

EIGHT COUNTIES HAVE GONE "DRY"

Benton, Linn, Yamhill, Lane, Coos, Tillamook, Sherman and Wallowa.

THERE MAY BE OTHERS

Woman's Suffrage Lost by 10,000, Barlow Road by 7500, Change in Local Option Law by About 9000.

Eight counties in Oregon "went dry" in the election last Monday, so far as returns are as yet available, and others are still to be heard from. The "dry" counties are: Benton, carried by 150 votes; Sherman, by 170; Linn, by 450; Lane, by 100; Yamhill, by 200; Coos, by 100; Tillamook, by 100; and Wallowa, by a small margin.

Counties which rejected prohibition as a whole were Malheur, by a small plurality; Polk, by 200; Morrow, by 62; Wasco, by 120. By the terms of the local option law, under which the prohibition elections were held, a county which rejected prohibition as a whole receives prohibition in the precinct voting for it.

A very active campaign for prohibition was waged in the foregoing counties, between the liquor forces on the one side and the prohibition forces on the other. Exact figures of the pluralities of Monday's election will not be secured until the official canvass shall be made by the Secretary of State on the returns from the several counties. These returns will not, however, change to any considerable degree the pluralities as they are already estimated.

Chamberlain's lead over Withycombe for Governor will probably be between 2300 and 2500, and that of Bourne over Gephin for United States Senator will fall slightly under 2200.

Woman suffrage was defeated by approximately 10,000, the local-option change by perhaps 5000, and the Barlow road appropriation by about 2500. Multnomah County gave the Barlow bill 200 plurality, but the bill encountered heavy opposition in other counties, such as Clackamas, Marion and Polk.

The referendum appropriation bill of the last Legislature, providing for state institutions, is sustained by perhaps 13,000. Majorities for all the other initiative measures will range from 15,000 to 20,000, the latter figures probably being attained by the majorities for the gross earnings bills, which received a larger vote than any of the bills in the election.

The majority for the anti-pass bill will exceed 20,000, and for the State Printer amendment 25,000.

Only partly returns have been secured from the counties on the amendments, but they are complete enough to show the trend of the majorities.

LANE DRY; BUT EUGENE IS WET

Sheriff Only Democrat Elected in the County.

EUGENE, Or., June 6.—(Special).—Unofficial returns from all but six Lane County precincts are in. Not more than 75 votes are out. The result is:

Chamberlain, 2241; Withycombe, 1942; Benson, 2714; Sroat, 1406; Bourne, 2043; Gephin, 2015; Hawley, 2274; Galloway, 1821; Steel, 2491; Matlock, 1890.

The local option amendment was lost by 512 in the county. The county clerk by 453 votes. Eugene went wet by 94, a notable feature of the election in the city was that about 200 votes were sworn in.

Those who listened to the count would find about one out of every five tickets. There seemed to be a generally poor understanding of the amendments, judging from the frequency with which apparent prohibition was voted for the local option amendment and vice versa. Flisk, Democratic candidate for Sheriff, ran ahead of the Republican and was estimated to have a difference in Bourne's favor of 8 votes, which may be slightly raised. The town of Florence showed the greatest proportion of, straight Republican

WITHYCOMBE TAKES DEFEAT GRACEFULLY.

Dr. James Withycombe takes his defeat for the Governorship philosophically, and the Chamberlain majority apparently does not rankle. He has no complaint to make of his treatment. When he was reached over the long-distance telephone at North Yamhill last night, Dr. Withycombe said:

"It's a fortune of war, I guess. The administration of Governor Chamberlain has been satisfactory to the people, and his popularity throughout the state was, no doubt, a strong factor in his election. To these two things, more than to anything else, I attribute my defeat.

"I have no reason to make, I was fairly treated and have no feeling whatever over the result. I want to express my sincere gratitude to those who supported me in all parts of the state.

"I believe principles are far above men, and in the past I shall continue to be a loyal advocate and supporter of Republican ideas of government. I think the general results of the election are very good. We will have an strong Legislature as we have ever had, made up of representative men.

"I think the election showed the complete success of the primary law, and proved that it is a desirable addition to our state laws."

Notes. The Socialist vote was above the registration and was the straightest of any party in the contest. The prohibitionists also polled more than their registered vote.

WOMEN WIN IN JOSEPHINE

Suffrage Amendment Has 200 Majority in the County.

GRANT'S PASS, Or., June 6.—(Special).—Returns are in for all precincts in Josephine County except Mount Reuben and Leland, both small precincts. The official count will be made tomorrow. Revised totals give Withycombe a majority of 122, with the two precincts out so close as to not likely bring his majority for the county above 125. All the other state

UNREST IN ARMY

Rupture With Parliament May Result in Revolt.

COSSACKS ARE MUTTERING

Recruits Are Infecting the Ranks With Revolutionary Spirit That Has Taken Strong Hold on the Peasantry.

ST. PETERSBURG, June 6.—A new cloud looms in the government's horizon as serious unrest among the troops, the only stay of the administration in case of an open rupture with Parliament, evidences of which are being received from many quarters. In addition to the Kurok troubles, which in some of the official disclaimers that they are of a political character, are known to have been fomented by revolutionists, there is open ferment in the garrison of Odessa, while the Cossacks at Rostoff-on-Don and elsewhere are muttering because of the long time they have been absent from their homes.

In addition, it is learned that the new recruits, instead of revivifying the loyalty of the army, have infected the ranks still further with the revolutionary spirit which is so widespread among the peasantry. Undoubtedly it is right to say that the army cannot be depended upon, and that it is certain disaffection has made widespread strides since last summer, and the revolutionists are now bending their entire efforts to this propaganda.

FLAMES OF CIVIL WAR RISE

Cabinet and Parliament Conflict and Peasants Seize Land.

ST. PETERSBURG, June 6.—The lower house of Parliament and the Government are rapidly coming to close quarters, and the conflict, which became inevitable the moment the popular assembly presented its demands in the address to the throne, cannot be much longer delayed.

The excitement in the interior is increasing daily. Partial strikes have begun at Kieff, Odessa, Moscow and other cities, and the peasants in some provinces, no longer restrainable, have commenced to seize the land of the proprietors. The leaders of the Constitutional

democrats in the lower house, who for tactical reasons sought to postpone a conflict in order to be able to choose the time and place for the battle, realize that they must go with the tide, and the Government, which equally sought to calmly ignore the "extra-constitutional" Democrats of the House and sent the Ministers to the House with conciliatory speeches, realize that the governmental policy has failed.

Since the Government declined to give the House satisfaction regarding the continued executions in the provinces, or to bring to book the local officials, whose tyranny is fanning the flames of popular indignation, Parliament has had no alternative except the immediate insistence on its demand for the dismissal of the Cabinet.

The scene at yesterday's session, when the House refused to listen to the Ministers, and practically drove them from the rostrum, clearly presents the issue. The Emperor must dismiss the Cabinet or fight.

In yielding to the militant spirit of the radicals upon this point, the Constitutional Democrats again solidified the opposition, which was on the verge of dissension over the agrarian question—dissension of which the Government is eager to take advantage. It is being reliably reported that the Government has planned to make a direct appeal to the peasantry by distributing to the land-hungry peasants on each payments 3,000,000 acres of crown lands on the right bank of the Volga.

His inquiries show that Morales first intended to throw the bomb in the church of San Geronimo. He tried to get a ticket admitting him to the wedding service through a Parliamentary Deputy and, failing in this, made an attempt to get a card through a German correspondent, who refused his assistance.

The belief that Morales was the author of the attempt on the life of King Alfonso in Paris in May, 1905, is increasing.

Chinese Excluded From Jamaica.

KINGSTON, Jamaica, June 6.—Sixty Chinese, who arrived here this afternoon on board the steamer Beta from Halifax, were not allowed to land, having been declared pauper aliens under the law recently adopted by the local government. The vessel is being guarded. It is likely wealthy Chinese will give bond

for the immigrants that they will not become public charges.

Britain Forgives Servia.

LONDON, June 6.—Great Britain has decided to resume diplomatic relations with Servia, and Mr. B. Whitehead, Chancellor of the Embassy at Berlin, will be appointed Minister to Belgrade.

The Salvation Army has 17,388 workers and 12,000 officers and 12,000 officers wholly employed in its service.

Contagious Blood Poison

THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood.

The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bones of the nose and head are destroyed.

S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

BRITISH TEACHERS COMING

Moseley Will Send 500 to Study American Schools.

LONDON, June 6.—Arrangements have been completed under a plan outlined by Alfred Moseley to send between November and March 500 British teachers to the United States and Canada to study the educational systems of the two countries. They will be chosen from all parts of the United Kingdom and will represent all the classes in the schools.

TO THROW BOMB IN CHURCH

Morales' Plans Thwarted by Failure to Secure Ticket.

MADRID, June 6.—(Special).—A thanksgiving Te Deum for the preservation of the Archduchess Maria Valerie at Linnz.

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untamed Indian has learned the curative value of some of these and taught the early settlers their uses. The Indian never liked war so he wanted his enemies to get well as soon as possible, he might do the work and let him hunt. Therefore, he dug "popose root" for her, for that was their great remedy for female weaknesses. Dr. Pierce used the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make-up, whereas all other medicines, put up for sale through druggists, for women's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women.

"Favorite Prescription" habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out" or debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit. It restores the health—restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Laxative. Mild, harmless, yet sure.

TWO KAISERS MEET

Soldiers Watch Every Corner for Anarchists.

HURRY TO GET OUT OF RAIN

Three Manly Kisses Exchanged by German and Austrian Monarchs.

Archdukes and Archduchesses Greet William.

VIENNA, June 6.—Cold, rainy weather marred the first day of the visit of Emperor William of Germany to Emperor Francis Joseph. The projected drive around the Imperial Thiergarten at Linnz

was abandoned, owing to the impassable condition of the road.

Extraordinary precautions had been taken to insure the safety of the German Emperor, the public being rigidly excluded from the Northern station this morning, while the police lined the road between Pönding and Schoenbrunn. The park, the gardens and all the approaches to the palace were guarded with a strong force of infantry and cavalry, in addition to many police and detectives.

Emperor William was greeted at the railroad station by Emperor Francis Joseph in person. The meeting was marked by extreme cordiality, the monarchs kissing each other three times.

After introducing their suites, the Emperors proceeded to Schoenbrunn Castle. On their arrival at the station near the castle, the imperial party was met by the Archdukes, the members of the German Embassy, the Austrian Ambassador to Germany and the principal military and civil authorities. A regimental band on the platform played the Prussian national anthem. Emperor William inspected the guard of honor, after which the monarchs drove to the castle. They were cheered along the route.

A number of Archduchesses awaited their majesties at the castle, where the German Emperor subsequently received in audience Count Goluchowski, the Austrian Minister of Foreign Affairs; Dr. Wexler, the Hungarian Premier, and Baron von Beck, the Austrian Premier.

The two Emperors dined tonight with the Archduchess Maria Valerie at Linnz.

Campaign of Telegrams Renewed.

ST. PETERSBURG, June 6.—The Official Telegrams office has received a bulletin of "Black" Hundred telegrams, while the Radical papers retorted by printing numerous addresses to Deputies sustaining the attitude of the Deputies.

The spirit of conflict which prevailed at yesterday's session continued at today's session, although some of the leaders of the Constitutional Democrats went into the breach to stay too hasty action.

AUTO RACE IN GERMANY

Occupant of One Machine Thrown Out and Injured.

NUREMBERG, June 6.—In rounding a curve near here a car belonging to Herr Klenke, a Herkomer committee man, struck a tree, and Herr Schler, Munich, who was in the car, was thrown out headlong. His skull was fractured.

FRANKFORT-ON-THAINE, June 6.—The Herkomer automobile competition for this city to Vienna began at 5:05 A. M. today. The racers were started with a two minutes' interval without incident.

Prince Henry of Prussia drew twentieth place. Percy Pierce, of Buffalo, N. Y., was the only American who started.

At Wurtzburg, Arthur Blackburn (England), who started third, had the lead, but was thrown out of the race at Wurtzburg, his machine being disabled.

NUREMBERG, June 6.—By 11 o'clock 120 of the automobiles which started arrived here and stopped for lunch.

MUNICH, Bavaria, June 6.—The Herkomer competition began arriving shortly after 2 o'clock in the afternoon. The first to reach Munich was Poegel, of Chemnitz. Lodenburg, of Mannheim, was second; Matting, of Strassburg, was third; Weingard, of Dusseldorf, fourth; Hoener, of Stuttgart, fifth.

Friedrich Henrich of Prussia led the 248 miles in nine hours 40 minutes, including a 45-minute stop at Nuremberg.

Mr. Pierce arrived here in good condition shortly after 5 o'clock. As speed is only one of the contents, today's performances do not indicate the possible winners.

Repeater Held in Jail.

ASTORIA, Or., June 6.—(Special).—The preliminary examination of Frank Hendricks, on an information charging him with attempting to vote illegally, was held in Justice Goodman's court this afternoon, and the defendant was committed to the County Jail in default of \$200 bonds to await the action of the Circuit Court. The testimony showed Hendricks had sworn in his vote in Precinct No. 3, when he was arrested by Chief Gammal.

Hendricks stated on the witness-stand that the County Jail in default of \$200 bonds to await the action of the Circuit Court. The testimony showed Hendricks had sworn in his vote in Precinct No. 3, when he was arrested by Chief Gammal.

He had been offered \$5 to vote in Precinct No. 6, and added that he did not know and had never before seen any of the freeholders who had sworn to his qualifications as a voter. The man came here ten days ago on the steamer Ronoke.
