## KILBURN GRANTS STRIKERS' TERMS

Owners of Vessel Decide to Allow Sailors Increase in Wages.

ROANOKE IS ALSO IN LINE

These Two Vessels Belong to Independent Company and Granted \$5 Raise-Officers of Kilburn Deny Charges of Discourtesy,

The steamer F. A. Kilburn, from San Francisco is the first of the regular liners to reach here since the coastwise ship-ping has been tied up by the sailors' strike. The company operating the Kil-hurn also operates the steamer Roanoke, and as it has granted the demands of the striking sailors, both these vessels will ply between Portland and San Francisco egardless of the termination of the tie-

Captain Merriman states that San Francisco's harbor presents an over-trowded appearance, for all manner of vessels are tied up at the docks or anchored in the bay as a result of the strike. The vessels affected by the walk-out include all the trans-Pacific liners, out include all the trans-Pacine liners, as well as the coastwise trade. Previous to the sailing of the F. A. Kilburn all efforts to settle the strike had proved futile, for both sides remained firm in their refusal to consider plans for settlement by means of arbitration.

Relative to the charges filed against

Relative to the charges filed against Pursor Charles O'Connor and others of the vessel's officers by Miss Olive Manune, the officers of the vessel indignantly deny that any discourtesy was shown any of the passengers on board the vessel at any time.

According to the officers, the woman had purchased a berth ticket, and the placing of other passengers in the stateoom with her was according to custom Had she secured a stateroom she would not have been bothered by others. As far as the charges against the purser and officers is concerned, they claim that there is no truth whatever, and as they were not acquainted with the text of the complaint filed with Inspectors Edwards and Fuller, none of the officers would make any detailed statement. Steward George C. Merkel, who was re-Steward George C. Merkel, who was referred to in the first accounts of the filling of the complaint, indignantly denies having visited the stateroom of the woman, for he claims that it is not within his duties to visit the rooms of the passengers, as all orders for his department are taken by waiters. "It is an injustice to me," said the steward yesterday, "and I cannot account for the reference to the steward. I did not see the complainant and know nothing of the treatment she complains of, and, furthermore, I intend to have the matter set right as far as I am personally concerned."

Robert Miller, one of the waiters on the ssel states that the woman who filed e complaint is a "chronic kicker," and had often complained to the officers of he vessel, but when asked for an ex-lanation by those complained of, would eny having entered any such complaint. Captain John Birmingham, supervising inspector of this district, who passed through Portland Sunday, will return here Thursday to make an official ex-amination of the steamer George W. El-der and will probably take up the charge against the officers of the Kilburn at

that time. Purser Charles O'Connor, the principal offender, according to Miss Majune's complaint, is not with the Kilburn on this visit, having left the vessel at Eureka, but will be here on the next voyage. His place is filled on the present trip by Purser A. Short, who has been running between San Francisco and Aus-tralia on the steamer Sierra.

TWO DESTROYERS JOIN FLEET

Paul Jones and Proble Arrive and Cruiser Boston Is Coming. Two more members of Admiral Good-rich's Pacific squadron arrived in the

local harbor yesterday, and the fifth and last vessel to come here is expected to arrive this evening or tomorrow morning. The torpedo-boat destroyers Paul Jones and Preble, which were here during the Exposition last Summer, arrived up at noon yesterday and dropped their anchors alongside the flagship Chicago and the gunboat Princeton. The cruiser Boston has left San Francisco for Portiand and should reach here according to achedule uld reach here according to schedule

tonight or tomorrow.

The entire fleet will remain here until June 28, when most if not all of the vessels will go to Puget Sound.

Last evening the vessels of the squadron gave a pretty electrical display by

flashing their searchlights about the water front. The spectacle was witnessed by large crowds gathered on the bridges and others who watched the operation from the heights surrounding the city.
Senators Fulton and Gearin will proba-bly be importuned to ask the Navy Department to order some of the fleet to re-main here over the Fourth of July, in or-der that the sallors may assist in the local celebration. According to the original programme

the cruiser Marblehead was also to have joined the Admiral here, but, on account of her being ordered to Central America of her being ordered to Central to investigate a reported fillbustering exnot visit Portland at this time

Captain of Vincenzo Bonanno

Leaves Stranded Vessel. NEW YORK, June 18 -All today the Italian steamer Vincenze Bonanno, which was stranded three miles east of Fire Island lighthouse during a dense fog last night, remained immovable on the sandbar where she struck. The wind and heavy sea this afternoon rolled the vessel considerably, and the captain decided to leave the ship with his crew, and the presence here was not in use by the life. breeches buoy was put in use by the life-saving crew and two men were brought sufely ashore in this manner. The re-

mainder of the crew, 31 men, the captain of the steamer and one passenger were brought ashore in the lifeboat. An at-tempt to float the ship probably will be

PACIFIC COAST COMPANY DE-CIDES ON IMPROVEMENTS.

Company May Embark in the Building Materials Trade and Needs New Facilities.

With the completion of the new dock, which has just been contracted for by the Pacific Const Company, and which will be built just below the coal bunkers of the company, it is more than likely that some of the vessels of the Pacific Coast Steamship Company will be frequent visitors at this port.

The Pacific Coast Company, which is a branch of the steamship company, contemplates engaging in the building material business, and expects to handle large quantities of cement, fire brick and pressed brick, as well as tiling, and on this account it has been found advisable to erect the dock. With the completion of the new dock,

No Football at Columbia.

NEW YORK, June 18.—President N. M. Butler, of Columbia University, settled in a statement issued yesterday all doubts as to the status of football in the institution. He said:

"Assistant members of the university have already separated for the Summer recess. It is not possible to take any further action in regard to atheletic matters before the Autumn, and the whole matter remains exactly as it has been for six months, namely, football is abolished and no action of any kind will be taken in regard to any other phase of athletic policy until the final reports of the three committees are received and carefully considered."

The committees referred to are those of the faculty, alumni and students, which have been at work on the athletic policy of the university for some months.

Annex for Boxing Desired.

Devotees of the boxing and wrestling games at Multnomah Club are agitating the building of an extension to the club building, where halls for boxing and wrestling may be placed. The proposed extension will be on the side toward the field, and it will fill in the space now vacant between the gymnasium and the handball court. It has been decided to call off the boxing and wrestling metabox call off the boxing and wrestling matches at the P. N. A. meet at Spokane. Fresno, 4; Portland, 2. "Truck" Eagan was the hero of the last of the series with Fresno yester-day afternoon. With two men on bases in the fifth, the old-timer lifted one far far over the right one far, far over the right field fence. It was a terrific swipe and a long one, and it serves as a reminder, if nothing else, that the quiet oid stager is still there with the wallop which has run many a twirler to the bench in times past

Garvin and Lemke officiated on the mound, and they broke about even, outside of the Texan's encounter with Eagan. Both teams fielded and ran bases well, but the hits were too well scattered to afford much excitement.

Score Tied in Fourth.

Sweeney got on in the first and the reliable McCredle brought him around with a good clout over second. In the fourth, hits by McLaughlin and Dashwood tied up the score. In the next the big thing for Fresno came off as told above, Doyle and Casey forming the advance guard for Eagan. The eighth promised a tieup for a short while. Mitchell slammed one snort waile. Mitchell slammed one safe. McCredle was there again with another clean drive, with Jud Smith up. Lemke heaved one wild, Dashwood took a throw at the left field fence and Mike cantered over. That was all, however, Lemke's spellbinders being too much for the specialists. being too much for the succeeding hitters.

AMERICANS GAME TO FINISH

Lose Davis Tennis Contest but Little Makes Gallant Struggle.

LONDON, June 18.—Those who antici-pated a tame finish of the Dwight F. Davis international tennis cup matches at Wimbledon today were pleasantly sur-prised, the outstanding singles, S. D. Smith against Holcomb Ward, and H. L. Doherty against R. D. Little, providing some of the best play of the tournament. The spectators included Beals C. Wright, who was out of the competition owing to an injury to his hand. Wright's condi-tion is now so satisfactory that the doc-tor's visits have been discontinued. Smith played a splendid game and it was only after securing the first two sets, 5-1, 6-0, that he gave Ward an opportunity of showing his skill. The American had been able to win only the sixth game of the first set, but, when he entered on the last set, he showed all his oid dash. Smith, however, played a cool and resourceful game, winning a hard set by 6-4.

Little, opposing H. L. Doherty, displayed splendid form. After losing the first game, he played with such perfect judgment that he scored four games in succession and took the set, 6-3. Doherty gave a better exhibition in the second set, winning it 5-3. He opened the third set with a loss, but won the next two games. Then ensued a ding-dong struggle. Little aventually unowing successful. gle. Little eventually proving successful, 8-6. In the fourth set Doherty played with great dispatch, winnig by 6-1, and again drew level with two sets all. Little took service, promptly scoring three games, one called in his favor. Then the Britisher got into his swing and fairly baffled his rival. Little, who fell once in the act of striking, lost five games in succession, Doherty thus securing the set

succession, Denerty thus securing the set and match. Summary: S. H. Smith, Great Britain, beat Hol-combe Ward, America, 6-1, 6-0, 6-4. H. L. Doherty, Great Britain, beat Raymond D. Little, American, 3-6, 6-3, 6-8, 6-1, 6-3.

came that the bets were placed. With the track a lake of loose mud the other races were run, and the riders looked like

negroes when they finished.

The interest in the day's card centered in the fourth, fifth and sixth races. Alice Carey, a mare that a number of Portland turf followers are interested in, won the fourth race, and not only in the ring here did the wise ones get the money, but they cashed in in Milwaukie and in Spokane. The big Monday crowd came out almost especially to see W. B. Gates run. The fact that he had won \$6 races attracted a great deal of attention, and a load of money at 2½ went in on him. At the barrier Lucrece received a kick that severed an artery. A veterinary was called in to look at her, and at once ordered her out of the race.

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out - Scales and Crusts Formed - Iowa Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith and all was which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticurs Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as

I always keep them with me; probably one half dozen of each.

"I decided to give the Cuticura Rem-edies a trial after I had seen the results of their treatment of eczema on an of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I eczema had never broken out since. I have more faith in Cuticurs Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Liscomb, Iowa, Oct. 1, 1905." W. B. Gates, that game, good son of Prince Royal, today won his 100th race, and he did it so cleverly that the horde of Dettors who had staked their all on him had not a heart throb during the race. Just before the first field was sent of by Starter Duke the heavens opened and the downpour which followed made the track a lake. This gave the form followers a panic, but a delay at the post gave the plungers a chance to hedge and the wise ones escaped without a scorching.

The winner in the opening scramble turned up in Arkins, the favorite, whom no would bite at in the betting. He was at evens, but it was not until the rain came that the bets were placed. With the track a lake of loose mud the other races were run, and the riders looked like
