

REBELS DESTROY RAILROAD BRIDGES

Hostilities Resumed in Cuba Day American War-ship Arrives.

ALL SANTA CLARA REVOLTS

Communication With West of Island Cut—Fighting in Havana Suburbs—American Jackies Ready to Land.

HAVANA, Sept. 12.—The insurgents in Pinar del Rio and Santa Clara Provinces today signalled the resumption of war by blowing up railroad bridges, blocking traffic and committing other acts of destruction. The event of today in Havana was the arrival late this afternoon of the United States protected cruiser Denver. When the flag on Morro Castle signalled the approach of the American warship, the news spread with rapidity throughout the city, and large crowds hastened to the wharves. Immediately after the Denver anchored, Ernest Binkley was sent ashore to the American legation to notify Charge d'Affaires Sleeper of her arrival and that she was at the legation's service. Asked as to the Denver's available landing force in case of necessity, Commander Wells said that while he carried no marines at present, she had 150 well-drilled and armed sailors and several field guns, which could be put ashore on 15 minutes' notice.

Railroad Bridges Blown Up.

The resumption of activities in the field thus far has principally affected railroad property. In Pinar del Rio Province, the Western railway bridge at Taco Taco was partly destroyed. The bridge over the Santa Clara River, which was recently damaged by insurgents, is being repaired, while being guarded by Major Clew's rapid-fire gunners. Railroad communication with Western Pinar del Rio Province is now wholly cut off. It is believed that this is not the work of Pino Guerrero's men, but of others working in co-operation with him.

A railroad bridge on the line of the Cuban Central road between Cruces and Las Alias, near the Trinidad sugar estate, managed by O. B. Stillman, of New York, has been blown up. The manager of this railroad reports that insurgents also are taking stores.

Alarmed About Santa Clara.

It is known that the government regards the situation in Santa Clara Province as even more dangerous than in Pinar del Rio on account of the number of insurgents in the former province, who are now variously estimated at from 8000 to 12,000. More fighting was reported today in the vicinity of Consolacion del Sur.

Fighting Near Havana.

Several minor fights are reported this evening, two of them quite near Havana. At Luyana, just south of Havana Bay, 200 shots were exchanged between rural guards and a band of insurgents. The latter dispersed. Near Punta Brava, west of Havana, there was a hot skirmish, details of which have not yet been received. In a fight today near Santa Clara City, three insurgents were killed, one was wounded and seven were captured.

Veterans Hold Down Santiago.

General Salvador Rios, a prominent veteran, declared upon his return here from Manzanillo, in Santiago province, that all the veterans of the eastern part of the island would hold together and maintain peace in the province, apart from any action by the government.

Palma Buys Another Yacht.

NEW YORK, Sept. 12.—The Cuban Government has authorized the purchase of the steam yacht Anita, of Philadelphia, which is to be used as a coast patrol. The Anita, according to the yacht register, is owned by George H. Wilson. She is 187 feet over all and registers 222 tons gross.

Cuba Buying Horses.

ST. LOUIS, Sept. 12.—Dr. H. Laline, a representative of the Cuban Government, today purchased 500 horses to be used in putting down the rebellion. The horses were immediately shipped to New Orleans. Fifteen hundred more are to follow.

ANOTHER FLORODORA GIRL

Says Rich Husband Abandoned Her Week After Marriage.

CHICAGO, Sept. 12.—Francis A. Cuddihy, said to be a member of a wealthy Eastern family, was today held for the Criminal Court on a charge of wife abandonment. Mrs. Cuddihy, who preferred the charge against him, was prior to her marriage, Lillian Hallihan, who was a member of the famous Florodora sextet at the same time as Evelyn Nesbit Thaw. Mrs. Cuddihy testified today that Cuddihy had left her seven days after their wedding in 1904. She had been unable to ascertain his whereabouts until she accidentally met him on the street in Chicago.

NO LIQUOR FOR MEXICAN 'PATRIOTS'

EL PASO, Tex., Sept. 12.—In order to guard against any drunken demonstrations on Mexican Independence day, September 18, Governor Creel has ordered the Mayor of every city in Chihuahua to close all saloons Saturday afternoon, at 2 o'clock and keep them closed until Monday morning. It is said that President Diaz has passed the word to all Governors to enforce the same order.

PULL HERSELF OFF

Manchuria's Own Power to Be Used to Float Her.

GREAT HOPE OF SUCCESS

Original Methods Tried to Save the Great Liner From Destruction. Little Damage Done by Rocks and Waves.

HONOLULU, Sept. 12.—Preparations

are almost complete to make another attempt to float the Pacific Mail liner Manchuria, which stranded on Rabbit Island. The steamer's hold has been pumped full of water to weight her. Captain Metcalf has placed seven heavy anchors, to which lines will be run from the Manchuria's engines, and the vessel will use her own power to pull herself off the reef. Three hundred stevedores have been placed aboard to jettison the coal, which has been brought on deck to facilitate quick unloading.

Home for German Catholics.

SPRINGFIELD, Ill., Sept. 12.—At the convention today of the United German Catholic Societies of the United States.

and in the management of the estate of the late Senator Fair, it is possible that Mr. Oelrichs accumulated a considerable estate. If the larger part of his accumulations did come from the two Fair estates, then Mrs. Oelrichs is determined that her son shall be a beneficiary and she will start a contest to break the will, either in her own name or as guardian for her boy.

"If the estate as willed has not been derived from Fair money, but is Oelrichs' family accumulations, properly speaking, Mrs. Oelrichs will not contest either for her dower right, community rights under the California laws or as guardian of her son."

Mr. Gerard said that Mrs. Oelrichs' trip to the Coast was not made to file a will antedating the one filed here last week. Mrs. Oelrichs went to San Francisco to be appointed administratrix of her brother, Charles L. Fair, said Mr. Gerard. "The office of administrator became vacant upon the death of her husband. There is still some hundreds of thousands of dollars of Charles L. Fair's estate undivided between his heirs, Mrs. Oelrichs and Mrs. W. K. Vanderbilt."

Western Union Will Extend Lines.

NEW YORK, Sept. 12.—The directors of the Western Union Telegraph Company, at a meeting today, authorized President Clevory to call a meeting of stockholders on October 10 to vote on a proposition to issue \$25,000,000 in gold bonds. The directors also voted that \$10,000,000 in gold bonds be issued immediately for subscription by stockholders. The money realized from the bonds is to be used for new construction and the purchase of new property.

Rev. Father Nagelwisen, of New York,

told the convention a site in New York had been purchased for \$107,000, on which it was proposed to replace the old Leo House with a new one for the German Catholic immigrants. Rev. Father Held, of San Antonio, Tex., said a similar house would be erected by the Catholics of Galveston, Tex.

Sultan's Master of Ceremonies.

CONSTANTINOPLE, Sept. 12.—Ibrahim Pasha, for many years master of ceremonies at the Yildiz Palace, is dead. He was esteemed here.
