

JEROME FORGED INTO THE RACE

Money Power That Backed Parker Took Action to Defeat Hearst's Ambition.

OTHER CANDIDATES BALK TO SUSTAIN CHARGES.

Tammany Leader Will Be Obligated to Support One of These Men, Both of Whom Have Tried to Put Him in Jail.

NEW YORK, Aug. 27.—(Special).—The positive announcement by William Travers Jerome that he is a candidate for the Democratic nomination for Governor has partially cleared the political atmosphere, and made it certain that there will be jolly times in the Empire State this fall.

The men back of Jerome are practically the same ones who forced the nomination of Parker, two years ago. They are confident they will control the Democratic State Convention next month, but if they fail are prepared to do as William Randolph Hearst has planned. Hearst will run, regardless of what the Democratic convention may do. And although Jerome does not say so publicly, yet it is his intention to do precisely the same thing, although he has announced himself as a candidate for the Democratic nomination.

"Shameful" Refers to Hearst.

Mr. Jerome in his proclamation says: "In the present shameful condition of our political life in this state I am willing to run for the office of Governor," etc. The "shameful condition" to which Mr. Jerome refers is understood to be the possibility of the nomination of Hearst, County after county up state, where the conventions are held earlier than in New York and Buffalo, have endorsed the editor. In fact, he has only lost one contest, that in Franklin County, and there the victors only had a majority of one vote.

Jerome's announcement was made in the hope of giving the demoralized country Democratic a standard-bearer around whom they could rally. Every other candidate who was spoken of refused to consider the matter, but Jerome finally yielded to the prayers of his friends.

Murphy in a Pretty Fix.

The position in which Charles F. Murphy, leader of Tammany Hall, is placed by present conditions, causes even his friends to smile. He will be obliged to support either Hearst or Jerome. Hearst has declared in his papers and on the stump, that Murphy is a thief, an ignoramus, an unfit boss, and 57 varieties of a miserable scoundrel, and he has repeated much of it quite recently. Jerome has made the same charges, and has been as enthusiastic a "booster" of Murphy as has Hearst.

Hated Is Very Intense.

"If Hearst and Jerome had a duel with knives, and Murphy was the only spectator, he would not interfere until one of them was dead, and then he would try to put the survivor out of his misery." And now Murphy must say which one he prefers as his candidate for Governor, because there is not another aspirant in the field.

Connors Calls Him a Snake.

On the other hand one of the prominent Hearst boomers is "Finkey" Connors, of Buffalo, who is slated for State Commissioner of Public Works, a place with vast patronage, in case Hearst is elected Governor. Connors has characterized Murphy as a political snake and an absolute detriment to the party, while Murphy—who he has said terrible things about Connors.

Jerome People, however, are not concerned that Murphy will line up with them. The financial interests will see to that, is the diplomatic way they put it.

Brake on Hearst's Wheel.

Jerome himself believes he could win as an independent candidate, but August Belmont, Thomas F. Ryan, Alton B. Parker, William Sheehan and the other Jerome boomers hope to do no more than to make Hearst's success impossible. Governor Higgins is reported to be very well satisfied with the hopelessly demoralized condition of the enemy. He hopes, however, that Jerome will be the regular nominee and Hearst the independent, rather than the other way, for he does not share the belief of Belmont et al., that Jerome is a hard man to beat.

Higgins remembers that two years ago they made a woeful mistake regarding the vote-getting qualities of one Alton B. Parker, of Esopus, near Kingston, N. Y.

CONFERENCE OF JEROME MEN CALLED.

NEW YORK, Aug. 27.—The Evening Post today announces that a number of independent Democrats have signed and issued another circular calling a conference at Albany, September 5, at which every county in the state will be represented. The circular announces that addresses will be made at this conference by District Attorney Jerome, and that other names have been invited to speak, including Major J. N. Adams, of Buffalo; Edward M. Shepard, of Brooklyn; and D. Cady Herrick.

FILLING THE TOWN

Bryan Receptionists Everywhere in New York.

NEBRASKA'S BACK IS UP

St. Louis Plutocrat Wants Bryan to Cruise on Yacht Before Landing, but Meets Objection—Delegations Pour In.

NEW YORK, Aug. 28.—The town is filling up with Bryan-welcomers and other excursionists. From now on until the day of the reception delegates from all over the country will be arriving almost hourly, and they will bring with them a lot of others.

Attorney-General J. Cunningham, of Louisiana, reported at the Victoria Hotel headquarters yesterday that he expected a delegation of about 25 from New Orleans next Wednesday. The West Virginians have begun to decorate at the Hotel Breslin, where they will have headquarters. The Missouri and Illinois men, who will lead the delegations in point of numbers, were expected to arrive early today. The St. Louis Democratic Club, 250 strong, will reach here on a special train on Wednesday morning. Iowa is sending a delegation of about 20 on a special train.

Edward F. Gottra, of St. Louis, upon whose yacht, the Illinois, Mr. Bryan will be taken off the steamship at Quarantine, said yesterday that he did not know who would be his guests with the Bryans aboard the Illinois.

The program for the reception at the Battery on Thursday will be the simplest possible. Mr. Bryan will be met as he steps off the yacht by Acting Mayor McGowan, President William Hoge, of the Commercial Travelers' Anti-Trust League, Lewis Nixon, chairman of the plan and social committee, and one or two others. Probably Mr. McGowan will extend the freedom of the city to Mr. Bryan, who will be escorted to a carriage, in which the acting Mayor, Mr. Hoge and Governor Folk will also ride.

The proposal to have Mr. Bryan spend a part of the time before he lands, especially at the Battery in a yacht does not meet with favor with the Nebraska delegation, it is said. Mayor J. C. Dahlgren, of Omaha, who has been made chairman of the delegation, said:

"We are going down to meet Bryan in a boat, and you can bet we will bring him back. I've got to have my myself."

Last night the Nebraska delegation went to a theater to see the play written by Mr. Bryan's daughter.

TILLAMOOK HAS FINE ROADS

Residents of County Are Enabled to Attend Fair in Large Numbers.

SALEM, Ore., Aug. 27.—(Special).—Even the people of Tillamook were astonished at their own resources and the magnificent display of products made at the County Fair last week.

SALEM, Ore., Aug. 27.—(Special).—The fair was an unqualified success. It was the first event of the kind in the history of the county. The people did not know what their resources and their enterprise would enable them to accomplish. There was a large attendance, but chiefly from the various sections of Tillamook County.

"Of course, dairying was the principal industry represented, for Tillamook is primarily a dairying county. The class of cattle brought to the fair shows that the people are wide-awake and progressive, for they have introduced thoroughbred stock and brought their herds to a very high grade. There were no 'show' cattle here, but the stock was such as has been brought direct from the dairies and represented the best wealth-producing stock of the county."

"Great interest was taken in the Farmers' Congress, which was held on Friday, December 15. Two masked men held up Continental Saloon, 481 Sherlock street, rob till of \$125, murder Thomas Flemming and shoot R. Hough through the right arm.

December 15—Paul C. Aylesworth knocked down and robbed of \$50 in the terminal garage by highwayman.

December 21—Two masked men attempt to force entrance into room of Dave Forbes, but are driven off after shots are fired at them through the door.

December 24—John Delina, an Austrian stabbed six times in the body in a South Portland saloon.

December 26—Dr. W. H. Dreesen sandwiched at Sixth and Madison street by highwaymen. His dog King saved him, but the thugs made their escape.

January 17—Mrs. W. B. McHugh, 231 Ivon street, robbed.

January 19—Victoria saloon held up and A. W. Blush, proprietor, robbed.

January 20—Dr. C. K. Manion and Miss Reagin held up.

January 22—Residence of Dr. George F. Wilson burglarized.

January 25—Rev. G. L. Tuffe held up.

February 3—Mah Sims murdered by Lee Chung, who submits to arrest.

SHALL GIRLS WEAR PANTS?

Future of Sugar-Beet Industry in Nebraska Hinges on Question.

AMES, Neb., Aug. 27.—(Special).—The future of the beet sugar industry in Northern Nebraska depends upon a question of personal ethics. "Shall girl-bee-weeders at work in the fields wear overalls or skirts?" is the issue.

The girls themselves and the beet-raisers declare for overalls, which are now generally worn by women in the field work, but Rev. Charles Savage, an Omaha evangelist who a short time ago became famous by causing a minister and his wife to become "brother and sister" when he preached against divorce, has now condemned the practice as "immoral" and leading to the destruction of modesty.

The girls and women declare they cannot make a living working in skirts, as they are paid by the row.

TRIES TO HANG HIMSELF

Prisoner in City Jail Cut Down Just in Time.

With a thin strap tied tightly around his neck and his face covered with a red handkerchief, Richard Stark, arrested on the morning of August 26 for roaming after hours, attempted to commit suicide at the City Jail last night.

About 11 o'clock there was a loud shaking of bars inside and when Patrolman Gruber, who had just gone to the station, went in, he saw Stark hanging by the strap from the bars in cell No. 8. Rushing into the cell, Gruber cut the strap and let the man to the ground. The strap was taken away from Stark, but he declared that if he could not commit suicide one night he would do it the next.

Captain Bailey took charge of the relief shortly afterwards and kept a sharp lookout after Stark to see that he did not attempt to do himself bodily harm. He did not, however, repeat the act, and spent the rest of the night in peaceful slumber.
