BILL FOR PUBLICITY

House Committee's Measure on Campaign Expenses.

MUST BE PUBLIC RECORD

Receipts Required for All Expenditures - Contributions Over \$50 in Name of Giver-Federal Courts Given Control.

WASHINGTON, May 28.-The House committee on elections of President. Vice-President and members of Congress today authorized a favorable report on the bill of Representative Gaines, of West Virginia, providing for publicity regarding election expenses. It is quite an eleborate measure president of the preside elaborate measure, provides to whom con-tributions shall be made and defines po-

tributions shall be made and defines political committees.

The bill first defines "political committee" and makes the measure apply to "any committee, association or organization which shall promote the success of defeat of shy person who shall be a candidate for the office of Representave or Delegate in Congress at any election or who shall be voted for at such election." The definition is also made applicable to Presidential and Vice-Presidential election. Presidential and Vice-Presidential elec-

The term "personal committee" is also defined and covered by the provisions of the measure as any committee, organi-zation, etc., to aid or defeat the nomina-tion of any person for the office of Rep-resentative or Delegate in Congress.

Who May Receive Contributions. All contributions to aid the election or defeat of candidates must be made only to a chairman or treasurer of such "po-litical committee" as defined, and the same regulation is made to apply to con-tributions for nominations; that is, the contribution must be to an officer

member of the "personal committee."
Candidates for other offices than those named, but which are to be voted for a the same election with members of Co gress or electors, are allowed personally to pay their own traveling expenses and such other costs necessary properly to get before the public their views and post-

STRUGGLE TO GET QUORUM Williams Forces House to Gather In

Absent Members.

WASHINGTON, May 28.-Early in the session of the House today, Williams (Miss.), the floor leader of the minority made the point that there was no quorum present, and it took a call of the House to start the wheels of legislation. After the appearance of a quorum, the House urred in amendments made by the Senate to a number of House bills. The House resolved itself into a "City Coun-cil" for the consideration of bills relating

to the District of Columbia.

The compulsory education bill for the District occupied most of the day being finally placed on its passage. On a division, the absence of a quorum was disclosed. Williams made the point of "no quorum," and a call of the House ensued, the yeas and nays being called on the passage of the bill.

The sergeant-at-arms and his assistants started on a round of the hotels and other residences of members, and one by one, the members reported. Hedge of lows, after having voted, made a parliamentary inquiry. 'Is this compulsory education?' he asked, which created a round of laughter. After 7 o'clock a quorum was obtained,

two hours having been consumed in the effort. The compulsory education bill was then passed. Williams stated that, for the first time

in the life of this Congress, the strict rule of the House had been put in oper-ation as to bringing members before the bar under arrest, and, as there seemed to be some misunderstanding in relation to the rule, he asked unanimous consent that the whole matter of the making of a quo-rum be stricken from the record. Ankeny's Bill for Minidoka and to Relieve Desert Claimants.

OREGONIAN NEWS BUREAU, Washington, May 28.—Senator Ankeny today tavorably reported to the Senate the bill opening the Minidoka townsite in Idaho. Several features were added, one permitting the Secretary of the Interior to fix farm units as low as 29 acres, another permitting "sooners" on Government land at Rupert, Idaho, to acquire the lots they now occupy at the

appraised value. The third is for the relief of desert land entrymen in Eastern Washington whose land was brought within the limits of the withdrawal made for the Palouse project, since abandoned. As to these settlers, the bill provides that, when any bona fide desert entry may be embraced within the limits of a withdrawal for irrigation purposes and the entryman has been hindered from making improvements or reclaiming the land, because of its withdrawal, the time during which he has been hindered shall not be computed in determining the time within which he must make improvements. If, as in the case of the Palouse, the project is abandoned, the time for compliance with the doned, the time for compliance with the desert land law shall begin to run from the date of notice of such abandonment. In the name of the brave people whom I am proud to represent, I extend to you my sincere graitfude for the prompt and loyal action that you have taken in andeavoring to help to relieve the suffering of our afflicted

people.

Let me at this time say a word for the United States troops. Just after the earth-quake on the morning of April 18, 1906, the United States troops stationed here were pull under the control of the municipal authorities by General Furston. He acted nobly, and with General Greely, who took charge a few days later, has exemplified the standing for which the members of our Army have ever been noted, and exhibited an ability to cope, under any and all circumstances, successfully with great emergencies. I cannot speak fully with great emergencies. I cannot speak in too high praise of the magnificent help given the municipal authorities by the United States troops stationed here or too highly the indefatigable work and, I might say de-voted assistance of Major-General Greely and General Funston. The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its lown, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of fiesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and alds the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the lesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most mayvelous cures.
