

DEMOCRATS SAY "NO" TO HEARST

His Committee Promptly Name Him as Independent Candidate.

THREE TICKETS IN FIELD

Demand for Surrender of Party Organization Rejected by Democrats — Hearst Committee Summons Him to Run.

NEW YORK, July 31.—(Special)—W. R. Hearst's demand for the surrender of the Democratic organization of the state to his candidacy for Governor has been rejected by the Democratic State Committee by a vote of more than four to one.

Realizing the failure of his campaign for the Democratic nomination, Mr. Hearst took the field as an independent candidate today and will fight the regular Democratic ticket. There will be two Democratic state tickets in the field, assuming that Mr. Hearst may be classed as a Democrat.

The Republican leaders were greatly pleased with this result, and they made the prediction that the nomination of Mr. Hearst would insure the return of the Republicans to power at the next election.

Hearst Committee Cuts Loose. Realizing that their effort to capture the Democratic State Committee was hopeless, the Hearst lieutenants from various parts of the state, who had been called together in the Hearst headquarters in the Gilsey House, made haste to cut loose from all connection with the regular Democracy. Max F. Ihmsen, who for several years has been in the employ of Mr. Hearst as his campaign manager and in other capacities, nominated a state committee and had himself elected chairman of it. Judge Samuel Seabury, of the City Court, was nominated as secretary of the committee, which assembled in a small hall in the Gilsey House, where it sweltered through four hours of speeches, which were mostly devoted to the popularity of Mr. Hearst. Mr. Ihmsen took the chair after he had been elected and conducted the proceedings, which had been arranged in the most minute details a week before the committee was called.

Called by "The Plain People."

The meeting practically nominated Mr. Hearst by ordering the following message sent to him in San Francisco: "The people of the State of New York, represented in the state committee of the Democratic League, appreciate your great service to the cause of 'the plain people' and your splendid efforts to compel the criminal trusts to obey the law, and recognize in you a leader under whom the control of their government must be restored to the people. To this end we pledge you our earnest and loyal support and insist that you shall serve the people as the candidate for Governor in the coming contest."

By way of adding solemnity to the occasion, this telegram was approved by a rising vote of the meeting.

WHOLE GARRISON REVOLTS

(Continued from First Page.)

about means of telephoning to Viborg and telegraphing from there to St. Petersburg. This entails a delay of several hours.

Rebels Capture Artillery.

The military received a telegram from Helmsfors this morning from Major-General Laiming announcing that the fortresses and artillery had opened fire on Commander Island. The insurgents seized the artillery, all the machine guns and took possession of one of the islands. Some of the telegraph wires have been cut. Major-General Laiming announced he was on Commander Island with four companies of the garrison and two companies of sharpshooters sent from Helmsfors. He does not give the number of casualties.

Premier Stolypin has also received frequent messages concerning the mutiny. He held a call that the situation was critical to an extreme degree. Almost the entire fortress is in the hands of the insurgents and there were comparatively few loyal troops left in the fortress. The entire disloyal population is led by the "Red Guard."

REBELS MAY WIN SKATUDEN

Position Favors Them and Reinforcements Are Cut Off.

HELSINGFORS, July 31.—Armed civilians and sailors began rioting at Skatuden this morning. Troops were hastily summoned and isolated Skatuden from the rest. The buildings were the rioters had barricaded themselves were then fired upon by four cruisers. Rapid-fire guns were also turned on them. At 5 o'clock this afternoon troops entered Skatuden and disarmed the insurgents. All day long a small steamer has been transporting the families to town. Women and children were in an utterly pitiable condition.

Sveaborg, at the time of firing this dispatch, is quiet. The intentions of the rebels are not known. The position on Skatuden Island is in favor of the mutineers, who commanded the entire island until 3 P. M. At this hour the sailors were yielding. Many of them were deserting. They were dressed in civilian clothes. The destroyers in the roadstead also are quiet. The Cosacks and the loyal infantrymen are posted all over town. Without reinforcements the authorities can do nothing.

Captain Koch, an ex-officer of the army and a Socialist, who was leader of the November strikes, stopped the St. Petersburg express yesterday morning. He was supported by revolutionists. Koch was joined by the Riksdag "red guard" numbering 80 men. At 10 o'clock the entire party went to Hilla station and began tearing up the track, thus cutting off the approach of intended reinforcements reported to be coming from Wilmanstrand and Viborg.

The town has been relatively quiet. Many shops did not close before the usual time. Stray bullets later put a stop to traffic on the water. A girl was mortally wounded.

A further cause of the revolt is said to be the fact that it was the anniversary of a mining disaster caused by the reckless officers, in which a dozen men lost their lives.

HARMONY FOR OHIO

Parliament has been distributed among the Cosacks, who quietly put it in their pockets.

Numerous Russian revolutionists have suddenly become visible in town. The cruiser squadron, including the battleship Slava, is reported to have sailed from Revel yesterday afternoon.

The telegraph building at Sveaborg is reported in ruins. The barracks and the cathedral are badly damaged as a result of the shells from 11-inch guns. The number of killed or wounded probably is over-estimated.

The revolutionists are expectant, but the townspeople fear a bombardment, should the squadron arrive.

CALL ON RED GUARD TO FIGHT

Revolutionists Demand Civilians Go to Help Soldiers.

ST. PETERSBURG, Aug. 1.—The following dispatch has just been received direct from Helmsfors. It is dated July 31, 2 P. M.: "A hundred revolutionists, armed and half uniformed, have just marched to the Socialist Club on George street. They demanded that the Socialist Red Guard mobilize and join a movement to relieve the thousand marines who are held within a cordon in Skatuden Barracks by the loyal troops. The chiefs of the Red Guard are undecided whether to commence an armed uprising or not, as many of the population are completely out of sympathy with such a movement."

"The authorities apparently are paralyzed by the suddenness of the revolt. They expect the revolutionists to be which troops could be depended upon."

"Two officers were killed at Skatuden by marines this morning before a large crowd of civilian sympathizers."

DRIVE OUT FOREIGN WORKMEN

Russian Strikers Attack Factories to Gratify Race Prejudice.

YERKATERINOSLAV, July 31.—For the first time since the revolution sentiment is manifested among the Russian workmen here. The recent attacks on the three foreign manufacturing works here were followed by an attempt yesterday of 300 Russians employed at the Belgian Glass Works at Tronstantinovka to expel the 50 foreigners, chiefly foremen and engineers. They were only prevented from doing so by a detachment of dragoons. It is feared that the attempt will be renewed.

MANIFESTO AT CRONSTADT.

Copies Smuggled Into Fortress—Precautions Are Redoubled.

CRONSTADT, Aug. 1.—(Special)—Five hundred copies of the Viborg manifesto were conveyed here by row-boat and scattered among the soldiers. As a result, the authorities now have the harbor patrolled, while the entrance is kept constantly illuminated by searchlights so that no revolutionary literature shall be smuggled to the troops in that way.

CAPTURE FIVE REBEL LEADERS

Police Pounce on Them While Awaiting Committee Meeting.

ST. PETERSBURG, July 31.—The police this afternoon captured at a lodging-house five of the principal members of the executive committee of the city. It is suspected that they were in custody were awaiting the arrival of their colleagues, preparatory to holding a full meeting of the committee.

REBELS STEAL MACHINE GUN

Spy Killed by Workmen at Secret Meeting in Factory.

ST. PETERSBURG, July 31.—A machine gun was stolen last night from an arms factory in the Vassili Ostrov district of this city. It is suspected that the robbery was committed with complicity of the sentinels on duty at the factory. At a secret meeting last night of the Puller workmen, a spy was discovered and killed.

Mutineers Were Denied Brandy.

STOCKHOLM, July 31.—The Helmsfors dispatch of a Swedish news agency says the mutiny of Sveaborg was caused by the authorities refusing to give the men brandy. At the meeting of workmen held in Helmsfors this afternoon it was resolved to declare a general strike from this day on as long as such action proves necessary.

Soldiers Guard Mail-Cars.

WARSAW, July 31.—On account of the frequent robberies of mail cars the Governor-General has ordered that all such cars shall hereafter be guarded by soldiers. Strangers are not allowed to enter them.

Russian Editor Arrested.

SUDKA, July 31.—Ilmarin Solomka, ex-deputy and former editor of the Misa, whose office in St. Petersburg was recently closed by the police, was arrested upon his arrival from the capital.

General Strike in Finland.

STOCKHOLM, July 31.—The Socialist workmen of Finland are reported to have proclaimed a general strike.

Churches Robbed Near Moscow.

MOSCOW, July 31.—Three churches in this province were robbed during the night.

Total Surrender of Mine-Owners.

RENO, Nev., July 31.—A special to the Gazette from Tonopah says: "Both mineowners and the leaders of the Western Federation of Miners in Nevada regard as significant the ratification of the time and wage scale by the members of the union in the Tonopah district last evening. The mineowners yielded every point, granting an eight-hour day for every workman, and a general day wage scale of \$4 and \$4.50, with \$5.00 for the more expert classes of laborers. They made their stand upon a three-year agreement, and this was accepted by a vote of 34 to 102. Eight hundred miners did not vote, indicating their satisfaction with the surrender of the operators and their desire to see tranquility in the camp for three years."

"Today nearly all the mines were closed, as the miners and mine-owners joined in a ratification which closed tonight with a public demonstration."

But She Missed Her Train.

CHICAGO, July 31.—Passengers on a suburban Halsted-street car were panicked today when a woman pushed the motorman from the front platform and ran the car at high speed for six blocks. No stops were made for passengers, and the car collided with coal wagons and other vehicles along the route.

The woman who caused the excitement was Mrs. S. H. Childs, of Evergreen Park, 11 miles southwest of Chicago. She wanted to catch a Grand Trunk train at the Halsted and Forty-ninth street station. The conductor and several men passengers finally overpowered her, but she convinced the police that she was not insane and was released.
