GREENWICH INLAID LINOLEUMS

WILL DO THREE THINGS:

THEY BEAUTIFY THE HOUSE THEY SAVE LABOR THEY SAVE MONEY

It may be possible to keep a kitchen not covered with inlaid Linoleum scrupulously clean, but it is certainly difficult. It is drudgery. Such a kitchen will be a far less attractive and cheerful place than one covered with a bright, well-designed Linoleum. Moreover, it will be an expensive kitchen, for the cost of frequently renewing the paint soon exceeds that of the

STATE VETERINARIAN IN LINE WITH MODERN MEDICAL MEN.

Advocates Slaughter of Livestock Hopelessly Diseased-State to Pay for Animals So Slain.

SALEM, Or., July 3 .- (Special.) -- State Veterinarian McLean wants the next Log-Islature to pass a law providing for the killing of all livestock having incurable discasses and for the livestock having incurable diseases and for the compensation of the owners. He believes that \$5000 a year would be an appropriation large enough for this purpose, and that by the expenditure of that sum such diseases as glanders

could be stamped out. In speaking of the matter today, he said that it is impracticable to compel the killing of diseased stock unless some means of compensation is provided, for the officers charged with the enforcement of the law find too much opposition and incur too many lawsuits. He believes that the law should authorize the killing of stock

law should authorise infected with curable diseases, like mange, without compensation, for if the disease is curable and the owner will not apply a remedy he should bear the loss.

In the case of incurable diseases, which In this city, July 3, 1906, at the residence of his mother, Mrs. J. H. Mc-Riide, 220 Fargo street, Ray E. Marvin, aged 22 years and 6 months. Funeral announcement inter. loss is not his fault, and the general pub-lic gets the benefit. In estimating the value he would have the diseased condi-

value he would have the discased condi-tion taken into consideration and not pay an owner the value of healthy stock. In his opinion, the local stock inspector would be a proper person to place a val-uation upon stock to be killed. He thinks the payment should be made as soon as an animal is killed, and should not be made animal is kined, the uncertainties of legis-lative appropriations, so that the owner would be sure of his payment and would not try to prevent the killing.

He believes it would be well worth \$5000 a year to the people of the state if discused stock to the value of that amount were killed.

An Old Story

The man who pays rent for ten years pays nearly the crisinal cost of the property and in most cases the appreciation is more than the interest on the investment.

The EAST SIDE has the most HOMES, has the GREATEST population, is growing the most RAPIDLY, and the GREATER PORTLAND MUST and WILL be there.

Holladay's Addition Is the geographical center of the city, and is the most DESIRABLE residence district, and much of this will become BUSINESS property. Do not overlook these FACTS when making investments and call and inspect the property, for seeing is believing.
