

ALL TAKE BACK ONE WORD

What Director Wittenberg Has to Say of Director Williams.

GOES FURTHER IN REMARKS

Williams is More Temperate in His Statements, but Insists That Wittenberg is Wrong on the McPherson Bid.

Although the controversy which arose in the board of Education over the contract for a heating plant in the new East Side High School is at rest for a time because of the decision to re-advertise for new bids, the war of words which took place between Directors Wittenberg and Williams has caused bitter feeling which will not be allayed until the board meets for some time next week.

Will Not Take Back Word.

"I shall not take back one word that I uttered against Mr. Williams last night," asserted Mr. Wittenberg yesterday. "The outbreak last night was the climax of matters which have been going on for years, and I was simply forced to show Mr. Williams up in his true light. Ever since I have been on the board I have known that Mr. Williams is not a proper person to occupy a position on the board. Mr. Williams is inclined to ignore the personal charges made by the chairman of the building committee, but is free with his insinuations that there was an attempt to favor W. G. McPherson & Co. in awarding the contract for the High School plant."

Tells of Gravel Deal.

"The gravel deal to which I referred before the board occurred about two years ago," said Mr. Wittenberg yesterday. "I was then a member of the board, and I had an engineer, R. C. Bonser, investigate the matter, and found that 473 cubic yards of gravel, amounting to about \$10,000, had been received on time by the school. Mr. Williams got the difference, but I do say that, having it under charge, he was responsible for the matter. Another thing which I mentioned in my report was that the contractor had a receipt in full from the firm of W. G. McPherson & Co., as had been in the past."

Williams' Side of Case.

Mr. Williams will say little to the personal charges which have been brought against him by Mr. Wittenberg. "Yes, it is true that I own property in the North End," he said last night. "But I try to prevent it from being used for immoral purposes, just as far as possible. When Mr. Wittenberg accused me of having it rented for that purpose, he was lying about it. That is all I have to say about that matter."

Talks of Furnace Contract.

"As to that gravel contract, there is nothing about it to base a charge of graft against me upon," said the gravel dealer, and got all out of it for the district that I could. I had no means of measuring to see how much was taken, but I believe that the board got full value for all that the contractors got."

Kendall Musical Company Both Afternoon and Night at the Heilig.

This afternoon occurs the first matinee of "The Banders" at the Heilig Theater. The Kendall Musical Company has instantly demonstrated to the public that we can have a splendid and beautiful musical comedy from a class of singers and actors at popular prices. And when it comes to a matinee at half the regular low price, there is a rush for seats. The custom of having matinees Wednesday and Saturday, and not Sunday, is to be carried out during this attractive season of Summer comic opera. There is a change

When We Were Twenty-One

"When We Were Twenty-One" will be the title of the regular sixth week of the Baker Theater during the history of that playhouse. Tonight is the closing night of the run, which has lasted one week and a half. The crowd which wanted to see this play made it imperative that the great production be continued for three nights this week, beyond the regular full week allotted last week. Tomorrow, Thursday, the splendid play of E. A. Ross, which made such a fine hit last Sunday, "The Man from the Golden West," will return to the stage. It has fewer than the usual number of performances, so there will be a special rush for seats during the remaining nights of this week. You will do well to come early to the box office to secure your seats on the night you want to attend. Thursday night, toward Russell's souvenir night.

OREGON'S COMMISSIONERS TO THE JAMESTOWN EXPOSITION

Jefferson Myers, of Portland.

Henry Blackman, of Heppner.

D. H. Jackson, of Jacksonville.

A. H. Devers, of Portland.

Tom Richardson, of Portland.

SALEM, Or., June 12.—(Special.)—Governor Chamberlain today appointed Henry Blackman, of Heppner; Jefferson Myers, of Portland; D. H. Jackson, of Jacksonville; A. H. Devers, of Portland; and Tom Richardson, of Portland, as commissioners to arrange for the proper representation of Oregon at the Jamestown Exposition in 1907. The appointments were made in response to a request from the Portland Commercial Club and the Portland Board of Trade. The commissioners are expected to make a report for the information of the Legislature.

The Lewis and Clark Fair Commission has on hand a balance of about \$80,000 in cash and good property that will be turned back to the state. President Jefferson Myers of the Lewis and Clark Fair Commission says that about \$20,000 would make a very creditable exhibit for the State of Oregon at the Jamestown Exposition. The Legislature may be asked to direct the use of a part of the balance from the

afternoon and night this week by Rapoll. Cannon balls are jugged as neatly as the rubber balls and bats, and Rapoll has an act which arouses enthusiasm. Bert Levy, a cartoonist, does some sketching which is out of the usual line. He is not to be confused with the cartoonists who "take" their pictures on the stage. "Mandy Hawkins," a beautiful little play, is given by Mr. and Mrs. Danny Mann.

Benefit at the Empire Theater.

Do not forget San Francisco School Benefit, given by the Gillespie School of Expression this evening at the Empire Theater. An excellent programme of the very highest type will be given, and no pains have been spared in its preparation.

PRINCETON MINSTRELS.

They Will Give Benefit Entertainment for Seamen's Institute.

The minstrel entertainment to be given by the members of the crew of the United States steamer Princeton in this city, the proceeds of which will be given to the Portland Seamen's Institute, will take place at the Empire Theater, Twelfth and Harrison streets, Monday, June 25, at 8 P. M.

PERSONAL MENTION.

Miss Lucile Turner, daughter of Mrs. L. K. Turner, has arrived from Modesto, Cal., and will remain for some time. She and her mother are members of the Kelly Club.

B. St. George Bishop, merchant at Klamath Falls, and active Democratic leader in Klamath County, is a Portland visitor to interview jobbers and manufacturers.

John Poff, a business man of St. Johns, has started for his old home at Stansbury, Mo., on a visit to his mother, whom he has not seen for 25 years. He expects to be absent six weeks.

Alex Martin, Jr., cashier of the Klamath County Bank and Mayor of Klamath Falls, accompanied by Mrs. Martin, arrived from the thriving Southern Oregon town last evening to spend several days in Portland.

Major C. E. Worden, president of the American Bank & Trust Company, of Klamath Falls, and Captain W. E. Siemens, cashier of that institution, are at the Imperial Hotel. Their visit is for the purpose of purchasing fixtures for the bank house with which they are connected.

Canneries Bid High for Fruit. FRESNO, Cal., June 12.—Two canneries, employing about 500 men and women each, opened their season here today. There is sharp bidding on the part of the canners owing to the scarcity of good fruit. Packers are paying an average of \$5 a ton for apricots. The quality of the fruit delivered so far is below the average.

ENTERTAINED AT LUNCHEON

Klamath Falls Business Men Guests of the Commercial Club.

President F. W. Leadbetter yesterday at noon entertained prominent visitors from Klamath Falls with a luncheon which was served in the Commercial Club Tavern. The luncheon was informal in its character and while no addresses were delivered, much was expressed in general conversation which showed the splendid feeling which exists between the Klamath Falls and Portland business men. Among the Portland men who were present were: H. L. Pittcock, Tom Richardson, A. P. Tift, Edward Sherman. The guests from Klamath Falls were: Major

Disposition of Balance.

It will be seen that after the erection of the monument which cost \$14,722.27, a balance of \$113,472.27 remains in the hands of the committee. It was the judgment of the committee that this money should be turned over to the Mayor of the city, to be held in a perpetual trust, placed at interest and the proceeds kept and used for the care and preservation of the monument. It is probable that it will be necessary to clean the monument every year from dust and other accumulations, and the income from the fund, it is believed, will be amply sufficient for that purpose. Following is the financial statement: Original fund \$128,194.54 Interest 1,812.06 Woodman of the World 1,153.65 Total \$131,158.65

Payments Made.

The following payments were made: Title Contract for design \$1,000.00 Contract for statue (Tilden) 5,000.00 Contract for granite work (Wright) 8,000.00 Expenses of architect from San Francisco and return 60.00 Badges for dedication services 11.00 Chair for monument 8.97 Spoken platform, putting up and removing 50.00 Cement sidewalk around monument 216.00 Title and interest on same 2.50 Sledge 3.50 Spear heads and holders for chains 20.15 Work on monument 20.00 Stone for dedication 40.10 Aluminum caps for posts 7.00 Excavating on program proposed 3.50 Mason work, fitting cap to statue 85.50 Work on memorial on same 1.00 Insurance 44.00 Expressing, typewriting, telegrams 16.25 Bank for dedication services 63.00 Estimated 14th Infantry Band 18.75 Total \$14,722.27 Balance remaining 113,472.27 Total \$131,158.65

Rush for Montana Lands.

Publication in last Sunday's Oregonian of full details concerning the proposed opening of the Flathead Indian Reservation, at Kalispell and Missoula, Mont., has excited the keenest interest and already the local United States land office has begun to receive inquiries. In all probability, many citizens from this state will avail themselves of the privileges extended by the Government to dispose of the various tracts, and it looks now as if the rush to acquire them bids fair to exceed any similar endeavor since the time when the lands of Oklahoma were thrown open to public entry.

File Incorporation Articles.

Articles of incorporation of the Oregon, Washington & Idaho Finance Company were filed in the office of the County Clerk yesterday by Otis B. Wright, C. D. Charles and E. H. Cahalan, capital stock \$10,000. The purposes announced are to promote, organize and conduct industrial, timber, lumber, mining, transportation, water power, electrical, gas, oil and all kinds of public utility corporations.

Old Flagstaff Mine Sold.

BAKER CITY, Or., June 12.—(Special.)—The old Flagstaff Mine, six miles east of Baker City, the property of the New Flagstaff Gold Mining Company, of France, was sold today for \$25,000, to Arthur Murphy, representing a Boston syndicate, the money being paid over this evening through the Citizens' National Bank. The property at one time was held at about \$25,000. The new owners expect to put the mine in active operation at once. N. E. Ingham, manager of the selling company, recorded the deeds tonight and turned over the property.

PACIFIC UNIVERSITY, Forest Grove, Or., June 12.—(Special.)—The last student-body meeting for the year was held after chapel today. D. L. Alley, '08, was raised as business manager of the Weekly Index for next year. Norman White, '09; S. B. Lawrence, '09; O. Huston, '09; G. G. Brown, '10; C. Mason, '09, were awarded "P's" in accordance with the constitution. H. H. Marvel, '07; Pearl Chandler, '07, and S. E. Lawrence, '08, were appointed to draw up a new constitution for the student-body and report September, 1906.

Goes to Estimate Losses.

So busy are the contractors and architects of San Francisco estimating the building losses for the insurance companies that it has been found necessary to secure assistance in other cities, and one Portland architect, E. E. McClaran, has accepted a call to San Francisco to participate in this work. Mr. McClaran, who has offices in the Lumber Exchange building, will leave this morning for the Southern city and remain some time helping approximate the losses.

Umatilla Gamblers Fined.

PENDELTON, Or., June 12.—(Special.)—F. C. Cline, William Meredith and Charles Cook, two more of the gamblers indicted by the grand jury, appeared in the Circuit Court this morning and paid \$200 each fine. It has been found necessary to secure assistance in other cities, and one Portland architect, E. E. McClaran, has accepted a call to San Francisco to participate in this work. Boy's Brains Dashed Out.

SAN PEDRO, Cal., June 12.—Blon Scott, the 6-year-old son of E. B. Scott, former editor of the San Pedro Times, was instantly killed, and Robert Wayne, a playmate, severely injured in a runaway this morning. In turning on Beacon street, the carriage was overturned, throwing the boys from their seats. Blon Scott struck his head against the cement curb, his brains being dashed out.

Fatal Quarrel at Breakfast.

INDIO, Cal., June 12.—Gregorio Berdusa was shot and instantly killed by Julian Sabadra at Thermal, today. The men were employed on a ranch and the shooting took place just after the employees left the breakfast table. Sabadra fled immediately and was traced through the brush into the mountains for 12 miles. The slayer will have to take to water soon or perish on the desert.
