

PUBLICITY WORK AT STATE FAIR

Many Addresses Will Be Given Before Oregon Development League.

SEPTEMBER 11, 12 AND 13

Portland Will Have Day When Many Residents of the Rose City Will Journey to the State Capital.

Thursday, September 13, will be Portland Day at the State Fair to be held at Salem. The Oregon Development League will hold its convention September 11, 12 and 13 at the same place, and owing to this fact has invited several prominent men of this city, including Mayor Lane, to address the meeting on Thursday afternoon. Other addresses will be made by President F. W. Leabetter, of the Portland Commercial Club; President R. Hoge, of the Chamber of Commerce; President Willis Nash, of the Portland Board of Trade, and President Fletcher Linn, of the Manufacturers' Association of the city.

During the proceedings it is expected that there will be addresses by each of the vice-presidents of the league. Thomas F. Ryan, of Oregon City, will participate in the road work discussion; Peter Logg, president of the North Bend Chamber of Commerce, will give the benefit of his experience after a thorough trip over the state; James Patton, of Fort Klamath, will tell how irrigation is carried on there. Irrigation, of course, will come in for discussion at various times. Mayor Wise, of Astoria, will have a message for the convention from the city by the sea—his exact subject, however, has not been decided upon as yet.

There is a growing determination on the part of the people of Oregon to advertise thoroughly the resources of the state without reference to the cities or towns, and no feature of this convention will attract more attention than the discussion of a specific appropriation, how it is to be used and what it is intended to accomplish.

Meeting Is Important. The most important meeting yet held by the Oregon Development League will be called to order by its president, Theodore B. Wilson, at 10 o'clock Tuesday afternoon, September 11, at the auditorium on the State Fair grounds.

Welcoming addresses will be delivered by W. H. Dowling, president of the Oregon State Board of Agriculture on behalf of the Oregon State Fair; by F. N. Derby, president of the Greater Salem Commercial Club, on behalf of the city, and by Governor Chamberlain, on behalf of the state.

Responses will be made by Theodore B. Wilson, president of the league, and E. L. Smith, of Hood River, its one exponent. There will also be five-minute responses by the vice-presidents: A. Bennett, the Dalles; E. F. Mulkey, Ashland; S. H. Friendly, Eugene; J. T. McCormack, Marshfield; and George T. Baldwin, Klamath Falls.

The balance of the afternoon will be taken up by reports from each and every organization represented. This will be in the nature of an experience meeting, which has proved at a number of the most interesting features of the league's programme. Committees will be appointed to report the following morning.

There will be no general meeting in the evening, as all the committees will utilize this time to prepare complete reports to present to the convention next day.

The Programme. The advance programme is as follows: Wednesday, September 12—Convention meets at 10 A. M. "How to Get More People." C. W. Mott, general immigration agent, Oregon; W. E. B. Smith, Paul, Minn.; "Immigration Advertising." C. C. Chapman, president Chapman Advertising Bureau, Portland.

Thursday, September 13—Convention meets at 10 A. M. The morning will be devoted to a good roads programme under the charge of Judge John H. Scott, president of the Oregon Good Roads Association. "Fighting Oregon for the World." F. E. Scottford, representative of the Quoin Club, New York City; "Real Results from Immigration Advertising." E. C. Rohrbach, secretary of publicity and promotion committee, Spokane Chamber of Commerce; "Oregon at the Jamestown Exposition." Jefferson Myers, president of the Oregon Exposition, Exposition commission; "Resources and Advantages of the Coos Bay Section." L. J. Simpson, Mayor of North Bend; "Benefits of Organization." W. E. Stowell, editor of the Oregonian and who now holds the same position with the Chronicle at San Francisco, is a guest at the hotel; "The Oregonian." Accompanied by his bride, Mr. and Mrs. Stowell arrived from St. Louis yesterday and are on their wedding tour. They will leave this evening for the Golden Gate City Hotel, Portland.

blouse and nothing remained on the valuable tract except a few amorphous stumps. The owner was distracted. For years he had held onto the claim and then to think that it had been destroyed, and only a few days after he had turned down an elegant offer. But the ill wind that blows nobody good changed and Mr. Metcahan's timber was saved, and it still stands waiting for the mighty woodman with his ax.

PAINTERS GIVEN ADVANCE

Wages Raised 70 Cents a Week With Half Holiday on Saturday.

At a meeting held at Drew Hall Thursday evening between employers and painters and the special committee of the Journeymen Painters' Union, the union's proposition for an increase in wages was discussed. The utmost good feeling prevailed and the men secured their demands without a dissenting voice.

Heretofore the journeymen painters have been receiving \$18 per week for an eight-hour day, and the new scale of 42 cents per hour, with a half holiday on Saturday, will bring their weekly stipend to \$18.70.

The Painters' Union was represented at the conference by its special committee, consisting of E. H. Dickard, A. B. Nawradal, E. L. Hawley, W. G. Todd and Harry Tompason, and the majority of the employing painters of the city represented their organization.

The new scale is to go into effect on Monday, September 17.

Attorney McAllister instituted habeas corpus proceedings before Judge Gantenbein in the Circuit Court for his client, Rev. Mr. Holman, and the latter will have a hearing this morning.

The traveling companion of Rev. Mr. Holman, C. C. Wing, who is blamed for the trouble, has disappeared while on parole given him by Acting Chief Gritzmacher, and the police authorities have a crew as to the whereabouts of the man.

TO BEGIN WORK NEXT WEEK

Committee Will Solicit Funds for Alaska Steamship Project.

Active canvass toward soliciting subscription for the proposed Portland-Alaska steamship project will be commenced next week. This was decided at a meeting yesterday afternoon of the committee appointed to investigate the proposition. The committee yesterday adopted and approved the prospectus issued by the committee, and the printed pamphlet will be distributed among the business men who are to be consulted on the affair.

The prospecting work is to be systematized and different committees appointed to call on the various firms and merchants. The meeting was held this morning when the committee will be named.

THOMAS CANNING WILL BE BURIED IN SHADOW OF THE STATUE OF WHICH HE WAS THE MODEL

SOLDIERS' MONUMENT IN RIVERVIEW CEMETERY. IN THE UPPER CORNER IS A PORTRAIT OF THOMAS CANNING.

The death of Thomas Canning, which occurred Thursday afternoon, brings back to memory the scenes of the Spanish-American War and the events following thereafter, and interest centers around the monument in Riverview Cemetery for which he was the model.

Canning was a fine type of the Oregon volunteer, and was selected by Colonel Gantenbein as a model for the statue. He was posed according to Colonel Gantenbein's instructions, and photographed by E. W. Moore, and the photographs, together with designs drawn by Architect D. D. Neer, were sent East and the monument cast.

No definite arrangements have been made for the funeral of Thomas Canning pending communication with his sister in Duluth, Wis., and his mother, who is somewhere in the East. In case they can be communicated with the funeral will be held Sunday afternoon from Finley & Son's undertaking chapel, under the auspices of Scott Young Camp, United Spanish War Veterans. If they are not reached the funeral will be postponed till Monday. The interment will be in the soldiers' lot at Riverview Cemetery, under the shadow of the monument for which he was the model.

SUES POLICE CHIEF

Woodchopper Asks Balm for Injury to Good Name.

SPITE WORK IS CHARGED

Plaintiff Was Arrested and Held on Suspicion of Finnish Assault Upon Little Girl in South Portland Hills.

Peter Johnson, alias John Peterson, a woodchopper who was arrested on suspicion of having assaulted 3-year-old Florence Lavery, daughter of Harry Lavery, steward of the Elks Club, yesterday commenced suit in the State Circuit Court against Charles H. Gritzmacher, Acting Chief of Police, and the United States Fidelity & Guaranty Company, surety for Acting Chief Gritzmacher, for \$10,000 for false arrest and imprisonment.

The complaint recites that on August 9, 1906, C. H. Gritzmacher maliciously and with intent to injure Johnson, alias Peterson, imprisoned him in the City Jail and kept him there for a period of seven days without cause or authority, and declined to allow him to see his friends. It is alleged that the fact of the arrest was published in the newspapers, and plaintiff was humiliated and disgraced and his good name injured.

A copy of the bond for \$500, signed by the United States Fidelity & Guaranty Company, wherein it is stipulated that payment damages will be made for illegal arrests or imprisonment of any person by Acting Chief Gritzmacher, is attached to the complaint. Harry Yankovich appears as plaintiff's attorney.

WOULD OPERATE QUARRY. Willamette Stone Company Asks That Injunction Be Removed.

The Willamette Stone Company desires to be relieved from the order made in the State Circuit Court enjoining the operation of its quarry and rock crusher at Marzloff's Gulch. The suit to restrain the operation of the quarry was brought by William Martzloff, who owns a dwelling-house in the gulch. E. J. O'Neil, attorney for the defendant, yesterday filed an affidavit stating that the Martzloff house is old and dilapidated and contains a "rotten blast" and no danger to the Martzloff family. William Joplin has filed an affidavit that the quarry is 175 to 200 feet from the house, and the blasts are not heavy enough to injure or shake the building.

Robert Elliott has filed an affidavit that there is no scattering stone from the blasts, and no danger to the Martzloff family. William Joplin has filed an affidavit that the quarry is 175 to 200 feet from the house, and the blasts are not heavy enough to injure or shake the building.

Some time ago Martzloff sued J. W. Sweeney, the principal owner in the stone quarry, for damages, which case has been disposed of. Mr. Sweeney has to furnish the city a bond in the sum of \$1000 to be allowed to operate the quarry.

WORK OF JUVENILE COURT

Review for First Year of Existence Shows Excellent Results.

The first annual report of the Juvenile Court of Multnomah County has just been published in pamphlet form. The review is for the year ending June 30, 1906, and shows that the work has been attended with most satisfactory results.

The number of children brought before the court was 70, including 185 boys and 115 girls. Of the number 124 were dependent children and 54 delinquents.

There were not many serious cases where reformation or great improvement was not made, and there were only 17 commitments to the Reform School. The expenses of the court for the year were \$200, but next year the expenses will probably exceed this sum, for the reason that one officer had only been employed two months within the year. Two officers will serve the coming year.

The book contains interesting articles written by Judge Frazer and others connected with the court.

SUES STREET-CAR COMPANY

Charlotte Campbell Asks Damages for Injuries Sustained in Fall.

Charlotte Campbell, who alleges that she was thrown from a car at Morrison and Sixteenth streets on June 20, yesterday commenced suit in the State Circuit Court against the Portland Railway Company in the State Circuit Court for \$583 damages. This includes general damages, a doctor's bill of \$88 and \$110 per week for loss of time. She was incapacitated for six weeks.

The accident is alleged to have occurred because the car was suddenly started as plaintiff was alighting. She says her head struck against the step, causing a painful wound.

BRINGS SUIT AGAINST WIFE

Fred Smith Alleges That He Was Arrested on Baseless Charge.

Fred F. Smith yesterday began suit against Frances D. Smith for a divorce charges on July 11 last. He had an examination before Judge Cameron, and the case was dismissed. Mr. Smith also accuses his wife of cruel treatment.

They were married in Portland in October, 1902, and have no children. The couple resided in Gates' addition to East Portland.

one to Detroit and the Canadian Pacific regular passenger train from Toronto collided at a crossing just east of this city today. The Canadian Pacific Engine No. 100, which was carrying a load of lumber, was killed; Fireman Patterson, of this city, was seriously injured; Baggageman Alexander Wiley, of this city, was probably fatally injured. None of the passengers on either train was injured.

WILL CURB THE COLORADO

Southern Pacific Engineers Plan to Expend \$700,000 in Task.

SAN FRANCISCO, Aug. 24.—Southern Pacific officials state that the Salton Sea in the Colorado desert is rising less than an inch a day now, and they expect in a few weeks to begin work on a plan by which the Colorado River will be once again restored to its old channel. This will probably cost the company \$700,000. A large force of men and teams is to be employed to build heavy embankments where the river water is flowing into old channels and thence into the Salton Sea, which is 20 feet below the level of the sea.

Engineers in the employ of the railroad state that once the river is sent back into its old channel the water in the Salton Sea, notwithstanding it is 20 feet below in many places, will, through percolation and rapid evaporation under the terrific heat of the desert, all disappear within two or three years.

Low Rates East on Apples.

SAN FRANCISCO, Aug. 24.—An important action has been taken by the court officials of the Southern Pacific to allow the California farmers to compete with the Eastern trade. The freight rate on apples to Chicago and main line points west of that city will be reduced from \$1 per hundred pounds to 85 cents. The rate on the Eastern trade, however, is large this year, and the fruit is selling at such reduced prices that if the local farmers had to pay the old rates they would have been unable to compete.

Ask a Reprieve for Weber.

SACRAMENTO, Cal., Aug. 24.—F. P. Tuttle and Charles P. Tuttle, attorneys of Auburn, have filed with Governor Pardee a petition for a reprieve for 60 days in the case of Arthur Weber, convicted of the murder of his mother and sentenced to hang at Folsom on September 12. Five of the jurors who found Weber guilty signed the petition to the Governor. The attorneys say they desire time in which to prepare a petition asking for a commutation of sentence to life imprisonment.

EARNINGS SHOW INCREASE

California Lines Not Injured by the San Francisco Disaster.

SAN FRANCISCO, Aug. 24.—The gross earnings of the Southern and Union Pacific roads, and of the Santa Fe, for July and the first two weeks of August, show an increase in their California overland traffic; so also in the state and coast business of the Santa Fe, Southern Pacific, all of which in the opinion of the officials reveals the remarkable business vitality of San Francisco in particular and California in general.

In spite of last April's fire and subsequent temporary demoralization of all kinds of business, the Santa Fe's gross earnings for the fiscal year ending June 30 last amounted to \$78,044,000, an increase of \$9,668,000, or 14.1 per cent, over the year before. Net earnings were \$25,646,000, a gain of \$6,885,000, or about 30 per cent.

In the last fiscal year the Southern Pacific earned gross \$105,619,114, with net earnings of \$36,025,464, and a surplus of \$1,220,710. During the same year the Union Pacific's gross earnings were \$60,315,542, with net earnings amounting to \$20,817,769, and \$7,767,491 of other incomes.

Opera Singer to Be Deported.

NEW YORK, Aug. 24.—Because he is suffering from trachoma, an affection of the eyes, Felix Viochi, promoter at the Metropolitan Opera-House, and a member of the state senate, was deported today on the steamer Vanderland, by order of the immigration officials. Mr. Viochi had just returned from Italy, whither he went in the Spring with his wife, for rest, following the effects of the San Francisco earthquake. Mr. Viochi vainly appealed to the Department of Commerce and Labor at Washington that the order of the special board of inquiry which acted on his case, be rescinded, on the ground that the Marine Hospital
