Kelly, McKinney and Hug left the train
at Umatilia and proceeded to their homes
in Eastern Oregon. Gilbert went to Se-

not come to Portland after his wonderful performance. There is always a halo about a world-beater in any line, and

besides the Oregon star has a whole host of friends in this city who are sin-

cerely interested in his success. "There is no question about Kelly's record standing," says Trainer Hayward. The course was measured and found to be exact.

I believe Kelly to be the greatest athlete

in the country and feel sure that he will smash more records before he leaves the athletic field. In fact, I am positive

that at Spokane he could have done the 230 in 21 flat, getting under the amateur record of 21.1, had it not been that the

course took a sharp turn at the start.

Fast Time Made.

Over at Spokane they seem to have

overlooked some very fast time in other events. Smithson, for instance, did 15.2 in the high hurdles. This is a wonderful record in itself and not only lowers the

best Coast time by two seconds, but comes within a second of the world's record. Smithson was allowed his time,

but not a record, because the officials said he had knocked down all the hurdles

on the course. As a matter of fact, says Smithson and other members of the team,

he knocked down but two, which is legiti-mate and permissable. A protest was entered, but the officials would not con-

sider it. Again in the low hurdles, Gordon Moores tied the Coast record of 25.3 with but little effort. Gilbert cleared 12

WOODLAWN IS DIVIDED

Petition for His Reappointment Filed With School Board and Bitter Protest Condemning His Unfitness Is Also Received.

Both a petition for and remonstrance against the re-employment of E. A. Milner as principal of the Woodlawn School were presented to the City Board of Edu cation at its meeting last night, and wh the election of teachers is held, which will take place within a few days, the direc-tors will consider the application of the man who resigned his position after a family row which created a sensation throughout the entire city a short time ago. No discussion of the candidacy of Mr. Milner occurred, but members of the board and Superintendent Rigler are known to be opposed to his re-election, and it is thought that he has very little of again being employed in the Portland schools.

Woodlawn Takes Sides.

Practically the entire community of Practically the entire community of Woodlawn have taken sides for or against the election of Mr. Milner. The petition asking that he be given the position was signed by 226 names, and was sent to the board by D. D. Robinson with a note expressing confidence in Mr. Milner as an educator. There were 334 signatures to the remonstrance, which was presented by C. A. Ambrose, who assured the board that if Mr. Milner were again placed at the hend of the Woodlawn School it would arouge a storm of projest. The remonstrance gave the following reasons for not engaging Mr. Milner:

"He is not a moral man. He created a sensation in the community by being un-der the influence of liquor, whipping his wife, being arrested and taken to jail, getting newspaper notoriety, leaving the com-munity to avoid punishment and the whipplng-post; all of which we believe to be a disgrace to the community. Also his personal habits in the schoolroom are filthy, and we do not believe that he is such a person as should be employed as principal of our schoel and held up as a teacher of our children," An even severer indictment of Mr. Milner was filed with the board in the form of a communication

"They have not done their duty," said Mr. Fletcher today. "Every foreign oars-man coming here to compete has to sign a declaration that he is an amateur, according to the laws of the Amateur Rowing Association of England. The Vespers did more than was required. They swore in affidavits before a notary public that they were amateurs under our definition. They were supported by the president of the American National Association of Amateur Oarsmen, and yet we learn afterwards that the affidavits were false and that the American association had not taken proper care to learn the facts before it indorsed the entry.

"Under these circumstances I say that the American Rowing Association has not done its duty and that we ought not to accept American entries until the American association puts its house in order and a new association is formed on proper lines. That will take about two years."
Joseph Wright, stroke of the Argonaut (Canadian) crew, denounced the proposal as being an insult to American colleges.

"If the resolution is carried it will create a lot of bad feeling. It is manifestly unfair to cast a slur on the amateurism of over 40 big rowing clubs because of one or two black sheep. Ama-

teur rowing is the purest of sports in America and Canada."
W. B. West, of Philadelphia, received his repaired boat from the builders today and the improvement in his sculling during today's practice was apparent.

LONDON, June 26.-The Tribune today says that it is informed on high authority that the Henley regatta committee is very unlikely to take any steps to adopt the motion of Coach Fletcher of Oxford to exclude Americans from future regattas.

HONOLULU, June 25 .- (2:46 P. M.)he Anemone's time in the trans-Paci-yacht race from San Pedro, Cal., to Honolulu, was 14 days and 21½ sec-onds. She sailed 2309 miles and the Lur-line about 2400. The Anemone averaged 165 miles daily and the only incident on the trip occurred on June 21, when her spinnaker boom was carried away in

The Sinclair party was among those who went out in launches to meet the Anemone. There is a keen local interest evinced in La Paloma's chance to win the second trophy, but it is believed to be small.

Why, Bill, they haven't as much chance in front of you as a plucked Philadelphia capon in a fight with Jim Jeffries, wearing iron gloves. By the suffering telephone girls, isn't that a beaut! Go on, Bill: it's good for two. Come on home, Smith.
