tivity in industry, sto, the present eliuation is probably the most remarkable in the his-tory of Wall attract. Not in the memory of the oldest operator has there been a time when the financial sides were so universally bright or so free of clouds. The plans of our large operators, therefore, need cause no surprise; they are the natural sequence of the times. While their methods may have involved them in an outburst of ortitelasm, their objects are the same as those pursued by all other men in saling employment. They have large amounts of stocks to sell, and the probabilities of finding a profitable market are beyond their most hopeful dreams, There is nothing unusual, therefore, in their pulling to-

west. It finally weakened a little on hearish Russian news and closed 15c net lower, May closed \$415c; September, 7916c; December, SIMO Hides, hops and wool, steady. Grain at San Francisco

Monday by the Federal grand juries on charges of accepting rebaies from rall-roads has not been settled. A bond of \$25,000 was filed by Judge Bethea when the first indictment was returned against the company several weeks ago. The inthe company several weeks ago. The in-dictment was on 10 counts, and if the same ratio is maintained with the 6425 "counts in the ten returned on Monday,

the required bond would be \$3,550,000. "I don't think bond will be required," maid John S. Miller, attorney for the Standard Oil Company yesterday. "So far as I have been able to there is no provision requiring it when a corporation is indicted. The Standard Oll Company is not going to run off to Europe. It is different when an individual is charged with crime.'

13

of opinion that few, if any, plantations will show a yield much over 200 pounds per acre, whilst not a few will fall below that figure.

There is yet plenty of time for a from mould, which is plentiful,

advanced.

this year.

The Waterville (N. Y.) Times of August

Humphreys are being ploked this week Humphreys are being ploked this week and by Monday work in the late crop will be general, it having ripened very fast in the past two weeks. Some growers of the late varieties are ploking them this week. The Humphreys are coming d wn very well and in fine condition. We have heard of no sales of these. The late yards are still in such a condition that former estimates of an ex-cellent crop in yield and quality are still justified. It doesn't seem as if anything could hurt them now with the harvest bo near. One grower has odd one-half his near. One grower has sold one-half his crop at 20 cents.

# WHEAT MARKET WEAKENS.

## Milliers Have Apparently Bought All the Grain They Need for the Present.

The wheat market has become very quiet in the last few days. The millers who furnished most of the aclivity at the opening of the season are practically out of it now, evintly having provided for their early requiroments and some of them may have taken on more than they needed at the higher prices. At any rate, there is hardly any buying new and in the absence of deand prices have eased off until 66 cents track is quoted here for club and 69 cents for bluestem. These are export prices, but as there is no foreign inquiry, the shippers are doing no more than the millers. Even the California situation does not offer any encouragement for active trading in the near future.

In the opinion of some of the local grain merchants prices here must fall away a full 4 cents more before the market gets on a satisfactory business basis. They figure that Coast prices are that far out of plumb with the Eastern market and until the parity is restored normal conditions will not prevail. An equal advance at Chicago would answer the purpose just as well, but they would be surprised should that market gain much in the face of crop conditions,

# FRONT-STREET BUTTER ADVANCES. Best Brands Are Quoted Up to City Cream-

## ery Prices.

Top grades of outside oreamery butter, handled by Front-street commission firms, ere advanced to 27% cents yesterday. Other grades were quoted on the streat down to 24 nuc. Most of the city creameries held at 274, cents and all will probably reach that mark today. A strong market can be looked for until after the Fall rains begin.

The cheese market is firm at unchanged prices with a good local and shipping demand. There were no new developments in the eng situation postenday. The range of prices quoted was not so wide and most of the day's business was done around 2315 and 24 cents. It is said that a considerable quantity Eastern eggs are being worked off as Oregons. and as most of the imported sugs are of good quality, no complaint is heard.

Receipts of poultry were light again yesterday and though the demand was not very brisk, nearly all the arrivals were moved.

## Bank Clearings.

Bank clearances of the leading cities of the Northwest yesterday were:

# Celebration at Ossawatomie.

OSSAWATOMIE. Kan., Aug. 29--A semi-centennial celebration of the bat-tle of Ossawatomic was begun here to-day in this, the ons-time home of John Brown. While the battle of Ossawatordie was but a skirmish when com-pared with the many conflicts that followed, it was here that the advo-cates of abolition made their first stand against slavery, and more than ordinary interest, therefore, surrounds the place. Business houses and resi-dences are decorated with flags and bunting, and hundreds of persons are here to attend the affair. Today Representative Charles F. Scott, of Iola, delivered the principal address. Vica-President Charles W. Fairbanks will President Charles W. Falrbanka will arrive tomorrow morning and speak. An impressive service was conducted at the monument of John Brown. A chorus of 60 voices sang the "Star-Spangled Banner," which was taken up by 4000 spectators. The cavalrymen, drawn up in line, saluted, and a cheer which echoed from bill to bill service.

which echoed from hill to hill was sent up. Then the Nalional colors were run up on a flagpole 80 feet high, after which Rev. C. K. Creager offered a prayer and the crowd marched to the grove on the battle ground.

## Mrs. Cleveland Climbs Mountain.

MOUNT WASHINGTON, N. H., Aug. 29, -Mrs. Grover Cleveland, wife of the ex-President, walked up Mount Wash-ington yesterday with a party of friends. It was the longest mountain climb Mrs Neveland has ever taken, but she stood the journey well.

# Laborers Killed by Train.

LOVELAND, O., Aug. 29 .- Four Greek laborers were killed and another fatally injured by being struck by a Baltimore & Ohio Southwestern train at Symmes, three miles from

Mathew J. Patton, a native of Oregon, aged
