His Hand Seen in the Recent Labor Federation Manifesto.

MAKES ROOSEVELT TARGET

Aims to Elect Labor Men to Congress and Form Labor Party as in British House of Commons.

WASHINGTON, July 23.—(Special)—Politicians here are amazed at the tone of some of the paragraphs in the proclamation just issued by the executive council of the American Federation of Labor relative to the election of Congressmen and members of State Legislatures.

Labor Party in Congress.

The most significant thing, however, in the broader aspect of the new political movement by the union labor leaders is seen in the published plan of making out-and-out labor candidates for Congress in many districts throughout the country.

Particularly is this the case in connection with the party of the proclamation which attack the "party in power," regardless of the reform work done by the Republicans as a whole during the last session of Congress under the direction of President Roosevelt.

In case a strike is declared, the two laundry bosses will be helpless, as they will be unable to import the coolie labor necessary to break the strike. The result may take the form of a surrender of the bosses and a raise in laundry prices.

Perforer Praxler, a handwriting expert, was on the stand most of the day, and testified that the writer of the "Dear Susie" letter, exhibit No. 8, was the same as that of the admitted "standard," which is Mrs. Hartje's.

In order to clear away all doubts regarding the manner in which the famous "40" letters which have figured in the case were obtained, the prosecution has subpoenaed as witnesses Police Inspector Robert Gray, Sergeant Michael Hanley and Special Officer Patrick Golden.
