

GRANT NOT HOLD SEAT

Senate Committee Decides Against Smoot.

QUESTION GOES TO SENATE

Motion Declaring Seat Vacant Voted Down—Tie on Motion to Expel.

Senate Must Decide on Method of Procedure.

WASHINGTON, June 1.—That Reed Smoot is entitled to his seat in the United States Senate as a Senator from Utah was the decision of the Senate committee on privileges and elections, declared today by a vote of 7 to 6.

OSHKOSH MEN MAY GO FREE

Motion to Expel Rejected.

Senator Bailey then offered a resolution declaring that Reed Smoot should be expelled from his seat, which would be a recommendation that the Senate take the course requiring a two-thirds vote of the Senate to unseat him. The result was a tie vote. Senators Burrows, Pettus, Dubois, Bailey, Overman and Frazier in the affirmative, and Senators Foraker, Dillinger, Beveridge, Hopkins, Dillingham and Overman in the negative.

The debate during the deliberations was indulged in by nearly every Senator. The devoted to the constitutional question of expulsion or exclusion was the most heated. Senators Bailey and Overman, who argued in favor of the resolution declaring that the Utah Senator is not entitled to his seat, were of the opinion that after the oath has been administered to a Senator, the only possible procedure against him is to expel him from his seat, and there could be no question as to this procedure requiring a two-thirds vote of the Senate.

The Senator voting in favor of the method requiring only a majority of the Senate to unseat argued that the offense, if any has been committed, existed at the time the oath of office was taken, and that the protests are not in relation to any offense of origin since the oath was taken. During the last week petitions from women have been sent to the Senate from nearly every State and territory, protesting against Mr. Smoot's being retained as a member of the Senate.

Senate Must Choose Procedure.

The effect of the resolution adopted will be to place squarely before the Senate the question whether Senator Smoot should continue in his seat and leave to that body the decision as to the method of procedure. A majority, it is said, can declare that it is the sense of the Senate that Smoot be expelled, and, under the form of the resolution, proceed to unseat him by that method. Chairman Burrows, who will draft the report, is of the opinion that also Senator Dubois, who has directed the fight against the Utah Senator, that the Senate can decide for itself the procedure, and that if a majority were to exclude instead of expel, that will be the method pursued.

The report under the instructions of the committee will be ready to be offered to the Senate on Friday next. Mr. Burrows and Mr. Dubois express themselves as confident that a vote will be had at the present session.

Will Ask Senate to Vote.

Just before the committee adjourned Beveridge moved that the chairman, Burrows, be instructed to immediately inform the Senate of the action that had been taken by the committee and to request that a day be fixed for a vote at the present session. This motion was carried. Members of the committee believed that under this instruction Burrows would give notice to the Senate today, but he has not yet done so. He expected he will make the announcement tomorrow and at that time he will ask that a day be fixed for a vote.

Members of the committee have considered the action of the committee on privileges and elections are not agreed as to the meaning of the resolution adopted declaring Reed Smoot is not entitled to his seat. Many of them declare that, if the same resolution were passed by the Senate, it would be an empty formality and meaningless. Others say that, if the Senate decides a member is not entitled to his seat, this action would create a vacancy. The report from the committee is awaited for an explanation.

Will Be Minority Report.

Burrows will draw the report. This will set forth the adoption of the Dubois resolution and the votes had on the motions to declare Smoot's seat vacant and to expel him, both of which failed of adoption.

After the committee adjourned Foraker, Hopkins, Dillingham, Beveridge and Knox held an informal meeting and went over a statement which is being prepared by Foraker explaining his reasons for the position he has taken and reviewing the Smoot investigation. Those who met with him today practically agreed to sign this statement and make it their report.

DOLLIVER'S SWITCH DID IT

Action on Smoot Case Unlikely, Though Dubois Is Anxious.

OREGONIAN NEWS BUREAU, Washington, June 1.—The result of the vote of the Senate committee on the Smoot case was a surprise to most Senators. The man who had the controlling vote, only recently declared his intention to vote for Smoot, but by switching he broke the tie and made a majority of two votes for the Dubois resolution.

However, the report of the committee is not generally believed to foreshadow the expulsion of Smoot at this session. Chairman Burrows will not report the case until June 7, and, according to present plans, will not actively open the case until June 11. This will not give much time for the debate on this important question, unless Congress should decide to prolong its session into July, and there is general opposition to this. In most quarters it is believed that the Smoot case will be allowed to go over until the short session, though Dubois, of Idaho, says there will be a vote before adjournment and that Smoot will be thrown out.

Dubois is more interested in this case than any other Senator, not excepting Smoot, for on the result of the contest depends his future. If there should be a vote this session and Smoot should be deprived of his seat, it would strengthen Dubois at home and give him a fair chance of retaining his high office. If he should be in Smoot's favor, it would have

a tendency to quash Mormonism as a political issue and mean certain defeat for Dubois. If Dubois can satisfy himself that there will be votes enough to pry Smoot loose from his seat, he will exert himself to bring about a vote before adjournment, but if after a careful canvass it is apparent that the majority of the Senate will vote in favor of Smoot, a strong effort will be made to postpone a final vote until next session. Dubois would rather make his own campaign for re-election on a committee report adverse to Smoot than be compelled to go into the campaign after losing his Mormon fight in the Senate, or if the Senate, following Burrows' speech, shall decide that it will require a two-thirds vote to unseat Smoot, the opponents of the Mormon Senator will endeavor to stave off action until next Winter, for it is an absolute certainty that two-thirds of the Senate is not in favor of such action. Indeed, a good majority of the Senate today believe Smoot should not be disturbed, but Smoot's enemies have cleverly brought to bear a vast array of anti-Smoother petitions from women of practically every State in the Union and it is their intention to intimidate Senators into voting against their convictions. It is said that these threats are responsible for Dolliver's change of front. Senator Dillinger, Senators Fulton and Gearin will vote for Smoot.

LAST OF STATEHOOD

Conferees Plan to Bury Bill in Hostile Senate.

ADOPT FORAKER SCHEME

Admit Oklahoma and Indian Territory and Let Others Vote on Union—Cannot Get Majority in Senate.

WASHINGTON, June 1.—The latest move in the controversy between the Senate and House on the statehood question has just been revealed in connection with the plan to bring in a report from the conference committee tomorrow. This report is to provide for the immediate admission of Oklahoma and Indian Territory as one state, with the further provision, in the exact language of the original Foraker amendment, that Arizona and New Mexico shall vote separately on the question of their admission as one state.

Puts Onus on Senate. This report is to be submitted first to the Senate for its action. Should it be rejected, as has been predicted by those who have made a close canvass of that body, the responsibility for the failure to admit Oklahoma and Indian Territory will be placed on the Senate.

Should this report fall of ratification in the Senate, it is believed the House will rest the case without further action of any kind, after emphasizing the fact that the Senate and not the House is responsible for the failure of action.

Gives Insurgents Their Way. The Foraker amendment, as it is known, is the exact provision on which the "statehood insurgents" made their losing fight in the House when the bill was under consideration in that body. Speaker Cannon and House leaders who have supported him in his statehood position have carefully considered the present movement, and all indications point to the conclusion that they are willing to drop the question indefinitely should the insurgents refuse to accept this basis of compromise.

After it became known in the Senate

that the conferees had agreed upon the Foraker amendment of a year ago, and had abandoned the Burrows amendment cutting New Mexico and Arizona out of the bill, a poll was taken to determine the acceptability of the report. The Democrats were a unit against receding from the Burrows amendment unless it should be by the adoption of the Foraker amendment to the bill passed at this session, which would submit the question of admission separately to the people of Arizona and New Mexico at a special election. Only 41 Republican votes were found for the conference report and unless there are further concessions it appears that it cannot be adopted.

SLAY MANY AMERICANS (Continued From Page 1.) In the camp are in danger. Colonel Greene has telephoned for every available armed man that can be secured at Bisbee and Douglas.

While the crowd was gathering this afternoon Colonel Greene rode down the crowded streets in his automobile and told the men that he could not accede to their demands.

There is grave fear that an attempt will be made to destroy the great reduction plant of the Greens Company at Cananea, which cost millions of dollars. It would require many years to replace it.

Mexican Troops Take Field. Governor Ysabel, of Sonora, is hurrying here from Hermosillo, the capital of the state, and will be met there by the Bisbee force, who will accompany him to Cananea.

There has been bad blood at Cananea for some time, and only a month ago the home of the superintendent of the mine was dynamited. Yesterday one of the policemen of the city was killed by an American, who said he had a personal grievance against the Mexican.

Captain Tom Bynning, of the Arizona Rangers, arrived here tonight from Douglas with a posse of his men. All the arms obtainable in Bisbee, Douglas and Naco are now in the hands of picked men, who are ready to go to Cananea.

Origin of the Dispute. BISBEE, Ariz., June 1.—A race war between Mexicans and Americans has broken out at Cananea, Mexico, the famous copper camp, about 60 miles from here. The shooting of J. P. Williams, a former resident of Bisbee, by a Mexican policeman was the occasion for the trouble, the Mexicans growing incensed. Williams was shot while in bed, but not fatally. His roommate, Anderson, was compelled to flee for his life.

JURY ACQUITS GIRL

Finds Josephine Terranova Is Not Murderess.

MAY HAVE ANOTHER TRIAL

Guiltless in Killing Aunt, She May Have to Answer for Slaying Uncle—Italians Cheer and the Women Embrace Her.

NEW YORK, June 1.—Josephine Terranova this afternoon was acquitted of the murder of her aunt, Concetta Rigto. She was not released, however, being remanded to the Tombs to answer to the charge of murdering her uncle, who was killed at the same time as his wife. Assistant District Attorney Ely, who has conducted the prosecution, was unable to say definitely tonight whether or not the second charge would be prosecuted. The jury returned the verdict within sixteen minutes after the court's charge, agreeing on the innocence of the defendant without discussion.

The prisoner received the announcement with perfect composure. As she was being led out of court on her way back to the Tombs, the girl was followed by a crowd of women, many of them that of the officers aside and embraced and kissed her. Outside the Tombs cheers were raised by a throng of hundreds of Italians, to whom the news of the acquittal was made known by the prisoner awaiting her handkerchief as she crossed the "bridge of sighs" leading to the Tombs.

The verdict was received with some surprise by the prosecution from the fact that the killing being admitted, Judge Scott, in his charge, instructed the jury that, in default of justification, which plea, he said, had not been advanced, and there being little evidence of the abuse alleged as an excuse, except the prisoner's own testimony, the jury should properly find a verdict of murder in the first degree.

The girl had been on trial several weeks.

Will Rebuild Sub-Treasury. WASHINGTON, June 1.—The House committee on public buildings and grounds inserted in the omnibus building bill an amount of \$25,000 for the rebuilding of the sub-treasury at San Francisco.

CARS BURNED IN SUBWAY

Passenger Train Runs Gauntlet and Panicky Women Faint.

NEW YORK, June 1.—By a collision in the subway tonight between trains of empty cars, a short circuit was caused which resulted in the burning of four cars, a panic in a train crowded with passengers, and the suspension of traffic from Ninety-third street to the King's bridge terminus for several hours.

The accident occurred just below the One Hundred and Tenth-street station, on the Brooklyn-Broadway line. A north-bound passenger train ran the gauntlet of the flaming cars and reached the One Hundred and Tenth-street station, where the passengers, panic-stricken in the darkness and smoke, had the utmost difficulty in reaching the street. Several women fainted, but all escaped unhurt. In consequence of the dense smoke, hours elapsed before the firemen could enter the subway and extinguish the flames.
