

AGAINST THE JEWS

Bialystok Mob Again Attacks, but Troops Come to Rescue.

DETAILS OF MASSACRE

Police and Troops at First Urged on Jewbatters, but Relented When Mischief Was Done—No Proof Against Officials.

ST. PETERSBURG, June 20.—(Midnight.)—(Special.)—Another outbreak at Bialystok yesterday afternoon was only quelled when troops charged the mob and dispersed it. During the trouble one Jewish woman was killed and another wounded, while several persons were struck with stones and more or less hurt. Further demonstration is feared, and the government has been asked to send additional Cossacks there to cope with the situation. The Bialystok regiment at Bialystok was muffled, and it is reported that the mutineers fired into the officers' club, killing several officers. Details are rigidly censored.

REVEL IN MURDER AND CRIME

Tortures of Bialystok Mob Rival Deeds of Barbaric Age.

GRONNO, Russia, June 20.—The anti-Jewish rioting at Bialystok is now ended. The troops are in full control, and in view of the rioting, it is believed that the authorities will not permit a renewal of the horrors recently witnessed at Bialystok. The most imperative orders to prevent further outbreaks have been issued to the Governors and Governor-Generals from St. Petersburg. When the correspondent arrived at Bialystok Sunday morning, the worst was already over, but on sides there was revolting evidence of savage bestiality on the part of the blood-drunk mobs, which shocked and horrified the troops. The mob, which was composed of the Mongol hordes of Genghis Khan, in his conquests of China and Central Asia early in the 13th century.

Dismayed at Own Work.

At first police and troops urged on the mob, but finally, when dismayed by the bloody deeds accomplished, they reluctantly sought to obey the orders of their superiors to put an end to the work of the "hated" hands. The mob, however, went far beyond control of the local forces that regiment after regiment had to be thrown into the city before order could be restored.

As proof of the charge that the massacre was prepared in advance, the Jews claim that the keepers of the government shops received notice the day before the outbreak to remove their cash from the shops to safer places. The tales of atrocities committed are exaggerated, while some of them may be exaggerated, enough has been established to make almost anything credible.

Fiendish Delight in Torture.

The mob seemed to delight in torturing the victims. Strips of flesh were cut from their bodies, and the hands were from their mothers' arms and taken by the legs and hurled on the pavement before the eyes of their parents. An old Jew was held in the grip of a group who carried all day at the end of a pick through the streets. In many cases the heads of victims were beaten to a jelly with stones. At the Bialystok railway station where the mob searched the trains for Jews, a rioter seized a 6-year-old girl by the throat and held her at arms' length until she struggled to death.

During the rioting the Jews were hunted down by ferocious pursuers, who in the majority of cases were not content with killing their victims, but tore off their pieces, like wild animals. And while this was in progress the troops either stood idly by, or, as was more frequently the case, fired into the houses and troops where Jews were concealed, under pretext that they believed them to be revolutionists, but really to make way for the murderers and plunderers who followed in the soldiers' wake.

While it is impossible to give the exact figures, the visits of the correspondent to the hospitals and cemeteries tend to approximate the killed at 300 Jews and 20 Christians, and the wounded at 150 Jews and 7 Christians.

Who Threw the Bomb?

The question of the origin of the massacre was carefully investigated. Although many of the Jews claim that a bomb was thrown at the Corpus Christi procession, Thursday, the fact that a bomb was thrown is established beyond a doubt, but the bomb that was thrown the bomb remains unsettled. The accounts of impartial witnesses, however, demonstrate that an insulting cry against the Jews, attacked the religious procession. Then from one end of the city to the other the police spread the report of the attack, thus fanning the religious fanaticism of the Christians and setting loose the worst elements upon the Jews, on whom the crowds watching the procession had already turned.

Cannot Convict Officials.

Although it is freely charged that the higher authorities of Bialystok deliberately organized the massacre, or if this was not the case that it was carried out under orders from St. Petersburg, there is no evidence to support either charge.

This is according to the investigations of the Parliamentary commission, whose members were especially anxious to elucidate this point. M. Scheppin, of Odessa, a member, said: "We wished especially to bring home the responsibility to the government, if the massacre was organized in St. Petersburg. But our conclusions are that it was not planned there. Neither do we find proof that Chief of Police Stolitsin, of Bialystok, was a party to the plot. However, the responsibility of his subordinate, together

with that of the rank and file of the police and some of the military officers, who fondly imagine that the odious system of Von Plehve and Treppoff has not ended, is clearly proved.

"We have failed to clear up whether a policeman or anarchist threw the bomb. Our investigations only demonstrate that the real cause of this and similar tragedies is the position of the Jews, which makes the ignorant Russians consider them to be pariahs, outside the protection of the law. The Jews everywhere are now organizing societies for self-defense, and as soon as they show the slightest resistance to persecution, they will be treated by the troops and ignorant popular revolutionists for whom a simple death is too good. Parliament must insist on the punishment of the guilty."

Children Act as Spies.

Little children seemed to take pleasure in pointing out the hiding places of Jews. Mutilated corpses, swarming with flies, were left lying about the streets in some cases for days. The badly injured, lying in the hospital, describing the scenes, said: "Hell was within human beings, and they enacted the role of demons."

Then the woman suddenly went into convulsions at the memory of the horrors she witnessed. The night passed without incident and all is quiet here this afternoon. M. Frisch, son of the President of the Council of the Empire (upper house of Parliament), the Emperor has summoned M. Pobidonostoff, ex-Procurator of the Holy Synod, to an audience at Peterhof tonight. A dispatch from Riazan to the same paper reports that the Bialystok regiment has mutilated and killed several of its officers.

APPEAL TO CIVILIZED WORLD

Jews of Russia Cable Compatriots in All Countries.

NEW YORK, June 20.—Jacob H. Schiff has received cable messages from abroad asking aid from this country to prevent a general Jewish outbreak in Russia. Dr. Paul Nathans, cabled, on June 17, from Berlin that Bialystok is but the beginning of systematic massacres similar to those of October, and urging Mr. Schiff to exercise pressure through the United States government and financial circles.

Another cablegram says: "The occurrence at Bialystok is evidently the beginning of a terrible scheme. Energetic intervention alone can prevent its being carried out."

On June 15 the Alliance Universelle cabled Mr. Schiff from Paris as follows: "We have received the following from Finland signed by a member of the Douma, St. Petersburg: 'The awful occurrences at Bialystok signify a new era in the history of the Jews, and the intervention on your part alone would prevent disaster.'"

APPEAL TO JEWS OF TWO LANDS

Zionist Leaders Ask Aid in Finding Land of Refuge.

LONDON, June 20.—Mr. Montefiore, president of the Zionist Federation, and Israel Zangwill, president of the Jewish territorial organization, publish a joint appeal through the newspapers, asking the prominent Jews of Great Britain and the United States on behalf of the oppressed Russian Jews. They mark that the United States Senate's adoption of the bill further to restrict immigration threatens to close even this land of refuge without opening another, and they therefore it is most than urgent to find permanent means of grappling with the Jewish question and have a further adding place for the oppressed Jews of the world.

JEWS WERE NOT MURDERERS

Crime Which Caused Massacre Is Traced to ex-Policeman.

LONDON, June 20.—The British Chronicle has received a telegram from Bialystok announcing that the murderer of Chief of Police Dolkatcheff, who was killed there May 30, was an ex-policeman. The Jews had previously been accused of the crime.

SYMPATHY WITH JEWS

HARM ONLY MAY COME OF INTERFERENCE.

President Roosevelt Sends Telegram in Which He Promises to Take Up Matter.

NEW YORK, June 20.—A telegram from President Roosevelt relative to the recent massacre of Jews in Russia was read tonight to a mass meeting of Jews in this city in which the President said:

"I shall go over the matter with Secretary Root. You know how deeply we sympathize with your feelings, and how shocked and horrified we are at what has occurred in Russia; but you know also how well I understand it is to accomplish anything but harm by interference. 'THEODORE ROOSEVELT.'"

The mass meeting was held at the Beth Hamedresh Hagadol Synagogue, in Norfolk street, to lament the death of the Jews in the recent massacre at Bialystok, Russia. The gathering was under the auspices of the United Hebrew Community. The synagogue, which holds about 300 people, was crowded to the doors, while outside there was a large crowd who could not get into the houses here.

Rabbi Joseph Silverman of the Temple Emanuel spoke at length in English. After reading the President's message he said it was the word of the Chief Magistrate as to diplomatic interference, and it must prevail. He added that Congress could, however, amend the immigration bill now pending before it, so as not to make it apply to immigrants fleeing from Russia to this country as a refuge from massacre. He believed, he said, that the whole country would stand by Congress in this matter.

ELECTION OF PRINCIPAL OF LENTS SCHOOL CAUSES TURMOIL.

A. F. Hershner.

Prior to the school election of last Monday the directors of the Lents (Mount Scott) got together and elected A. F. Hershner, formerly of the Gresham and Jefferson Schools, principal, and he signed the contract for the ensuing year, in the face of a petition signed by 215 residents of the district to re-elect H. A. Darnall. The directors also turned down Miss Anusmus, a teacher of high repute, and refused to listen to complaints against Mrs. Shively, whom they re-elected. Altogether, the district is in a turmoil, and a meeting has been called for tonight, at which time the old board of directors will be interrogated as to the cause of their action in these matters.

Mr. Hershner, who has been elected principal of the Lents School, is an educator of wide experience and recognized ability, and there is no objection to him on personal grounds. He founded the high school department at the Gresham School, and for the last year has been principal of Jefferson School. But the friends of Mr. Darnall feel sore over his treatment by the directors and their refusal to recognize the large petition for his retention. However, they can hardly hope to displace Mr. Hershner, as he was regularly elected, and signed the contract. However, the friends of Miss Anusmus will demand that she be reinstated. A spirited meeting is expected tonight.

LITTLE BLOODLETING NEEDED

Brutal Reply of Governor to Bialystok Jewish Delegation.

LONDON, June 21.—The correspondent at Vilna of the Jewish World asserts that, in replying to a Jewish deputation which visited him before the Bialystok outbreak, the Governor of Grodno said he thought a little bloodletting would be useful, adding:

"That was the case in June, 1905. Only 40 Jews were killed, but we had peace for six months afterward."

LOSING FIGHT FOR FOUR-YEAR TERM.

WASHINGTON, June 20.—Representative Norris, of Nebraska, led a losing fight today in the House to amend the Constitution of the United States providing for the election and terms of office of members of Congress. The first section of the resolution provided for the election of Senators by a vote of the people, the second extending the terms of Representatives to four years. Democrats and Republicans were much mixed up when the vote was taken, the resolution being defeated by a vote of 89 to 88, two-thirds not having voted in its favor.

The new charter, among other things, provides that the policy-holders shall elect 25 directors out of the board of 32 members. After the new charter was adopted the directors adjourned to meet again tomorrow, to receive from the trustees of the majority of the stock of the society the pressure of private business.
