

TAFT AND BACON ARRIVE AT TAMPA

Cubans Cease Their Fighting in Expectation of Mediators.

SHIPS TO PROTECT HAVANA

Denver Will Soon Be Joined by Des Moines—Dixie Goes to Cienfuegos to Stop Outrages—British Given Protection.

WASHINGTON, Sept. 17.—Commander Colwell of the cruiser Denver at Havana telegraphed the Navy Department today that all was quiet in Havana. Hostilities formally ceased yesterday and a definite settlement of the trouble seemed possible today.

At the same time no changes have been made in the naval programme. The Louisiana, Virginia and New Jersey are now on their way to Havana. The Newark sailed from Norfolk this afternoon and the Minneapolis will sail from League Island tomorrow.

The Navy Department has been informed that the Des Moines passed Tortugas this morning and will arrive in Tampa Bay at midnight. The train bearing Messrs Taft and Bacon and party was reported three hours late this afternoon, so that the Des Moines will be ahead of time and ready to take them aboard when they arrive.

The Dixie, which left Havana last night, is expected to arrive at Cienfuegos tomorrow. A report has been received from Cienfuegos saying that gross outrages have been committed in that vicinity and that plantations next to the Constanza plantation have been burned and the Constanza threatened. A demand was made upon the Constanza plantation for 1000 rounds of ammunition and the insurgents threatened the place if their demands were not complied with.

Every confidence is felt at the Navy Department in the forces which have been sent to Cuba to meet any situation which arises. While there is a pacific feeling, preparations are being made for the worst.

While there is a pacific feeling, preparations are being made for the worst. The Department to meet anything that might arise, if it should be necessary for a strong force to intervene. It is stated that troops and transports will soon be available and only await orders in case the mission of Mr. Taft fails and hostilities are renewed and are beyond the control of the Cuban government.

Change of attitude is shown in a dispatch to the State Department suggesting that conferences of some import may be held between the representatives of the Palma government and the insurgents pending the arrival in Havana of Mr. Taft and party so that something in the nature of a definite programme may be presented to them for consideration.

Upon reaching Havana Messrs. Taft and Bacon will be taken by United States Minister Morgan to his home at Marianna, a suburban resort on the shore about two miles from Havana.

While they will not admit having formulated a programme, Messrs. Taft and Bacon are determined not to become identified with the leaders of either of the opposing forces. Until they have had an opportunity to observe actual conditions. Of course it will be necessary to return courtesies sure to be extended by President Palma and other officials of the existing administration, but for the purpose of arriving at the cause of turmoil, interests of a nonpolitical character will be consulted. Hearings will also be given to leaders of both the government and the revolutionary forces. For the latter Mr. Morgan's house is regarded as ideal.

WILL PROTECT BRITISH ALSO

American Forces to Guard Railroads From Combatants.

WASHINGTON, Sept. 17.—In answer to an inquiry, the State Department has responded that, in affording protection to American interests in Cuba during the revolution, the United States will also give protection as far as possible to British interests and property.

Subjects of Great Britain have large interests in railroad properties in Cuba and these have suffered by the operations of the insurgents. Other property, too, on the island is held by British subjects and anxiety is expressed as to the security of it. It is not disclosed whether the inquiry reached the State Department through diplomatic channels or came from private individuals.

Complaint has been made that the Cuban insurgents are despoiling Cuban property in Cienfuegos. The property belongs to the plantations in that vicinity.

AUTO KILLS BICYCLIST President Earling's Son Valny Tries to Save Victim.

HARTLAND, Wis., Sept. 17.—While George Earling, son of the president of the Milwaukee road, was driving his automobile Saturday, he collided with Alfred Overland, a passing bicyclist. The latter was hurled violently to the ground. He was picked up unconscious by Mr. Earling, and died yesterday. The injured man was rushed to a hotel in Mr. Earling's automobile and a physician summoned.

moned. The doctor reached the hotel in 20 minutes and found his skull cracked at the base of the brain. A little later A. G. Earling arrived at the hotel and ordered everything possible done to save the man's life. He ordered a special train from Milwaukee, carrying Dr. Horace Manchester Brown to the stricken man's aid.

The road is wide near the scene of the accident, and the only explanation is that there must have been confusion in passing. The body of Overland, who was a coachman, will be sent to his former home in Ohio, after the inquest.

Winnipeg Building Tied Up. WINNIPEG, Man., Sept. 17.—Building operations in Winnipeg are tied up today, as practically all the men engaged in that work are on strike in sympathy with the plumbers.
