CARNAHAN WILL GET ROBB'S JOB

Name Sent to President by Shaw for Astoria Collector.

RECOMMENDED BY FULTON

One of the Faithful 33 Who Voted for Senator in Legislature Will Get Reward—End of a Long Struggle.

OREGONIAN NEWS BUREAU, Washington, Aug. 20.—Secretary Shaw today forwarded to Oyster Bay Senator Fulton's recommendation of C. W. Carnahan as Collector of Customs to succeed Robb at Astoria, Or. The Senator's recommendation is approved by the Secretary, and, if satisfactory to the President, Carnahan will be appointed.

REWARD TO FAITHFUL FRIEND

Fulton Gives Carnahan Plum for Helping in His Election.

ASTORIA, Or., Aug. 20.—(Special.)—The appointment today of Clark W. Carnahan, of Clatsop City, as Collector of Customs at Astoria, ends a long drawn-out fight for the Federal plum and, while the appointment has left some sore spots among the friends of the other aspirants and a few threats of "getting even" are heard, it is apparently satisfactory to the rank and file of the party and to the general public.

At the time Senator Fulton returned from Washington there were several announced candidates for the position, most prominent of whom were W. F. McGregor, chairman of the Republican county committee; ex-State Senator Tuttle, W. L. Robb, the incumbent, and J. S. Dellinger, proprietor of the Morning Astorian, but Mr. Carnahan was not mentioned among the list. Later some of these dropped out of the race and at the time Mr. Carnahan was recommended for the appointment all excepting Mr. Dellinger had apparently either withdrawn or given up the fight as hopeless, and one, at least, had transferred his support to the Carnahan forces. Since the recommendation, the only open fight has been made by Dellinger, who took the matter to Washington in an appeal to the President.

By some Carnahan is looked upon as a compromise candidate, while others assert that his selection was in return for services rendered in aiding to elect Senator Fulton. He was a member of the Legislature in 1903, when the Senator was elected, was one of the solid 33 who stood by the Senator from the opening of the session, and had at the solicitation of the Senator's friends given up a lucrative public position to become a member of the Legislature.

MANY PRAY AND GO MAD

Wild Stories of Panic Carried by Refugees.

BUENOS AYRES, Aug. 20.—The cut-off in the Santiago telegraph line has been repaired, and hundreds of private messages have been received. They report everything in a satisfactory condition there, and say the people are not alarmed. Refugees who are arriving at Santiago from Valparaiso on horseback, and who left there during the worst panic, bring wild stories concerning the number of deaths by the earthquake and fire. These refugees say the deaths number 10,000, and that there are 60,000 refugees in the mountains. A reign of terror prevails, and there are horrifying scenes in all parts of the city. The squares are full of people who have been driven from their homes. Thousands are praying in the streets, and many have gone mad.

The only name yet given of any of the dead is that of Senator Frederic Varela, a prominent leader of the Radical party. Only one small section of the port works was saved. The buildings of the Chilean Tarapaca Bank and the newspaper, El Tertiero, are known to have been destroyed. The report seems to be confirmed also that the customs house has been destroyed.

The government has declared an indefinite period of mourning. One rumor, which is not confirmed, and is believed to be untrue, is that the dead number 11,100 and the injured 60,000.

Public relief subscriptions were opened in Buenos Ayres today. The Jockey Club gave 30,000 pesos. The Argentine government will pass an appropriation for the relief of the sufferers.

No Workmen to Clear Ruins.

LONDON, Aug. 20.—The Tarapaca & Argentina Bank has received the following cable dispatch from Valparaiso:

"Absolutely no work is being done owing to the continuous small shakes since the two severe shocks of Thursday. We cannot get workmen to clear away the debris from the premises. We could start business on Monday, but we are unable to find the other bank managers. Thousands are living in tents and in the squares and parks."

A Liverpool firm today received the following dispatch from Santiago: "I do not think there has been any loss of life or personal injuries among the English residents at Valparaiso. The police arrangements there are thoroughly efficient. Arrangements are in fair progress to supply food to the needy. The fires and shocks are apparently over."

The Antofagasta - Bolivia Railway Company today received a cable dispatch saying that no damage whatever had been done at Antofagasta or at Mejillones, although the shock at Mejillones lasted three minutes.

Chicago Teacher Safe at Santiago.

CHICAGO, Aug. 20.—A cablegram yesterday announced that Miss Agnes Ewing Brown, of this city, was safe at Santiago, Chile, where she passed through the earthquake and fire which demolished the Chilean cities. Miss Brown went to Santiago in May as a director of the normal schools there, under the supervision of the Chilean government. Miss Brown was graduated from the University of Michigan and holds degrees from St. Mary's Academy of Notre Dame, Ind., and from the University of South Dakota.

Says 11,000 Perished in Valparaiso.

PARIS, Aug. 20.—A dispatch from Buenos Ayres confirms the reports of the destruction of Valparaiso. It says 11,000 persons perished. The fire which followed the earthquake prevented the rescue of the victims. The Hotel Ingles collapsed, burying all its occupants.

Conference Will Send Condolence.

RIO DE JANEIRO, Aug. 20.—The American international conference today discussed the question of the location of the next meeting of the conference. Tomorrow's meeting will be one of condolence over the earthquake disaster in Chile.

Relief Fund Started in London.

LONDON, Aug. 21.—(Special.)—A relief fund for the benefit of the sufferers from the Chilean earthquake has been started in London. Many members of the nobility have made contributions, as well as charitable societies and large corporations in the city.

Belgian Colony Is Safe.

BRUSSELS, Aug. 21.—(Special.)—The Belgian Minister at Santiago de Chile has cabled the Government that the Belgian colony in Chile is safe. He also reports that all communication with other towns from Santiago is cut off.

Roosevelt Sends Condolence.

WASHINGTON, Aug. 20.—President Roosevelt has sent a message to the President of Chile, expressing his condolence over the misfortune that has befallen that country.

DEATH INTERRUPTS DINNER

Careless Engineer Kills Italians, Then Flees From Wrath.

CHARLOTTE, Mich., Aug. 20.—Three Italian laborers are dead, two are dying and 15 more are lying injured in the Charlotte Hospital as a result of an engine of a work train on the Michigan Central, two miles east of here, backing into the train while the 50 laborers on the work train were eating their dinner. A majority of the men were sitting about on the flatcars, which were wrecked and thrown off the track.

As soon as the uninjured Italians realized that their fellow-men had been injured, they rushed for the engineer, who ran his engine up the track and escaped before they could do him harm.

RETIRES FROM ACTIVE POLITICS.

Robert R. Hitt.

R. R. Hitt, Congressman from Illinois, has retired from active politics, and Frank O. Lowden, a millionaire, was recently nominated for Congress from the district so long and ably represented by Congressman Hitt. This was a foregone conclusion, and it is understood the nomination is satisfactory to Mr. Hitt, whose health was such as to preclude his remaining longer in active politics. His wishes were strictly adhered to in the matter. Had his health permitted he would have been nominated, but he gave positive notice to his friends six months ago that he would not accept renomination. Mr. Lowden is an able and enthusiastic young man of whom more is likely to be heard.

GREAT STEAMER ON REEF

(Continued From Page 1.)

Captain Saunders, the second and the fifth officers.

The Manchuria is a twin-screw steel steamer of 13,639 gross tonnage, and 8750 net tonnage. She is 600 feet long, with a beam of 65 feet 3 inches and a depth of 33 feet 1 inch. She was built in 1903 by the Camden, N. J., Shipbuilding Company. Commanded by Captain J. W. Saunders, she sailed on August 14 from San Francisco for Honolulu and the Orient with 150 saloon passengers and 8000 tons of freight.

Captain Takes Blame.

The mails have been taken from the Manchuria, but have not yet arrived here. It is believed the passengers will not arrive here before tomorrow night.

Captain Saunders is quoted as assuming all blame for the stranding of the ship, as he was on the bridge and mistook the land for Makapuu Point.

Vicious Murderer Ends Life.

LUFKIN, Tex., Aug. 20.—The man John B. Roper, with many aliases, who murdered without cause two fellow prisoners, white men, named Crowder and Terwick, in the county jail here August 15, beating them to death with a heavy bucket as they slept, ended his life by hanging himself in his cell last night, using a strip from a blanket. He acknowledged a few days ago that he was a member of the Dalton gang of bank robbers at Longview, Tex., in 1892. Sheriff Watts also has evidence that Roper is the man wanted in Arkansas for the murder of Sheriff Boyd in 1898, and for whom a reward of $1000 was offered. Roper acknowledged various other atrocious crimes in Texas, Louisana and Arkansas.

Crash Into Runaway Cars.

BUTTE, Mont., Aug. 20.—A Cheyenne, Wyo., special to the Miner says:

A northbound freight train on the Denver Pacific crashed into a string of runaway cars standing in what is known as the "Hole," three miles south of Cheyenne, this morning. Engineer Alexander Messex was killed and William Snell and Head Brakeman H. H. Adams were scalded and their heads cut, but not seriously. A wrecker was sent out from Cheyenne, but the track was not cleared until this afternoon. No one knows how the cars got out of East Cheyenne yards. Snell and Adams say it was dark and, though they were looking ahead, did not see the runaways.

Japanese Sealers Indicted.

WASHINGTON, Aug. 20.—Acting Secretary Murray, of the Department of Commerce and Labor, today received a telegram dated at Valdez, Alaska, from Walter I. Lembkey, agent in charge of the seal fisheries of Alaska, informing him that the 12 Japanese poachers captured recently on St. Paul's Island while raiding seal rookeries, were indicted last Saturday for violation of the United States law enacted to protect the fur-bearing seals. The prisoners will be arraigned shortly in the United States District Court at Valdez.

STAIN ON THE ARMY

German Minister May Be Forced to Resign.

GRAFT IN THE COLONIES

General Podbielski Has Forced the Issue, and Either He or Prince Buelow Will Have to Retire From Office.

CHICAGO, Aug. 10.—The Berlin correspondent of the Chicago Daily News cables the following:

With the tendered resignation of General Podbielski, the Prussian Minister of agriculture, Germany's colonial graft scandal has assumed an acute phase. Sensational developments, possibly involving the Chancellor in the crisis, are hourly expected.

The latest feature of the affair is the controversy as to the question of veracity beteen Prince Buelow and General Podbielski, which must be decided by the Kaiser. If His Majesty favors Podbielski it will constitute a disavowal of Buelow, necessitating the latter's retirement from office.

A week ago aSturday Prince Buelow caused to be published in one of the Government organs the announcement that General Podbielski had asked early in the week to have his resignation laid before the Kaiser. Thursday night General Podbielski authorized a Berlin paper to say that up to that hour he had not thought of resigning.

According to Prince Buelow, this statement was made when the Minister's resignation was actually in the hands of the Chancellor. It is generally assumed that the Kaiser will stand by Prince Buelow and dismiss the general. If this shall prove to be the case, it will be gratifying to the public, which is of the opinion that Podbielski has violated the German tradition that no Minister of the Crown should be mixed up in business concerns deriving profit from the Government.

From the popular point of view, the entire graft scandal is chefly significant because it besmirches the two dominant German classes, the army and the pomous agrarian element.

BOMBS MEANT FOR FALLIERES

Italian Arrested on Suspicion of Aims to Kill President.

MARSEILLES, Aug. 20.—The police yesterday arrested an Italian anarchist named Cirillo Francez, a bootmaker, on suspicion of being in a plot to assassinate President Fallieres on his approaching visit to the Marseilles exposition. When Francez's lodgings were searched the police found 43 ounces of fulminate, 38 lead screws and other bomb accessories, all of which had been brought from Italy. The arrest was the result of the receipt of an anonymous letter, describing the plot, which had wide ramifications, and it is believed to be connected with the arrest of the Italian on the Franco-Spanish frontier at the time of the attempt on the lives of King Alfonso and Queen Victoria in Madrid. This Italian was released by the French police for want of evidence, but was expelled from the country.

The police have discovered papers and paraphernalia indicating the connection with a band of anarchists of Cirillo.

Estimates Loss at $250,000,000.

PARIS, Aug. 20.—A dispatch to the Havas News Agency from Valparaiso, undated, was received here today by way of Galveston. The correspondent states that 20,000 of the inhabitants of Valparaiso are without shelter, that the number of dead cannot be accurately estimated, though it is very great; that the Villa del Plaza has been completely destroyed and that the property loss is estimated at $250,000,000. The dispatch adds that the staff of the news agency was forced to flee the city and that it is believed several of its members were killed.

Frontier Fortresses Destroyed.

STOCKHOLM, Aug. 20.—The commission appointed to supervise the destruction of the fortresses on the Norwegian frontier in accordance with the Karlstad treaty, has presented its report to the Swedish and Norwegian Governments, announcing that all the measures agreed upon have been executed and that stipulations of the Karlstad convention regarding the frontier fortresses have been carried out.

New Railroad in Manchuria.

TIEN TSIN, Aug. 20.—The Japanese have just completed a railway between Mukden and Sin Min Tin, with the object of carrying the bean traffic to Niu Chantun, opposite Niu Chwang, which hitherto has been carried by the imperial Chinese railways to Niu Chwang. Both stations are in close proximity.

John D. Not Buying Up Africa.

LONDON, Aug. 21.—The managing director of the Tanganyika Railroad Company writes to the Times of today denying that John D. Rockefeller is financing the railway.

Will Attack Zulu Rebels at Dawn.

VRANTZKOP, Natal, Aug. 20.—Colonel Royston's 3000 natives, of whom 1500 are operating from Zululand, will attack the irreconcilable natives at dawn tomorrow.

Murdered for His Money.

SAN FRANCISCO, Aug. 20.—John Pfitzner, proprietor of a small shoe store at 937 McAllister street, was brutally murdered and then robbed in broad daylight in his place of business this afternoon. He was found by a woman, lying on the floor in a pool of blood, his head crushed in, evidently with a heavy iron window hanger, lying near the body. He had been robbed and his pockets were turned inside out.

It is the theory of the police that the crime was the work of two men. It is known that Pfitzner had about $140 which he intended to bank this afternoon. It is supposed that the men knew this and killed Pfitzner in order to obtain it.

Ecuador Adopts New Tariff.

WASHINGTON, Aug. 20.—Ecuador has proclaimed a new tariff schedule, which has just reached the State Department, and will become effective November 1. The schedule provides for a complete reclassification and makes reductions on some classes of goods sent from the United States to Ecuador, but makes no marked alterations in the chief exports from this country to Ecuador.

A reduction of about one cent a pound is made on manufactured steel, iron, brass, bronze, copper and tin. On flour and lard there is no change in duty.

The American flour trade with Ecuador shows a marked increase. In 1904 it was $159,841, and a year later the total was $279,000. The exports to Ecuador from the United States for 1905 aggregated $1,750,000 and the imports from Ecuador were $2,500,000.

A curious feature of the new tariff act in Ecuador is that it permits Cabinet members to enjoy exemption from duty on goods they import for their own use.

CAR JUMPS TRACK AT CURVE

Wrecked While Going at High Speed, and Three Are Killed.

WAPAKONETA, O., Aug. 20.—Three persons were killed and a dozen injured tonight when a car on the Western Ohio Electric Railroad jumped a curve near this city, while going at full speed, and was wrecked. The dead are:

JOHN VAN CLAPPER, motorman, Lima.
OTTO KOCH, passenger, Wapakoneta.
MISS EVA RINARD, 18, Criderseville.

DAILY CITY STATISTICS

Marriage Licenses.

Nitrate Regions Unaffected.

BERLIN, Aug. 20.—The Chilean Consul has a cable dispatch from Iquique announcing that the nitrate region has not been affected by the earthquake. The German Oversea Electrical Company today received a cable message from the Chilean Electric Street Railway & Light Company at Santiago announcing that its power station and other equipments had not been damaged.

Hawaiian Population Grows.

HONOLULU, Aug. 20.—Estimates for the annual report of Governor Carter place the population of the islands at about 209,000. The census of 1900 showed it to be 154,000. The new estimate is based upon the school enrollments. In 1900 the number of pupils was 15,537, while this year it is 21,143.

Cossacks' Revenge on Tatars.

TIFLIS, Aug. 20.—Telegrams received here from Shusha report that a band of Tatars from the direction of Mateno attacked a party of Cossacks, who were on the march, killing four of them. A squadron of Cossacks destroyed the Tatar village.

Laborer Fatally Injured in Fight.

SAN FRANCISCO, Aug. 20.—An aged man known as Victor, employed by the United Railways as a laborer, died today from injuries received in a fight last night. John N. Giannicchia is under arrest charged with manslaughter.

Silvertonian's Sudden Death.

SILVERTON, Or., Aug. 20.—Scott Sawyer, proprietor of the Silverton Steam Laundry, dropped dead Saturday evening at the Breitenbush Hot Springs, where he had been for a week.

Portland Loses at Cricket.

VICTORIA, B. C., Aug. 20.—A cricket tournament, in which Portland, Washington, Nelson, Vancouver and Victoria teams are entered began here today. Nelson defeated Portland and Vancouver won from Washington.

Vienna Correspondence of "The Musical Courier"

VIENNA, January 25, 1906.

Rosenthal's concert with orchestra took place January 8 in the Music Hall, which was sold out six weeks before the concert. Rosenthal is the greatest drawing card of any pianist who plays here. He achieved the greatest success of any pianist since Liszt and Rubenstein played within the walls of this famous hall, where nearly all our greatest musicians have been heard.

The Great

Rosenthal

ASSERTS THAT NOTHING HAS MORE CLOSELY APPROACHED HAND-PLAYING THAN

The Pianola

"The Pianola is certainly a most ingenious invention, and I feel quite sure that nothing has more closely approached hand-playing.

"I was greatly delighted to hear it play the Chopin Study at my own tempo. It seems to me greatest in brilliant show-pieces. I want you to send one to my sister, who will be greatly surprised to hear my Chopin Study when I am so many thousand miles away."

MORIZ ROSENTHAL.

CONSIDERING the source from which the above indorsement comes, this is one of the most significant of the many tributes that have been paid the Pianola.

It is important to remember that the instrument indorsed by the great Rosenthal and other eminent musicians is the Pianola, made only by the Aeolian Company. No other Pianoplayer is entitled to the name.

The genuine Pianola and Pianola Piano are on sale only at
