Another advance of 10 cents in all grades refined sugar occurred yesterday. The rise in prices was not unexpected in view of the condition of the market. Buying has day, and the retailers who did not lay in a large supply are now kicking themselves. This latest advance will no doubt still further atimulate the demand. Those wholesalers who had stocked up heavily some time ago are more than satisfied now with their fore-

The Eastern augar market remains in an exceedingly strong position. Private wires yesterday indicated that raw sugars would advance still farther and this will necessarily mean an advance in the refined product. Local conditions on the Coast appear also to have played an important part in the upward movement. The California & Hawalian Refinery, by reason of the heavy demand upon its output, has, it is said, been compelled to turn down orders. The Spreckels refinery took advantage of this condition of affairs and when the Eastern market advanced, raised the Coast price, the other company keeping pace with its quotations.

### HOOD RIVER APPLE SALES. View Taken by an Eastern Trade Paper of the Recent Deal.

The Eastern apple trade is either jealous of market by Oregon fruit, especially Hood River apples, or does not believe that the high prices that were reported recently were actually paid. A New York dispatch in the Chicago Fruit and Produce News says: 'It is under-ated that the price at which E. P. Leomis ontracted the Spitzenburgs from the Hood Biver Applegrowers' Union was \$2.25@2.50 per bax. For the Newtown Pippins the price was

bux. For the Newtown Pippins the price was \$282.25. In the 60 odd cars which the union will ship there will be a number of cars of the various varieties. Mr. Loomis as well as George Rae, of Rae & Hatheld, were on the ground when the contract was made."

Commenting on the sale, the paper says:

As stated cleswhere E. P. Loomis & Co. have secured the Hood River apples. Mr. Loomis had this contract the 1602 and it was disastrous. In the past two years Hood River has been boomed and many growers have gone there and bought apple land. The story reaches this city that Wills Van Horn, of Buffalo, early in the season, bought 2000 boxs of apples in Hood River. His brother is there working a land deal. Anyone can purchase two barrels of just as good fruit either in New York or the Middle West for the earne price that Van Horn three years ago bought a large quantity of land in the meighbrhood of Hood River which was set into orchards and which at the present time he is selling

A shipment of Eastern frozen poultry was brought in yesterday to tide the retail trade over until local receipts should increase. The and firmer prices were easily realized.

No change was reported in the egg market. Stocks of fresh ranch eggs were small, but fresh Eastern eggs were plentiful.

Volume of Trade Continues Beyond Precedent.

DISTRIBUTION IS HEAVY

Buyers Preparing for Needs Well Into the Future - Commodity Prices Average 4 Per Cent Above Last Year.

NEW YORK, Sept. 14 -- R. G. Dun & Co.'s reckly review of trade tomorrow will may: The volume of trade continues beyon recedent for the period, the end of the vacation season restoring normal forces in most occupations, and there are no impor-tant labor struggles to handleap progress. Autumn distribution is very heavy, traders as a rule preparing for beeds well into the future, while mercantile collections are quite as prompt as could be expected in view of the light money market. There is some uncertainty in primary markets for cotton goods, owing to the expectation of lower prices in response to cheaper raw material, but as yet no concessions are offered. Demand for woolen fabrics is also somewhat irregular, although fancy worsteds are with-drawn because of well-sold condition and other leading industries report great activ-

ty and strength. The prices of commodities rose during august in the aggregate, dairy and grain roducts supplying most of the advance, Dun's index number on September 1 being \$104,287, against \$102,985 a month previous. Compared with the position a year ago, the advance is 4 per cent.

Railway earnings for the first week of September exceeded the figures of 109 by 7.9 United States, as reported by R. G. Dun & Co., are 174, against 178 last week, 170 the preceding week and 194 the corresponding week last year. Failures in Canada num-ber 26, against 8 last week, 14 the preceding week and 20 last year.

NEW YORK, Sept. 14.—The following table, compiled by Bradstreet, shows the bank clear-ngs at the principal cities for the week ended september 13, with the percentage of increase and decrease, as compared with the corre-sponding week last year:

ALL REPORTS ENCOURAGING. September, Like August, Scoring Heavy

NEW YORK, Sept. 14.—Bradstreet's tomorrow will say:
Trade, crop and industrial reports are still almost uniformly favorable. September, like August, appears to be accring heavy gains over the corresponding month a year ago. Official crop reports confirm previous public and private advices of very large, if not record, yields, but price and traffic conditions are a bar to free movement. Car shortages are no longer subjects of speculation, but are an accomplished fact, and terminal facilities are also unequal to the strain.

# OPERATIONS IN READING

ACTIVE BUYING OF THE STOCK FOR POOL ACCOUNT. Strength of the General List Is

Spotty and Flurry in Money

NEW TORK, Sept. 18.—Operations on the long eide of the stock market were resumed in sufficient volume today to effect a turn from the downward course of prices in pro-gress yeaferday. The day's strength was spotty, strength at one point contrasting with

heaviness at others in the process of maneuvering to take profits.

The principal operations centered in the coalers, especially in Reading. Much of the activity in that stock was attributed to a long-standing pool. Rumors were revived by the reports of an intended divestment of ownership of coal properties by the railroad companies. This report has appeared at intervals ever since the publication of a judicial decision which seemed to indicate the illegality of the persent ownership of the means of production of the material transported and has been regarded as favorable to the coalers.

Details were not forthcoming of the plan, but Details were not forthcoming of the plan, but the speculative assumption was that large profits would accrue to the railroad companies from the proceeds of the new arrangement.

But recepts of revenue payments, telegraphic transfers to interior points and other routine Subtreasury operations leave the payments by that insti-tution to the banks at only \$15,020,000. There is a small offset to this gain in the movement on balance by express to the interior, which is estimated at but a few hundred thousand dollars, tempered with over \$5.000,000 tast week. This relaxation in the interior demand for currency contributes much to the prom-led strength of tomorrow's bank statement. The further advance in the sterling exchange rate today decreased the command by New York gold in London.

A late flurry in money was attributed to the preparation for some large dividend pay-ments due tomorrow, the principal of which is the \$6,00,000 payable to Standard Oil stock-holders. ## YOUNG GIRL NOT FIREBUG

Costs Are Taxed Against Prosecuting Witness in Montesano Case,

Silvia Winders was giveen a hearing here today before Judge Porter on a charge of burning a barn belonging to Edward 80 of burning a barn belonging to Edward
9214 Lambert on his farm south of town. The defendant is 13 years old and the daughdefendant is 13 years old and the daughter of Abner Winders a road supervisor.
Lambert, sometime ago, made a vicious
attack on Prosecuting Attorney Bonner
in the newspapers for not prosecuting
25/3
the case sooner and appealed to the
Attorney General.

The hearing today attracted a great
deal of attention and resulted in exonerating the prosecuting attorney from any
blasse for not trying the case earlier. defendant is 13 years old and the daugh-ter of Abner Winders a road supervisor.

erating the prosecuting attorney from any blame for not trying the case earlier. Costs were taxed against Lambert, Public sentiment upholds Bonner in the matter. W. H. Abel, of Montesano, de-fended the girl. No incriminating evidence was produced at the trial.

OLYMPIA, Wash., Sept. 14.-(Special.)-In answer to an inquiry received from the County Clerk of Chehalis County, Attorney-General J. D. Atkinson advises him that notwithstanding the fact that the new Federal naturalization laws authorize clerks of courts having jurisdiction to retain one-half of the fees col-lected by them in such proceedings, County Clerks in the State of Washing-County Treasury.

Tax Collector Has the Option.

OLYMPIA, Wash., Sept. 14.-(Special.)-The Supreme Court declares that a County Treasurer has the option of pro-ceeding against the person or the prop-erty in an action for the collection of delinquent taxes, and the Spokane case of the County of Spokane and E. K. Erwin as Treasurer, respondents, vs. George M. Adams as receiver of the Nelson Drygoods Company, appellants,
