## THEIR VICES ALL THE SAME

President Addresses College Graduating Class, Defining Duty of Good Citizen-Wage War on Corruption and Vice.

Washington, June H.-President Roose welt today attended the 87th annual commencement of Georgetown College, conferring degrees and prizes awarded and delivered a brief address to the students who were graduated.

In his address the President said that, war on vice and corruption and dishon-esty in every walk of life, irrespective of the social condition of the dishonest man. but cautioned them not at any time to endeavor to array classes against one an-

The President said in part:

Do not attack the poor man who is dishonest, or the rich man who is dishonest, as a member of a class; attack him simply because he is dishonest. Wage war reientlessly on every man of wealth who does what is wrong. Attack in every way the iniquity of the corporation. But remember, you men of education, to whom we have a right to look for leadership, that you do the greatest possible wrong if you train people to an onliqueness of vision which shall make them condemn wealth instead of condemning crooked wealth, which shall make them full to see that the real test is honesty as against dishonesty.

distancesty.

The wealthy corruptionist and the sour demagogue who denounces all wealth, represent not opposite vices, but the same vices developed under different conditions. You may rest assured that the poor man who envies and listes the rich man, the arrogant rich man who have the poor man who have the property of the poor man who have the property of the prop rich man who looks down upon and disre-garda his duty toward the poor man, would each commit the faults of the other if for-tune placed him in the opposite position.

# SEVERE BLOW TO SURVEY

· Cuts Out Two Appropriation Items and Then Repents.

WASHINGTON, June 14.—The Geological Survey received a severe blow today in the House when the chair sustained the point of order made against the items roviding for the gauging of streams and etermining the water supply of the fulled States and for the investigation of underground currents and artesian wells and for the continuation of the in-vestigation of structural matters of the United States (Stone, clays, cement, etc.) under the supervision of the Director of the United States Geological Survey The amount carried by these two items was

The appropriations committee was generally in favor of sustaining the point of order, while Mondell of Wyoming, Kelfer of Ohio, Dalzell of Pennsylvania and Morris of Nebraska were opposed. Later the House regretted its action in striking out the provision for investigation of structural material and appropriated \$259,000 all the candidates and if he could be constructed. for the continuation of the investigation of structural materials.

# COAST DEFENSES HLLY MANNED

Senate Committee Reports Favorably Bill to Increase Efficiency.

WASHINGTON, June 14.-The Senate committee on military affairs today or-dered a favorable report on a bill to re-organize and increase the efficiency of the artillery of the Army. It provides for the separation of the field from the coast artillery. The change will require five years to effect, and will result in an in-party would lodge a protest. Then with crease of 296 officers and 6197 officers and men. The increase in men will be 5053 coast artillery and 858 field artillery. The cost the first year is estimated at \$2,000,000, and after perfection at about \$2,000,000 additional. The cost of additional quarters is estimated at \$5,500,000.

The bill is identical with that submit-ted by the Secretary of War and with the bill which is now before the House

the bill which is now before the House committee on military affairs.

Senator Warren in his report pointed out the critical condition existing in the coast artillery, stating that it was possible to man only one-third of the guns, power plants, searchlights, etc., now in place, and that the others are in the hands of caretakers. He stated that in the event of war two-thirds of our coast defenses would stand idle until recruits defenses would stand idle until recruits could be sufficiently instructed to handle its complicated mechanism.

# Georgia Fastest Battleship.

ROCKLAND, Me., June 14.-With almost perfect weather, the battleship Georgia left this harbor today for her official endurance run. She must maintain a speed of 19 knots an hour for four hours.

PORTLAND, Me., June 14.-The Georgia showed a sustained speed of 19.26 knots for the four hours, giving her the record as Scadding and Dr. Clampett, as both were the fastest battleship in the United States highly commended by all those who knew

# BENSON TAKES HIS SEAT Burrows Raises Technical Objection

to Certificate of Senator.

WASHINGTON, June 14.-Hen. A. W. Benson, appointed by Governor Hoch to succeed J. R. Burton as Senator from Kansas, was inducted into office immediately after the beginning of today's session of the Senate. His credentials were presented by his colleague, Long, by whom he was escorted to the Vice-President's desk, where the oath of office was administered. Before the administration of the oath Burrows, chairman of the committee on privileges and elections, called attention to an irregularity in the Governor's certificate. He pointed out that according to the certificate the appointment is made, not only to fill the vacancy but "until the Legislature shall elect"

"Literally construed," said Burrowa, "In case the Legislature should fail to elect, the appointee would hold office for life." He added, however, that he did not count upon such a contingency, and said he would make no objection to Mr.

enson's taking his seat. The new Senator was given a desk ong the new Republican Senators, who

# ALL IN ONE CLASS Character Sketch of Oregon's New Bishop

Rev. Charles Scadding Is a Sound Churchman, a Successful Organizer, An Entertaining Lecturer and a Lover of Outdoor Sport.

WENTY years ago the Rev. Dr. Rainsford, the distinguished rector of St. George's Church, New York City, secured as an assistant a young Canadian priest by the name of Scadding. St. George's was one of the largest parishes n the United States, and young Scadding's position was a responsible one. But as he took his assigned parts in the services, preached his occasional sermons and performed such pastoral work as was in-trusted to his hands, both rector and par-ishioners saw in him a man of promise. People said of him "That young man will make his mark." The prophecy has been fuffilled. Dr. Rainsford's assistant has risen step by step, and today he is bishop-elect of the Diocese of Oregon. This bishop-elect, the Rev. Charles Scad-

ding, of La Grande, ill., was born in To-ronto, Ontario, in 1862. He was educated at Trinity University, of the same city, and the fact that he won a silver medal for his work in English shows that he was a good student. He was not a bookworm, however, being prominent in ath-

Ordained to the diaconate in 1885 by the In his address the President said that, on account of their superior advantages, the graduates owed a peculiar obligation to their country, and that the people had a right to expect them to be of value and service to the country. The President urged the young men to wage relentless war on vice and corruption and dishonregular storage-battery, so to speak, Dr. Rainsford.

A call to Grace Church, Middletown, N. Y., led to a severance of his connection with St. George's. This was not a large parish, but he made the most of with St. George's. This was not a large parish, but he made the most of his opportunities, and was so conspicuouswald the true athlette training and spirit might be carried by each man into his after life. This spirit, he said, might be summarized as follows:

"Den't flinch; don't foul, and hit the summarized as follows:

"Den't flinch; don't foul, and hit the line hard."

The President said in part:

The President said in part:

Do not attack the poor man who is dishonest, or the rich man who is dishonest, or the rich man who is dishonest, as a member of a class; attack him simply because he is dishonest. Wage war reloutlessly on every man of wealth who does what he was not a large parish, but he made the most of his opportunities, and was so conspicuously successful in his limited field that when, in 1891, the strong and notable parish, but he made the most of his opportunities, and was so conspicuously successful in his limited field that when, in 1891, the strong and notable parish, but he made the most of his opportunities, and was so conspicuously successful in his limited field that when, in 1891, the strong and notable parish, but he made the most of his opportunities, and was so conspicuously successful in his limited field that when, in 1891, the strong and notable parish, of Trinity, Toledo, Ohio, found itself in need of a new rector, the choice of its westry fell upon him. This, by the way, is the parish, but he made the most of his opportunities, and was so conspicuously successful in his limited field that when, in 1891, the strong and notable parish of Trinity, Toledo, Ohio, found itself in need of a new rector, the choice of its westry fell upon him. This, by the way, is the parish, but he made the most of his opportunities, and was so conspicuously successful in his limited field that when, in 1891, the strong and notable parish of Trinity, Toledo, Ohio, found itself in need of a new rector, the choice of its westry fell upon him. This, by the westry fell upon him. This, by Mary Pomeroy, of Toledo, a descendant of General Seth Pomeroy, of Revolutionary fame.

In 1896 Mr. Scadding was prevailed upon to accept the rectorship of Emmanuel parish, La Grange, Ill., a flour-ishing suburb of Calcago, and here he is at present. For ten years he has carried on his vigorous work in the parish, and holds high rank among the clergy of the diocese of Chicago. When he took charge the parish was heavily in debt, but five years ago he devised a financial plan which a successfully carried out and which has given to the parish an unincumbered property consisting of a new Gothic stone church, parish house and rectory valued at \$90,000, and occupying a half block. The parish house affords ample mmodation for Sunday school and guilds and contains a well-equipped bowling-alley and gymnaslum. The rec-tory is the scene of lavish hospitality and all parishioners, rich and poor alike, are cordially welcomed. Mr. Scadding's popularity is evidenced by

the fact that a year ago the vestry added \$500 to his salary.

A few years ago Mr. Scadding, while not neglecting his duties as a parish priest, entered upon an interesting ca-reer as a lecturer. He prepared several say he does not believe in missions." his par stereopticon lectures on "The Church in America," and has given them in various parts of the country and in

FIRST CUMBERLAND PRESBYTERIAN CHURCH CHANGES ITS NAME. At a meeting of the elders and trustees last night what has heretofore en known as the First Cumberland Presbyterian Church of Portland, East Twelfth and Taylor streets, was changed to the Hawthorne Park Presbyterian Church. This is in line with the organic union of branches of the two Presbyterian churches, which have united. The two branches are now one, and it only remains to continue the work of consolidation of Presbyteries and churches, and the elimination entirely of the name Cumberland. The Portland church is the first to take steps in this direction since the meeting of the general assemblies that finally

united the two branches, although the other Cumberland churches of the state had taken some action tentatively. The Portland Cumberland Presbytery still remains, but it is now a Pres-

The name Hawthorne Park Presbyterian Church was selected for the reason the church is located in Haw-horne Park, and it was considered fitting. Rev. E. Nelson Allen, the pastor, presided at the meeting. The Hawthorne Park Presbyterian Church is in a prosperous condition in finance and membership. The congregation is expected to ratify the selection of the name, probably next Sunday.

Scadding. Rev. Mr. Ramsey further said this was a missionary diocese, and that a man who had been rector in a large city church would not be a suitable man for

the Oregon bishopric.

As. Rev. Mr. Ramsey took his seat, Rev. Dr. Morrison sprang up, and, referring to the last speech of "a young brother who was only ordained a year ago," said if that gentleman would deliver another speech like that Dr. Clam-pett would surely be elected. He then said that he found an unanticipated spirit in the debates where, by inuendes and insinuations, the delegates tried to cast slurs upon his candidate.

A number of the clergymen then en-gaged in a heated debate, until the chairman, calling for order, reminded the delegates that the constitution provided for the nomination of the candidates and then discussion as to the merits of each one

could take place. The open ballot was decided upon, and the names of Rev. Mr. Scadding, Rev. Mr. Clampett and Rev. Hodson Stuck were placed upon the board, ready for the vote. A hat was improvised as a ballot-box, and the delegates walked up to the accretary and deposited their votes in the hat. After the votes of the E clergy men were taken the secretary proceeded to count them, while one of the tellers marked on the board the number of votes received by each candidate. It was a close race from the start. Scadding would get one vote, followed by one for Clampett. Then one vote appeared for Rev. Mr. Stuck. Finally Rev. Mr. Scadding had 12 votes on the board and Dr. Clampett 12. It was evident that the last vote would be the telling one, and everyon with suspense awaited the result.

### Wins by One Vote.

The vote was read, and it meant first victory for Mr. Scadding. The successful candidate received 13 votes, Clampett 12, and Stuck 1.

The question was thereupon submitted to the lay representatives, who unanimously decided to go into an executive session and decide on the question. Ac cording to the canons of the church, the clergy nominate and elect a bishop, subject to the approval or rejection of the lay representatives of the diocese. It was past 9 o'clock when the laymen retired into the guildroom of the parish-house and as one hour passed, then another, loud conjectures were heard on all sides. As one of the lay representatives was seen to emerge from the room, the large hall which just the minute before was full of voices immediately hushed. The layman only asked for a representative, who was absent. This was taken as an intimation of a tie, and as another hour passed without results the clergymen passed a resolution asking the laymen to adjourn and continue their debates this morning. Just then, however, the laymen came out.

### Laity Concurs in Election. With the rapidity of lightning the word

is passed that the election of Bishop scadding had been concurred in. The delegates took their seats, and Dr. Josephi, chairman of the lay representatives, reported the resolution. It was a unanimous concurrence of the clergy-men's election of Rev. Charles Scadding. After the formality of depositing the vote was dispensed with, the large assembly gave vent to their enthusiasm, and for a few minutes everything was in an uproar. In the midst of it some one started the strains of the solemn hymn, "Gloria in Excelsis," and the large crowd took it up, a tribute to the newly elected head

of the Oregon Episcopal Diocese.

A committee of three, consisting of Rev. Dr. G. B. Van Waters, Rev. P. K. Hammond and Rev. H. M. Ramsey, was appointed to inform Rev. Mr. Scadding of his election. In concluding, Dr. Morrison moved that the vote of the clergy be made unanimous, and without a dissenting voice the motion was carried.

# How the Laity Voted.

It was learned that of the 37 lay representatives, 24 voted for Scadding, 12 for Dr. Clampett and I voted blank.

The convention meets this morning 9:30 o'clock, when it will pass the nece sary resolution to present Rev. Mr. Scalence name for approval of the standard of ding's name for approval of the stand-ing committees of all the dioceses of the United States and the College of Bishops This is only a formality, and the election of Rev. Charles Scadding gives the dio se of Oregon a fitting successor of th late B. Wistar Morris.

# THE DAY'S DEATH RECORD

R. B. Roosevelt, President's Uncle. SAYVILLE, L. I., June 14.—Robert B. Roosevelt, uncle of the President, died here early today. He had been ill for

several months.

Mr. Roosevelt was 76 years old. He was a life-long Democrat. Educated for the law, he practiced his profession in New York City for more than 20 years, retiring in 1871 to devote himself to literature and statecraft. He was editor of the New York Cityen for several years; an New York Citizen for several years; an Alderman of New York City, member of Congress 1872-75, chairman of the execu-tive committee of the Committee of 70 in New York Citizen for several years; an Alderman of New York City, member of Congress 1872-75, chairman of the executive committee of the Committee of 70 in the fight against the Tweed ring, United States Minister to the Netherlands 1888-90, and treasurer of the Democratic National and treasurer of the Democratic National committee at the time of Cleveland's sec-

From early life Mr. Roosevelt was deeply interested in field sports and active in promotion of societies and clubs for the protection of game. He was chairman of the commission for the protection of sol-diers during the war with Spain, was at one time president of the Sons of the American Revolution, and was a member of all the committees to aid the Boers in their war with England.

## What Is Individualism? PORTLAND, June 14 .- (To the Editor.)-

Several of us read The Oregonian's editorial headed "The Bomb Thrower" in The Sunday Oregonian, June 5, as we have read many of Oregonian, June h, as we have read analy your editorials, with interest. We also noticed, some time ago, that Mr. Carnegle, in an interview stated that he is opposed to municipal ownership because he is an individualist. Now individuality is good in a cervidualist. Now individuality is good in a cer-tain degree but injurious and dangerous to the stability of government when developed to an excess by a few of the Carnegle type and class, as is the case in our present industrial system. It, of course, has a tendency to de-stroy the individualism in the many, the em-ployed, and this finally and supply lead. the stability of government when developed to an excess by a few of the Carnegie type and class, as is the case in our present industrial system. It, of course, has a tendency to destroy the individualism in the many, the employed, and this finally and surely leads to the destruction of good government.

Municipal ownership relieves us of many of the capitalist class of individualisms; but, better yet, socialism, as we understand it, cultivates individualism in all, as it makes no one an industrial bondeman, and all would have their best faculties developed because all would have a voice in determining how the work should be conducted. Napoleon attributed Rome's greatness to the fact that no one carrigh the odium of defeat, because all shared the responsibility.

A criticism, or any comment on this letter or on this topic, from you would be read with much interest.

# **BURNING OFF COAST**

Gasoline Schooner Argus on Fire and Abandoned.

# WAS LOADED WITH LUMBER

Tug Holyoke, Equipped With Fire-Fighting Apparatus, Has Been Dispatched to Assistance of Disabled Craft.

SEATTLE, Wash., June 14 .- The gasoline schooner Argus is burning, 35 miles off Destruction Island, and, according to the story told by Captain George E. Bridgett, of the steamer Asuncion, of the Pacific Oil Company's line, it is not likely that the crew will ever be heard from. Captain Bridgett considers that the crew was blown up

considers that the crew was blown up in an explosion that occurred and which was the cause of the fire.

Captain Bridgett says that he went alongside the Argus and that at that time the vessel's hull and bow were burned away. He sent word to the lightship stationed at that point but they could find none of the crew of the vessel aboard, and it is thought that they have perished in the explosion which must have occurred. sion which must have occurred

Captain Bridgett says that if the crew had got away from the schooner they would have first made for the lightship and as none of them had been heard from at that point it is probable that

cisco with a cargo of 750,000 feet of

cisco with a cargo of 750,000 feet of lumber.

She was built in 1902 and had a register of 567 tons gross or 527 tons net. She was 162 feet long, 40 feet beam, and had a depth of 30 feet. She was owned by the Pacific Ship Company of San Francisco.

Another point mentioned by Captain Bridgett which seems to give force to the story that the crew perished in an explosion is that the lashings on the boat were not touched. The Asuncion brought in a cargo of 21,000 barrels of oil for this port from San Francisco. from San Francisco.

## Fate Long Expected.

PORT TOWNSEND, Wash., June 14 .-News that the schooner Argus was re-ported abandoned and afire off Cape Flattery tonight occasioned no surprise among shipping men here, who had been expecting just such a fate for the vessel ever since she entered the lumber trade be-tween the Sound and San Francisco.

The vessel is provided with gasoline auxiliary power, with the object in view of saving towage bills, and it is more of saving towage bills, and it is more than probable that some difficulty with this feature aboard the vessel was responsible for the conflagration.

The Argus, which is owned by the Pacific Shipping Company, of San Francisco, sailed yesterday morning from Port Gamble, lumber-laden for San Francisco. The

one, immer-lader for san grancisco. The tog Holyoke, which was dispatched to search for the Argus, is admirably fitted for the work, being provided with monster fire pumps, which will be available to save vessel if such is possible.

# TEXAS RANGERS CALLED

AUSTIN, Tex., June 14.-(Special.)-Governor Lanham today ordered a detachment of State Rangers to be sent to Rio Grande City, to quell a conflict that is said to have broken out there between Americans and Mexicans. The request for Rangers came from Judge Monroe, of Rio Grande City.

Private dispatches received here this evening by Joseph Cosley, who has a ranch near Rio Grande City, say that several Americans and Mexicans have been killed. Ex-State Senator R. R. Lane is from at that point it is probable that they have perished. The Argus was bound from Puget Sound to San Fran-
