

ARMY REVOLT AGAINST CASTRO

Venezuelan General Comes to Gather Arms and Munitions of War.

SAYS ARMY ONLY WAITS

Parades, Veteran of Tropical Wars, Declares Time and Circumstances Favor Overthrow of Dictator in South America.

NEW YORK, Aug. 10.—The Tribune tomorrow will say: General Antonio Parades, who has earned a reputation in Venezuela as a valiant military leader, has just arrived in this city from Trinidad to plan a revolution against President Castro.

"I came here solely on that mission," said the General yesterday, "and I am sanguine of its success. I shall not return until I have accomplished the purpose of my mission."

The plans of General Parades in New York have not been widely advertised, as he is the habit of South American insurrectionists, as General Parades said: "I have been doing things and saying things."

Insurance Company Representatives Cited for Contempt in Bay City.

SAN FRANCISCO, Aug. 10.—Steadfast refusal to bow to the authority of the grand jury has resulted in the filing of charges of contempt of court against Henry C. Quinby, attorney for the Eagle Insurance Company, of New York, and Charles Hendy, adjuster for the London & Lancashire.

Defying the authority of the grand jury to compel him to submit for examination documents upon which his company enforced settlements, Quinby exhausted the patience of Presiding Judge Graham, with the result that he was ordered to appear on Monday to show cause why at a term of imprisonment should not be imposed upon him.

WHOLE COAST UNSETTLED.

New Hampshire Fire Company Explains Withdrawal From Field.

MANCHESTER, N. H., Aug. 10.—In announcing that the New Hampshire Fire Insurance Company has suspended business on the Pacific Coast, officers of the company gave out a statement today saying that the suspension is due to the fact that the company desires to permit the unsettled conditions in San Francisco and the Pacific Slope generally to adjust themselves before taking on further liability.

"The company," the statement says, "has not withdrawn from several states which were operated under its Pacific Coast department, but has instructed its managers at San Francisco to suspend writing business for the present, preferring to await the results of the period of reconstruction and further information as to the possible results of legislation in California."

WITH JOYOUS HEART

Montevideo Gives Secretary Root Ovation.

CHEERS HIM AND PRESIDENT

Whole Population Witnesses Arrival and Enthusiasm Follows Him Through Streets—City Is Abandoned to Festivities.

MONTEVIDEO, Aug. 10.—Secretary Root arrived here today on the cruiser Charleston. Never, perhaps, in the history of the Uruguayan Republic has popular feeling been more vividly manifested than by the remarkable demonstrations of satisfaction on the part of all classes with the visit of the eminent American statesman to this picturesque capital.

At an early hour this morning the crowd began assembling at every vantage point in the port and on the moles. It continually grew in numbers until seemingly the entire population was out to greet the visitors.

The arrival of the cruiser with the distinguished travelers was the culminating point in the enthusiasm of the crowds. Chief of "Long Live Secretary Root," "Long Live President Roosevelt" and "Long live the great republic of the north" rent the air. Those were repeated when the steamer Triton went alongside the Charleston for the purpose of enabling the committee composed of several leading residents, officials and a number of ladies, to board the cruiser and tender the first welcome to the visitors.

After this ceremony the committee and Mr. Root's party boarded the steamer Ingeniero, whence the landing was made at 3 o'clock. As soon as Mr. Root was on shore, Dr. Jose Roman, the Minister of Foreign Affairs, delivered a speech of welcome, to which Mr. Root made a brief reply.

Reception Like Triumph.

As the visitors drove away, accompanied by Minister O'Brien, the splendid residence in the heart of the city which had been provided for them, the scene of enthusiasm was impressive and striking. Mrs. Root and Miss Root shared the heartiness of the ovation accorded the American Secretary of State.

This afternoon there was a reception by the President of the Republic and a military parade, while tonight there was a gala performance at the theater. The city has abandoned itself wholly to the entertainment of the visitors.

NO STAR CHAMBER SESSIONS

Correspondents Not to Be Excluded From Rio Conference. RIO DE JANEIRO, Aug. 10.—The local newspapers yesterday erroneously came to the conclusion that the officers of the International American Conference had determined to exclude correspondents during important discussions. Consequently the papers attacked President Nabuco and General Secretary de Assis-Brazil. The latter made a statement from the chair yesterday to the effect that the officers reserved the right, according to the programme, to hold secret sessions at their discretion.

But the general secretary today assured the Associated Press that no exclusion of correspondents had been ordered, and it was not probable that they would be excluded from any of the sessions. The general secretary added that his remarks on the subject had been misunderstood.

The incident is supposed to be an outgrowth of the interview with Baron de Grunow, the Brazilian Minister of Foreign Affairs, published in the Nation, in which he was alleged to have said that the Central American republics, owing to their weakness, should consolidate. The Minister denied having made the statement referred to.

RETURNS DOWN DRAGO DOCTRINE

Efforts of Argentina Fail at Pan-American Conference. RIO DE JANEIRO, Aug. 10.—The Argentine delegates to the Rio de Janeiro conference made unavailing efforts today to incorporate the definition of the Drago doctrine in a resolution under discussion by the committee having such affairs in hand. The Congress will sit again next Monday.

REBUKED FROM GALLOWS

Condemned Negro Denounces Judge for Partiality in Rulings. BIRMINGHAM, Ala., Aug. 10.—Earle Fletcher, colored, who was hanged here today for the murder of Bob Payne, a fellow convict, at Fla.'s Pop mines, created a scene by denouncing Criminal Judge S. L. Weaver from the scaffold. He declared that the Judge had granted a habeas corpus to John Williams, a white man from another county, and saved his neck the day before he was to hang, but when it came to his own case, a citizen of this county, the court went sailing. Fletcher said that "going dabbling" was given as an excuse for the Judge to leave town to avoid granting him a habeas corpus.

WORK OF FLYING SQUADRON

Identity of Assaultants of Doubassoff and Nepuleff Fixed. ST. PETERSBURG, Aug. 10.—The attempts on the lives of Vice-Admiral Doubassoff on May 5 and of General Nepuleff, commander of the Sebastopol forces, on May 27, have been traced to the "flying fighting organization" of the Social Revolutionists, of which Savinkoff, a member of the central committee of the Social Revolutionists, and Lieutenant Kholshevnikoff, formerly of the Black Sea fleet, were leaders.

Savinkoff was arrested on suspicion of complicity in the attempt on General Nepuleff's life, but he escaped two days later. Doubassoff's assailant, who was killed by the explosion of his own bomb, had been positively identified. A girl student, Miss Mischchenko, who was involved in the conspiracy, had three of her fingers blown off and was otherwise terribly mutilated while loading a bomb. She is a daughter of General Mischchenko, of St. Petersburg, a member of the military council.
