

BET'S FORTUNE FOR PUBLIC ENDS

South African Millionaire Leaves Large Sums to Charity and Education.

GREAT HOPES FOR AFRICA

Diamond King Leaves \$6,000,000 to Build Railroad, Telegraph and Telephone Lines Through Great Dark Continent.

LONDON, July 20.—Owing to premature statements regarding the will of the late Alfred Beit, the South African financier, the executors of Mr. Beit's will this evening gave out the exact terms of the public bequest, without, however, disclosing the amount of the fortune left. This, it is believed, will be the result of the fluctuations in the price of the shares owned by Mr. Beit.

As foretold, the document proves to be very interesting, lacking little of the remarkable qualities which gossip attributed to the bequest. The sums enumerated make the vast total of \$6,000,000 not including the value of the estate bequeathed to his native city of Hamburg, or of the art treasures bestowed on the National Gallery and the museums of London and Hamburg. It is, however, believed that the aggregate will not be far short of \$12,500,000.

The most notable provision of the will is that a body of trustees get control of \$6,000,000 to be used in the development and construction of means of communication, transmission by railway, telegraph and wireless telephony and telephones in Rhodesia and upon the Cape-to-Cairo railway, which, with other bequests for South Africa, demonstrate that Mr. Beit's interest in the welfare of the country in which his fortune was made was equal to that of his old associate, Cecil Rhodes.

Mr. Beit leaves the property known as Borlars Jager, near Hamburg, to the City of Hamburg to be held for the people. The picture by Sir Joshua Reynolds of "Lady Cockburn and Her Children" is left to the British National Gallery, and Reynolds' picture, "Miss Anne and Her Daughter," and other art treasures, are left to Berlin and Hamburg, and to the College of Technology connected with the London University, the sum of \$200,000, and 1000 \$12.50 shares in the DeBeers Company are bequeathed.

Gifts to Charity and Education.

The sum of \$1,000,000 is left to the University of Johannesburg to build and equip buildings on the land previously given it; \$1,000,000 is bequeathed for educational or charitable purposes in Rhodesia, and other territories within the field of the British South Africa Company; \$125,000 to the research fund of the London University; \$125,000 to the Rhodes University, Grahamstown, Cape Colony; \$50,000 to the Rhodes memorial fund at Cape Town; \$50,000 to the Union Jack Club, of London; \$100,000 to the deceased's firm in South Africa for educational or charitable purposes in the Transvaal; \$75,000 for the same purposes to Kimberley; \$75,000 to Dr. Jameson, now Premier of Cape Colony, and Sir Lewis Mitchell, chairman of the DeBeers Company and a trustee of the Rhodes fund, for the same purpose in Cape Colony; \$100,000 is left to the King's Hospital, London, funds, and \$100,000 to Guy's Hospital, London; and \$200,000 is to be distributed equally in London and Hamburg by Mr. Beit's executors for educational or charitable purposes.

Fund to Develop Africa.

The testator, continuing, says that, believing that civilization can best be advanced in Africa by the construction of railways, telegraphs, telephones and wireless telegraphs, and knowing how difficult it is to raise money for these purposes, he leaves \$6,000,000 in stocks and shares to his partners to constitute a fund, the income of which is to be devoted to the construction, equipment or furtherance of any such methods of communication or transportation in Rhodesia, Portuguese South Africa or the German possessions and any such parts of Africa as may be traversed in establishing the Cape-to-Cairo Railway, telegraph or telephone lines. The trustees are given absolute discretion, and, if two-thirds decide that the fund is no longer required for furthering the work of communication or transportation, they can apply the proceeds to educational, charitable or other purposes in Rhodesia.

Brother Gets What's Left.

Mr. Beit left large sums to relatives, numerous legacies to friends and gifts to clerks and servants. The residue of his estate, real and personal, is bequeathed to his brother, Otto Beit, absolutely. The will is dated April 4, 1906.

NO PARTY POLITICS IN INDIA

Morley Sounds Warning Against Preferential Tariff System.

LONDON, July 20.—In introducing the Indian budget in the House of Commons today, Indian Secretary Morley sounded a warning note on the necessity of excluding India from the field of party politics. Any false step in India would send Great Britain into confusion infinitely more dire and more disastrous than the false step taken in South Africa. "India's case in the free trade controversy can be put in a nutshell," he declared. "Her prosperity and comfort, the growth of her trade and commerce, the solvency of India hang upon her exports. The United Kingdom takes 35 per cent of her exports, while Europe and the Far East take 65 per cent. Thus when the people of Great Britain asked India for preferential duties, they were asking her to discriminate against three-fourths of her customers."

Rosenberg Not an Anarchist.

ALTONA, Prussia, July 20.—August Rosenberg, formerly of Seattle, Wash., who was arrested here July 3 on the charge of being engaged in an anarchist conspiracy, has been released. The judge who investigated the case decided that the evidence against the prisoner was inadequate and said that no suspicion remained in the minds of the authorities against him.

KNOCKED DOWN BY LOAFER

Mrs. Thaw's Experience in Crowd. Olcott Still Holds Papers.

NEW YORK, July 20.—When Mrs. Harry K. Thaw reached the Tombs prison today and made her daily dash through a lane in a crowd of curious persons, one man in the crowd pushed forward so roughly that she bumped against Mrs. Thaw, and she was knocked down, but was not injured, and continued on her

visit to her husband, after which she went to the office of Mr. Hartidge, W. M. K. Olcott, the lawyer who was dismissed by Harry K. Thaw, will have until Monday to decide whether he shall surrender all the papers in the Thaw case to Clifford W. Hartidge, Thaw's new counsel. Although a large quantity of papers have been surrendered by Mr. Olcott, Mr. Hartidge asked Justice McLean today for an order directing the delivery of all those remaining in Mr. Olcott's possession.

In an argument in court, T. J. McManus, of the firm of which Mr. Olcott is a member, asked for a postponement. He said: "The only papers which we are not ready to deliver at once is a bundle of letters. Until we can consult the writers of these letters, which we shall do as speedily as possible, we shall not be able to decide whether we ought to give them up."

MASONIC EMBLEM MAKING TOUR OF WORLD

When the silver trowel which now is in the possession of the Myrtle Star Lodge of Englewood, Chicago, again reaches New York it probably will be the most traveled article in the world. It will have encircled the globe many times, visiting every corner of the world where Masons can be found. Twelve years it will be consumed in the travels of the Masonic emblem, and the big book which accompanies it will be placed a record of its wanderings. The trowel began its travels in New York last October. It is a belief of the members of the secret order that he who holds the emblem will receive an inspiration. The trowel was placed in the hands of each member of the New York lodge, and each man, with bowed head, told the inspiration which came to him with the touch of the handle of the trowel. Then it was decided that every Mason in the world should receive the benefits conferred upon the members of this lodge. As there is not a country in the world and scarcely a city in any country where there are no Masons, the distance to be traversed by the emblem can scarcely be estimated. Its first visit was to Washington. Then it was sent to Quebec, Canada, then back to Washington, Detroit, Toledo, Elkhart and Chicago.

delphia police today were informed by

William R. Brooks, who lives in the northern part of the city, that he overheard a conversation among three men last night which led him to believe that a plot had been hatched to kidnap one of the Hartie children.

According to his story, he was walking through a small park in the northern part of the city and saw three men lying on the grass. As he passed them he heard one of the men say something about enough funds to carry out a plot to steal a child, and a moment later one of the three cautioned the other two not to talk so loud. Brooks says he left the park and then returned and crawled close enough to the men to listen to their talk without detection. He says the men were talking of kidnaping one of the Hartie children, and that they had decided to leave Philadelphia at 9 A. M. today. After securing the children they were to continue West.

Brooks informed a sergeant of police, who, in turn, notified headquarters. The Philadelphia authorities are noncommittal regarding the matter, but deemed it best to notify the Pittsburgh police.

LAWYER'S STARTLING WORDS

Says Many Society Women Have Sinned With Negroes.

PITTSBURGH, July 20.—J. Scott Ferguson, of counsel for Augustus Hartie in his suit for divorce, started the spectators in the courtroom during an impassioned argument against the admission as evidence of depositions of Clifford Hooe, the negro coachman and co-respondent in the suit, with the following words: "It does not do to say that this man Hooe is a negro. God knows there is many an intelligent woman who has sinned as we say this woman has sinned. History is full of it. I repeat, many a woman high in society and in this community has sinned as this woman has done."

LADRONE CHIEFS GIVE UP

ALL SURRENDER EXCEPT ONE FANATIC LEADER.

Captain Bandholz Secures Last Remnants of Filipino Insurgents and Peace Rules Luzon.

WASHINGTON, July 20.—The Bureau of Insular Affairs has received the following cablegram from the Governor-General of the Philippine Islands: "Macario Sotoy and Francis Carrion, self-styled president and vice-president of the Filipino Republic; Leon Villafuerte, Lieutenant-General, being ladrones heretofore infesting Rizal and Laguna, General, Julian Montalvo Lucio, Devaga and Benito Natividad and their important subordinates, have surrendered and are in custody at Manila. Absolutely no promises authorized or made except fair trial. "Greatest credit is due Harry H. Bandholz for his prudence and skill in negotiating this very difficult matter. He utilized Dominador Gomez, but no promises as to his liberation have been authorized or made. "In Cebu, Governor Osmena, by the greatest effort and self-sacrifice, has secured the surrender of all remaining outlaw leaders and all gangs. "Expect complete peace now throughout Luzon, except as to Felipe Salvador and his fanatical followers. Prospects of getting him encouraging." Sakay, Carrion, Devaga and Natividad have fled to the Ladrone bands that infested Rizal and Laguna, and at times neighboring provinces. Bandholz, referred to, is a captain of infantry of the Philippine Constabulary. Dominador Gomez, whose full name is Jose Maria Dominador Gomez Jesus, is ex-president of the Nationalist party and the Spanish army in February, 1902. He was formerly a rebel leader, was educated in the Philippines and Spain and is a professional physician. He served with the Spanish army in Cuba as a surgeon in the medical corps. Upon the termination of the Cuban war he returned to Spain. He was dismissed from the medical corps and returned to Manila in February, 1903. He was appointed Governor of Cebu. He is one of the rising young men among the Filipinos.

NEW YORK, July 20.—At a meeting of the directors of the Publishers' Press Association, it was announced that E. W. Scripps and M. A. PHOENIX, Ariz., July 20.—A dispatch to Governor Kibby from Southern Arizona today, sent by Rangers Brooks and Wheeler, announce the capture by them of Quiljada, who, it is alleged, on Tuesday night committed a most heinous crime at Agua Prima, Mexico, a few yards south of the international boundary line at Douglas. On Tuesday night it is charged, Quiljada approached the bedside of his wife's father and cut his throat from ear to ear, then disembowelled her. The body was found in a room, that Mrs. Quiljada, who was in the same room, did not awaken. Devine's Successor on Relief Work. CHICAGO, July 20.—Ernest P. COLD SPRINGS BID IS TOO HIGH

Contract for Sunnyside Water. OREGONIAN NEWS BUREAU, Washington, D. C., July 20.—The Acting Secretary of the Interior today rejected the bid of Seweney & Holmes, of Portland, for the construction of the Cold Springs dam on the Umatilla irrigation project because their bid, \$38,445, was considered excessive. Government officials believe this dam can be built for \$100,000 less, and will call for new bids to ascertain whether private contractors will undertake this work for something less than \$200,000. The Government will, as it has done on other projects, construct the dam by force account, employing laborers by the day. It is believed by engineers of the Reclamation service that the dam can be built for less than \$200,000, if built by day labor employed directly by Government engineers.

The Secretary also rejected the bid of Matthew P. Zindorf of Twisp, Wash., for construction of the storage works of the Okanogan project, his bid being also regarded as excessive. This work will be re-advertised. Schedule 3 of the Okanogan project, the main canal, will be built by the Government by force account, several thousand dollars can be saved in this manner. About thirty thousand acres that was withdrawn for the Okanogan project will probably be found unsuitable for irrigation and will be restored to entry after 92 days. It lies in townsite 22 to 26 north, ranges 25 and 26 east.

Following the purchase of the Sunnyside canal from the Washington Irrigation Company, the Secretary of the Interior has authorized a contract with the Sunnyside Water-users' Association whereby the land-owners under the Sunnyside project pledge themselves to pay their proportionate share of the cost of building the Government works, which will give them permanent water supply. It was also announced that the Government will withdraw \$200,000 from Washington Irrigation Company, agreeing to pay down but \$200,000. This reservation is made to cover any loss the Government sustains and account of imperfection in title to several tracts of land crossed by the Sunnyside canal. Full payment will be made when complete title passes to the Government.
