

BLACKLIST ALL WHO SHAVE LOSS

War on Dishonest Insurance Companies.

CALIFORNIA HAS HER BACK UP

Will Advertise the Crooks to Whole Wide World.

DRIVE THEM FROM STATE

Insurance Commissioners of All States Will Combine to Punish Shylocks Who Rob Homeless People of San Francisco.

SAN FRANCISCO, June 14.—The officials of California are agreed, it is said, that the insurance companies which refuse to meet their obligations and pay their losses in full will not only be driven from the state but ruined before the world, if the widest publication of their methods can accomplish that end.

Drive Them From State.

"Under the law of California," he said, "the State Insurance Commissioner can summarily revoke the license of any insurance company for the state when there is cause. Certainly the payment of only 75 per cent of losses would be cause. And not only would it be proof of unsoundness and unfitness to do business, but it will be the plainest evidence of dishonesty. It would be cause for the Commissioner to revoke the state license of any company standing for such a proposition, and I know that Mr. Wolf, whose heart is in the situation, will take such action toward any companies that enter such an agreement."

Advertise Them to World.

"This is the limit of his power of punishment under the California law, but he can go much further. The Insurance Commissioners of all the states stand together. Through them, Commissioner Wolf can advertise to all the world the dishonesty of the companies that refuse to meet their obligations. I am certain that he will use that power against those that give him cause."

There was no change today in the alignment of insurance companies on the proposition to make a general 25 per cent cut, but the companies that voted for full payment still hope to win over many of those that took the stand for a percentage settlement.

THIRTY-TWO REMAIN HONEST

List of Insurance Companies Which Will Pay All Losses.

SAN FRANCISCO, June 14.—The following is a list of the 32 insurance companies that are standing out against the proposition which has been advanced by 69 of their associates in the underwriters' bureau to order a cut of 25 cents right down the line and compel policy-holders to accept 75 cents on the dollar: Aetna Insurance Company, California, Mercantile of Boston, American Central of St. Louis, St. Paul, Manchester, Atlas of London, Kings County, Springfield of Massachusetts, New Zealand, North British & Mercantile, Liverpool & London & Globe, Sun of London, Northern Assurance of London, Phoenix of London, Pelican of New York, Continental of New York, London Assurance, New York Underwriters, Teutonia, London & Lancashire, English-American Underwriters, Orient of Hartford, State of Liverpool, Hartford of Hartford, Citizens of St. Louis, Home of Hartford, Connecticut, New Hampshire, Queen of New York, Royal of Liverpool, Industrial Underwriters.

The representatives present at the recent meeting of the underwriters at Oakland when the 75-cent proposition came up for vote there remain then 71 companies to be accounted for. Of these 61 declare in favor of the 75-cent compromise, while 13 were not represented at the meeting, and so far have not recorded their position in the matter.

One more insurance company yesterday signed the stipulation sent out by the State Insurance Commissioner granting an additional 60 days' time during which policy-holders may file their proofs of loss. This company was the Prussian National. Fifty-four insurance concerns have granted the extension of time, and many more are expected to follow during the next two days.

Three insurance companies—the Continental, Austin of Texas and Scottish Union—have filed a description of all their policies with Insurance Commissioner Wolf.

ALDRICH PLAN FOR GIVING AID

Alternative to Loaning of Federal Funds to San Francisco.

WASHINGTON, June 14.—An entirely new proposition for the supply of funds for building purposes to San Francisco was developed yesterday through conference with the relief committee, now here from that city and today was presented to the House committee on appropriations at a hearing given the relief committee. The plan, it is said, is the suggestion of Senator Aldrich, of Rhode Island, who objected decidedly to the proposed plan for a Government loan of \$10,000,000 to the San Francisco Clearing-House Association.

The plan proposed today is that Congress pass a joint resolution authorizing the Secretary of the Treasury to place \$10,000,000 of Government funds on deposit in San Francisco under the same

Order by Mail Or telephone, and your wants will be filled to your entire satisfaction. Order anything advertised, or send for catalogue.

Lace Veils: A Novelty

The Delineator says: "With but few exceptions, a veil is the most becoming of all feminine accessories. It enhances the attractiveness of the pretty woman and softens the defects of her less fortunate sister. The lace veil is now gaining vogue as the most effective drapery for a Summer hat, and is equally popular in black, white and cream shades." Our Lace Store has every known shade in many different patterns. Those at \$1.50 are just as exclusive as the finer ones that range in price to \$5.00.

What Royal Exchange Lost.

NEW YORK, June 14.—Through an error in transmission, the losses of the Royal Exchange Assurance Corporation were stated in a London dispatch yesterday to be from \$20,000,000 to \$25,000,000. Corrected figures show that the corporation's San Francisco losses are from \$2,300,000 to \$4,000,000.

Will Not Work for Crooks.

OAKLAND, June 14.—A. G. Nason has resigned the Pacific Coast management of the National Insurance Company of Hartford in protest, it is said, against that company's policy of demanding a 25 per cent cut in adjustment of claims arising out of losses sustained during the recent fire in San Francisco.

Organize to Make Traders Pay.

SAN FRANCISCO, June 14.—The local policyholders of the Traders' Insurance Company adopted articles of incorporation today, preparatory to making a fight in the Illinois courts for a full settlement of the \$2,000,000 loss on which the company is said to be evading payment.

Honest Insurance Companies Cut Loose From Shylocks.

SAN FRANCISCO, June 14.—Thirty-two insurance companies met in Oakland today and organized to be independent of the Fire Underwriters' Bureau. These companies are the ones that decided to pay dollar for dollar their losses in the fire.
