The immediate organization of a National Assembly for the realization of these reforms accordingly was ordered.

## Work of New Grand Vizier.

The Persian Minister tonight expressed his pleasure at the news and said it had come to him as a great surprise. The Legation flag was instantly flown to the

breeze.

It was pointed out by the Minister that today's action, following within one week of the appointment of the new Grand Vizier, is indicative of that official's progressive tiens, and that much good is expected to result from his leadership.

The grant of the National Assembly, according to the advices to the legation, was effective today. The present Grand Vizier, through whom the grant was made, was formerly Minister of Foreign Affairs at Teheran and is a relative of the American Minister, Mortez Khan,

the American Minister, Mortez Khan, and has been in the service of the Shah's State Department for 30 years.

Leading up to the establishment of the new form of government was a period of excitement and unrest among the population, attributed in part to the refusal of Prince Ataback Azarua, the ex-Prime Minister, to grant their demands.

## Opens New Era for Nation.

In the view of the Persian Minister, the decision which was consummated by the convocation of the assembly today marks the opening of a new era in the affairs and conditions of the Teheran government and the beginning of a history of national progress and prosperity.
