# CHINESE WILL DIG ISTHMIAN CANAL

Commission Will Call for Bids for Supplying 2500 Mongolians.

NOT ENOUGH OTHER LABOR

Jamaica Negroes Are Inefficient, Not Enough Spaniards Available, and No Alternative Remains-Will Contract With Labor Agents.

WASHINGTON, Aug. 19 .- Chinese labor will be given a thorough test on the Panama canal. Contracts calling for 2500 Chinese for canal work have been prepared, and advertisements will be issued by the Isthmian Canal Commission in a few days asking for proposais from labor agents.

If the initial 2500 Chinese prove a success, it is likely that many more will be taken to the isthmus to do the work, which is 100 hard for the Jamalcans now employed there in large numbers. Organized labor has offered much opposition to the use of contract Chinese labor, but the Jamaican workmen have proven inadequate, sufficient Spaniards cannot be and immediately to rush the work, and the Chinese are the last hope of the commission.

No Other Labor Available.

President Roosevelt, Secretary Taft, Chairman Shonts, of the Canai Commission, and other men prominently identified with the canai work are known to have delayed employing Chinese until it became evident that the other help available was not equal to the demands. The Administration has taken the position that the canal must be dug at any cost and, dithough the President urges that there be no haste in employing Chinese, he did not stand permanently in the way of the plan to try the coolies.

Hire Chinese From Agents. It is the intention of the commission to ask for bids from labor agents who will arrange with the Chinese government for the exportation of labor, transport the Chinese to the Isthmus under contract to work for a fixed wage and ship them back to China, thus relieving the commission of all detail work and all responsibility. A bond will be required of all contractors for a be required of all contractors for a satisfactory fulfillment of the contract they may enter into with the commis-

The employment of the Chinese will not displace the Jamaicans who are already there, but it is believed no more negroes will be hired if the Chinese

TELLER DRIVEN TO SUICIDE.

Friends Turn Against Him, Though He Loses by Fraud.

CHICAGO, Aug. 10.-Frank Kowalski, paying teller of the Milwaukee-Avenue State Bank, which falled last Monday, and for some time assistant receiving teller in addition to his other duties, shot and killed himself tonight at his home, 340 North Carpenter street. Criticism by neighbors and lifelong friends, who accused him of a share in the downfall of the bank, is believed to have driven Kowalski to his death. Kowalski had complained bitterly of this and declared that unless his char acter was speedily cleared, he would

Kowalski's relatives assert their firm belief that he was innocent of any knowledge of the mismanagement of the bank by President Stensland. When the bank fatled, Kowalski had \$700 of his own money on deposit in the institution, and his immediate relatives nearly \$50,000. Had the teller known of Stensland's defalcations, they as sert, he would at least have notified his relatives and would have taken his own money out of the institution. The dead teller, who was 30 years old, had been with the bank for 13 years.

Forged Notes for \$500,000 Found.

Cashier Hering, who was arrested yesterday, spent today with the state's representatives and Bank Examiner Jones in examining the bank's collateral in an effort to determine how much the president is short in his accounts. After an all-day search forged notes aggregating more than \$500,000 were found and are now in the possession of the State's Attorney, who will use them in the prosecution of the offcials responsible for their utterance.

Stole Nearly \$2,000,000.

From statements made today by Hering regarding loans made by Stensland as banker to himself and the shortages found by previous investigations, it is asserted tonight that, when a final adjustment of the affairs of the bank s made, it will be found that President Steasland's defalcations will aggregate nearly \$2,000,000.

Assistant States Attorney Olsen found what he termed a "regular forger's nest" while going through the books with Hering and Mr. Jones today. The "nest" was composed of two envelopes filled with notes and blank forms. The blank forms contained signatures which had been traced from the regular depositors' signature book. According to Mr. Olsen, these were ready to be filled in for any amount which would be charged to the account of the person whose name was signed. The other envelope contained notes running up to thousands of dollars, with the names of many prominent business men attached. The authorities will endeavor to discover whether or not these names were forged. The notes were found hidden in President Stensland's private vault, Receiver Fetzer made the following statement this afternoon:

"There are \$1,500,000 worth of mortgages, the value of which we know nothing about. Considering the developments of the day in regard to the other securities it is doubtful if these mortgages will

Rudolph E. Schwirin Finds Copper, Arsenic and Sulphuric Acid in His Food.

NEW YORK, Aug. 11.-A cable dispatch to the Times from London says An attack on the fruit and vegetable canneries of the Pacific Coast is made in a letter dated Los Angeles signed Rudolph E. Schwirin. which is published in the Saturday Reriew this week. The writer declares that the goods from the canneries referred to are not quite all they are epresented to be.

"Copper, arsenic and sulphuric acid," he says, "are some of the ingredients that enter into the preparation of these goods, and what is quite as ob jectionable is the practice of soaking the labels off old canned stock, often many years old, and issuing the same inder new covers as the season's lat-

est pack. Mr. Schwirin says that the United States inspectors' guarantees are worthless and that foreign Nations hould require that all imports of these Pacific Coast goods be vouched for by their own inspectors.

Cry of Democratic Chairman Griggs to Voters.

WILL DO WONDERS WITH IT

In Appeal for Dollar Subscriptions, He Promises to Elect Democratic House, Expose Official Graft and Capture White House.

WASHINGTON, Aug. 10.—Chairman Griggs, of the Democratic Congressional committee, today sent out many thousands of circulars calling for \$1 subscriptions from Democrats throughout the country, the money to be used for the coming campaign. In his letter Mr. Griggs says:

"To all Democratic voters—If there ever was a time in the history of the Democratic party for a manifestation of loyalty and patriotism on the part of its members it is right now. If we are to win a victory and elect a President two years hence we must first elect a House of Representatives this Fall. A Democratic House can and will investigate every department of the Government. With all those honeycombed with graft, the edges of which only have been touched by recent exposure and prosecutions, there which only have been touched by re-cent exposure and prosecutions, there will be a revelation of rottenness that will assound the country and create a demand for a Democratic administra-tion to clean the Government work-

shop.
"To win the House we need money to defray legitimate expenses to get out our vote. We have no protected monopolies from which to draw to fill our coffers, as they do those of the Republican party. We must therefore appeal to loyal Democrats for contributions.

"Will you send \$1 at once and in return for this we will send you copies of our campaign literature issued by the committee. You have the thanks of the entire Democratic party for your favorable response to our request, Address all remittances to J. M. Griggs, Washington, D. C."

CORTELYOU SEEKS HARMONY

Confers With New York Leaders on Ending Faction Fight.

NEW YORK, Aug. 10.—The Herald tomorrow will say:

Chairman Cortelyou, of the National Republican Committee, spent three days in this city this week in a secret conference with leaders of the party, with a view to bringing warring factions in the organization in this state into complete harmony, if possible, before the opening of the state campaign. Among the men he consulted are Republicans of large influence, some of them not identified actively with either the Odell-Quigg or the Parsons-Higgins factions.

Mr. Cortelyou has had little to say himself, seeking to become thoroughly familiar with the situation before undertaking to bring the various leaders together before the state convention is called. So far as could be ascertained, he made no suggestions for reconciliation before going to his country place on Long Island. He will return early next week and those in his confidence would not be surprised, it is said, if he presented a plan by which both factions would be pacified. NEW YORK, Aug. 10.-The Herald

SQUARE DEAL FOR ALL

Wilson Satisfies Packers and Cattlemen About Meat Inspection.

CHICAGO, Aug. 10.-Cattle raisers of the West met Secretary of Agriculture Wilson in this city today and asked for a 'equare deal." Mr. Wilson assured them, as well as representatives of Chicago packers who came into the conference later, that a "square deal" was exactly what the Government intended to give every branch of the meat industry in this country and at the conclusion of the meeting expressions of the utmost satisfaction were voiced by all interests con-

Mr. Wilson's visit to Chicago was for the purposes of discussing with the cattlemen and the representatives of the packers the interpretation and the working out of the rules recently promulgated by the Department of Agriculture under the new meat inspection law, and, according to his own statement after the conference had adjourned, every phase of the question was fully discussed from the time the animal left the pasture until it passed into the consumer's hands. The principal point involved from the viewpoint of the cattlemen was the matter of weighing before or after inspection and the concern of the packing interests was mainly in connection with the label-Mr. Wilson's visit to Chicago was for

BOND HANGED AT BOISE

Pays Death Penalty for Murder of Paramour's Husband.

BOISE, Idaho, Aug. 10 .- William Henry

BOISE, Idaho, Aug. 10.—William Henry Hicks Bond was executed at the State Penitentiary this morning for the murder of Charles Daly, committed at Boise, on the night of October 5, 1904.

The trap was sprung at 6:11 o'clock. His neck was broken and he died without a tremor. The prisoner was pronounced dead in six minutes. Bond was calm, had no fear of the future and walked to the gallows with firm steps. His hands and feet were manacled with straps. Standing on the door of the trap, the noose was quickly adjusted about his neck, then the warden inquired of the condemned man if he had anything to say. He looked man if he had anything to say. He looked

man if he had anything to say. He looked out over the small crowd of spectators and in a hurried voice said:

"I want to say just a word. Don't think I am not brave. I am. I can go through this trap all right, for I am guilty of a whole lot, but not all." The black cap was then rulled down over his face, and, realizing the end was near, he cried out:

"May God have mercy on my soul. Lord, bear my prayer, my dying words." hear my prayer, my dying words."

At a nod from the warden his spiritual adviser began a prayer, but scarcely had

he begun when the trap was sprung.

Bond was born in Cornwall, and was a miner by occupation. He became in-fatuated with the wife of Charles Daly, and with her shot Daly to death in his own home while the latter was dressing to leave them. Mrs. Daly is now serving ten years in the penitentiary as an
