Association today re-elected Rev. Dr. Samuel A. Elliot president. Rev. Charles E. St. John, of Brookline, was chosen secretary.

HENRIK IBSEN IS DEAD GREATEST OF NORWEGIAN DRAMATISTS AND POETS.

From Youth of Poverty He Climbed to International Renown in Old Age.

CHRISTIANIA, May 23.—Henrik Ibsen, Norway's greatest poet and dramatist, died peacefully at 2:30 o'clock this afternoon. Although Ibsen's literary activity ceased some years ago, when an apoplectic seizure forced him to refrain from mental effort, he had continued to be a familiar figure in the life of Christiania.

Henrik Ibsen.

and was frequently seen driving in the streets with a companion. His sudden removal, therefore, deeply impresses the public.

Tuesday night another seizure left him completely unconscious, and at 2 o'clock this afternoon the nurse in attendance summoned Madame Ibsen, Sigurd Ibsen, his son, and the latter's wife, who remained at the bedside till the end. He was 78 years of age.

Kling Haakon immediately upon receipt of the news of Ibsen's death, transmitted to the widow his own and Queen Mary's sympathy and condolences. The Storting and other public bodies are formally recording the national grief at the loss of this foremost figure in the literary life of the nation. All the theaters were closed tonight. The Authors' Union has placed a wreath on the Ibsen monument outside the National Theater. It is understood that the funeral will be a state function.

Henrik Ibsen was born at Skien, March 20, 1828, and his influence is marked in German, French, English and Italian literature.

Ibsen's great-grandmother was Scotch, his grandmother and mother German, his grandfather's father Danish. They were a family of merchants.

His father, Knud Ibsen, a merchant, met with reverses in Henrik's boyhood, which compelled the youth to leave home at an early age. In the latter years of his life he attended a scientific school in Skien, and late in 1848 he became an apothecary's apprentice in Grimstad, where he remained until 1849.

He then sought the University of Christiania to learn medicine, but in 1850 was diverted, by the successful production of his "Ward's Mount," from academic studies to the drama. In 1851 he helped to found a short-lived magazine in which appeared his political satire, "Norma." In November he was appointed stage manager at Bergen. In 1856 "The Banquet at Solvang," the first of his national dramas, was produced in the theatrical centers of Norway and Sweden. It won him enthusiastic applause and national renown. In 1857 he became director of the Norwegian theater at Christiania, but five years of his management reduced it to bankruptcy. Here were produced "Lady Inger of Ostrast," "The Vikings at Helgeland" and "Love's Comedy."

In 1862, after bankruptcy of the theater, Ibsen accepted from the university small grants for researches in folklore, and in 1863 petitioned the Storting for the poet's pension, about \$400.

He received in 1864 a traveling scholarship and the pension in 1868. Meantime, because of delay and the political situation, he left for Rome in April, 1864, whence he sent back the social satire, "Brand." In 1868 he left Rome for Dresden, where he remained till 1874. After a voluntary exile of ten years, he returned to Norway. In 1893 Ibsen made Christiania his home.

On his 70th birthday the poet-dramatist received gifts and greetings from everywhere in the world. A bronze statue of him was set outside the new National Theater in September, 1890.

Besides the dramas mentioned, Ibsen's works include: "The Pretenders," "The Pillars of Society," "A Doll's House," "Ghosts," "An Enemy of the People," "Wild Duck," "The Lady From the Sea," "Hedda Gabler," "Master Builder Solness," "Lille Eyolf" and "When We Dead Awaken."

HOOFBEATS ANNOY HIM Theater Manager Has Row With President's Coachman.

WASHINGTON, May 23.—C. T. Boykin, manager of the Odette Tylor Company, playing at the Belasco Theater, was arrested tonight on the charge of disorderly conduct as a result of an altercation with the coachman of President Roosevelt's carriage. The hoofbeats of the horses disturbed the per-

Some Good Piano Snaps Left at 50 Cents on the Dollar

If you can use a good used or second-hand piano in fine condition at a price ranging from \$50 to \$150, do not fail to call at once, as we have just what you want and you will be saving at least \$100 in the transaction. We have others that are slightly used, but can't be told from new, that range a little higher in price, and then comes our magnificent stock of new pianos, the latest productions, beautifully cased in mahogany, walnut and oak, in designs to suit any furnishings, of such well known makes as Knabe, Everett, Hardman, Fischer, Ludwig, Mason & Hamlin, Conover, Packard, Smith & Barnes, Kingsbury and others, all of which must be closed out before July 1, when our successors take charge. It is needless for us to say that you can buy one of our high-grade pianos now on a closer margin of profit than you will ever do again. You know there is no scheme in this. It is a bona fide sale in order to reduce stock, and the opportunity is given you to share in the big saving. If you are interested in the least, please drop in and look at our stock, and especially after you have familiarized yourself with pianos and prices at other places, and we are satisfied you will deal with us. "Nuff said," investigate and be convinced.

CORNER SIXTH AND MORRISON.

ASKED FOR 40-FOOT BAR

(Continued From Page 1.) welcome and our earnest and sincere cooperation. I want to extend an invitation that you continue to use as convenient and as frequently as possible.

Wit of J. W. Bennett. J. W. Bennett, a prominent banker and business man from Marshfield, skillfully wove facts and humor into his response for Coos Bay. Mr. Bennett has a rich and liquid brogue that smacks of the Emerald Isle, and it made his talk doubly interesting, because he wove in a number of Irish stories that evoked peals of laughter.

In speaking of the resources of Coos County Mr. Bennett said the resources of this county can better be imagined than described. They consist of coal, lumber, good mines, salmon, etc., and the bay abounds with deep sea fish, and the flats with clams. The timber of the county consists of merchantable fir, spruce, hemlock, white and red cedar and is estimated at 60,000,000 feet, whereas it is impossible to estimate the hidden quantity of coal which underlies almost the entire county. He continued:

The Government surveys allege the quantity of coal which is tributary to and will be an outlet on Coos Bay extends under an area of 400 square miles, and as there are about 1200 square miles in the county, the Government probably did not estimate that some portion of the coal fields which extend into the adjacent counties would find their outlet here.

Health in Dairy Lands. We have a vast quantity of the best dairy land on the coast. Perhaps it is unfair to say the best, when similar lands are to be found along the bottom lands of Humboldt and Tillamook Bays, but we can modestly say that the quality is equal to at least any land on the coast and produces anything which will grow in a climate similar to this.

The assessed valuation of all property gathered into the Assessor's net for the year 1905 amounts to \$9,818,190, and taking this item into consideration, and realizing the amount of wealth which remains here undeveloped, you are not surprised and need not think that we are entirely unselfish, when the chairman was so liberal in his welcome to you, in which I can assure you the entire people of this county most heartily join.

Ovation to Mr. Withycombe. At the afternoon session, in addition to the important speeches delivered by Hon. Jefferson Myers, Rev. Father William Kramer, who spoke on "What Oregon Needs," and Charles V. Galloway, who brought greetings from Yamhill, those in attendance at the congress were treated to a speech from James Withycombe, Republican candidate for Governor. When President Hofer announced that Mr. Withycombe had braved the long overland trip from Drain to be present at the congress, the announcement was met with cheers and calls for a speech. He delivered a rousing address, which was well received.

A part of the afternoon session was also devoted to the passing of resolutions. Just before the noon recess was taken President Hofer appointed a committee on resolutions, consisting of H. L. Pitcock, F. N. Derby, and Peter Loggie.

Forty-Foot Channel. The first resolution passed upon by the committee and which was passed by the congress in part follows:

Resolved, By the Farmers' and Shipowners' Congress, held under the auspices of the Willamette Valley Development League in the City of North Bend, Coos Bay, Or., this 23d day of May, 1906, that the United States Government be earnestly requested to appropriate the balance of the amount estimated to complete the original project, which said sum amounts to \$1,741,412.04, together with such additional sums as shall be required to secure and maintain a minimum depth of 40 feet of water on the bar and a 35-foot channel to the head of navigation at mean low tide.

Protest on Lumber Weights. The second resolution was a protest against the Harriman and Hill lines imposing a new minimum of lumber weights, which are to become effective June 1. The resolution set forth the statement that the imposition of these new minimums will have a strong tendency to decrease the volume of Oregon lumber seeking an Eastern market and thereby seriously retard the growth and development of the forestom industry of the state.

The resolution was passed, after F. W. Leadbetter and G. M. Cornwall had spoken in favor of its passage. The secretary of the congress has been instructed to wire a strong protest to both the Harriman and Hill lines.

The speakers tonight were Henry Westcott, Judge Scott, Colonel S. J. Stockton and Rev. J. C. Elliott. In the morning the delegates will be given an excursion over Coos Bay, and at noon there will be a barbecue and crab boil.

J. J. Curran, proprietor of the North Bend Hotel, has had two fishermen catching mountain trout at Ten-Mile Lake, and handsome mountain trout will be a part of the feast of tomorrow. In the evening there is to be a banquet.

Roosevelt Will Speak on Fourth. OYSTER BAY, L. I., May 23.—President Roosevelt has accepted an invitation to speak at a meeting to be held here on Independence day.

PROBABLE DISAGREEMENT BETWEEN TWO HOUSES. Senate for Sea-Level, House for Locks—Deadlock Would Allow President His Way.

WASHINGTON, May 23.—A growing sentiment in the Senate in favor of making the proposed canal appropriation applicable only to the construction of a sea-level canal across the Isthmus of Panama in accordance with the majority report of the Senate committee on interoceanic canals is proving embarrassing to the administration, which is committed by the lock type. President Roosevelt today discussed the subject with Senate leaders who called at the White House, and apparently he is much concerned as to the outcome.

As the result of the President's inquiry, an attempt will be made today to ascertain how the Senate stands on the question of canal type. There were too many absentees to make an effective poll, but it was learned that several Senators who had been counted upon to support the administration programme will vote for a sea-level canal. Secretary Taft has informed the Senate that, if the type of canal is not determined by Congress, the President will not hesitate to proceed with the plans for a lock canal recommended by the minority of the board of consulting engineers.

Officials charged with the direction of canal affairs believe that the House is in accord with the administration programme for a lock canal for the reason that it would cost much less and take far less time to build than would be required for the sea-level canal. With the two houses at odds, it appears that the administration plan must be successful, as the President was informed by Senate leaders today that Congress would not be held long enough in session to contest the question.

In view of the fact that no political questions are involved, it is not believed that against pronounced opposition from the House, or even a determined fight in

WASHINGTON, May 23.—As the result of the investigation by immigration authorities in Baltimore and other places several leaders of Italian Anarchists will shortly be taken into custody.

Burgess Gets New Office. MEMPHIS, Tenn., May 23.—At today's session of the convention of the Brotherhood of Locomotive Engineers, F. A. Burgess was elected fourth assistant

grand chief engineer, the office created at this convention at the suggestion of Grand Chief Engineer Stone. The next place of meeting is Columbus, O.

WASHINGTON, May 23.—News of another outbreak in Santo Domingo reached here today from a senior naval officer on that station, to the following effect: "News has been received of an insurrection at Macoris, Santo Domingo, in which prisoners were released, the rebels withdrawing. No American interests endangered."
