SAY HE HAS BECOME DICTATOR AND DEMAND ANNULMENT OF LAST PRESIDENTIAL ELECTION.

New York, Sept. 17.—The revolutionary junta of New York has issued a proclamation giving the Liberal insurgents reasons for taking up arms against the Palma government.

SHAW'S SECOND-HAND CLOTHES.

Mr. Bryan said he was doubtful in coming South if he was using his time to the best advantage, and added that his coming was made still less necessary from the fact that Secretary Shaw had been beaten before.

HIS STOLEN PLATFORM.

On the question of Democratic planks, advocated by Republicans, Mr. Bryan said that whenever a Republican speaks of anything with praise and rejoicing, he is speaking of something done in accordance with the Democratic doctrine.

PUT TRUST MAGNATES IN JAIL.

Coming to the question of trusts, Mr. Bryan said that "you don't enjoin horse thieves, but put them in the penitentiary."

RATE LAW AND OWNERSHIP.

Mr. Bryan said that the present rate bill could not have been passed without the help of the Democrats and that that great Democrat, Tillman, was put in charge of it although he believed they gave it to Tillman because they thought it would make Roosevelt mad, and the bill was not as good as it would have been if they had let other Democrats amend it.

ARRESTED FOR BEING TOO JOYFUL.

ODESSA, Sept. 17.—Upwards of 100 persons were arrested here today for rejoicing over the death of General Trepoff in too public a manner.

at Burlington he made a brief announcement of the tragic occurrence and paid a tender tribute to the memory of his departed friend.

DAY ENDS IN DEATH GLOOM

Bryan Eulogizes McIver as Greater Than Rockefeller.

GREENSBORO, N. C., Sept. 17.—The coming of W. J. Bryan to Greensboro this evening was shadowed in gloom. On the same train was the body of Dr. Charles Duncan McIver, president of the State Normal and Industrial School here, who died of apoplexy on the train. He was a member of the reception committee for Guilford County.

At 8 o'clock the City Hall was crowded to its capacity to hear the speaking. Mr. Bryan, introduced by ex-Lieutenant Governor Charles M. Steadman, a personal friend of Mr. Bryan's. Mr. Bryan's speech was an eulogy to Mr. McIver, at whose invitation the North Carolinian came here 13 years ago on his first visit to North Carolina. He pointed out that Dr. McIver's life was an ideal one and said he would rather die with his record than the name and fame of John D. Rockefeller. Governor B. B. Glenn followed Mr. Bryan and also paid a tribute to Dr. McIver. A reception was tendered Mr. Bryan at the McAadoo Hotel. Tomorrow Mr. Bryan will speak at Winston-Salem, Kernersville, High Point, Lexington, Salisbury, Concord and Charlotte.

WON ELECTION BY FRAUD

Charges of Rebel Cuban Junta Against Palma.

Say He Has Become Dictator and Demand Annulment of Last Presidential Election.

NEW YORK, Sept. 17.—The revolutionary junta of New York has issued a proclamation giving the Liberal insurgents reasons for taking up arms against the Palma government.

In the first place, this movement must not be confounded with the insurrection which so often disturbs the peace of the republics of South and Central America. In the latter movements the one object of the leader is to gain control of the Presidency. With us it is not so.

We have been careful not to overdraw the resources of the political situation in Cuba and have made no charges that cannot be fully substantiated by unbiased investigators.

We charge that President Palma obtained his office through fraud and intimidation and by the denials to the Liberals of their right of suffrage.

We charge that the government of President Palma was directly responsible for the killing of Colonel Enrique Villuendas, a member of the House of Representatives, at Cienfuegos, on September 22, 1905.

We charge that President Palma has usurped the powers and functions of the governing bodies of the municipalities and has annulled arbitrarily and without warrant of law the election of Liberal officials displacing them with members of his own political party, the Moderates.

We charge that he has in like manner removed from the bench Judges who refused to act in their judicial capacity according to his dictation. President Palma also has imprisoned without judicial proceedings members of the Liberal party because they voted their protests against his dictatorial conduct.

The Liberals have made continuous peaceful appeals that this injustice be righted, but the government turned a deaf ear. Denied the constitutional rights for which Cuba fought, bled and died for nearly half a century, we decided that our only recourse was again to take up arms.

We now ask only one thing, that the illegal and fraudulent election of last December be annulled and a new election held at which every Cuban citizen will be given a fair chance to vote.

In concluding, the proclamation says that Palma is today the dictator of Cuba instead of Weyler and declares that the men who surround him are the same who supported the Spanish regime while patriotic Cubans were in the field fighting.

HUNDREDS IN GREAT PERIL

Dwellers on Beach Rescued From Raging Storm.

WILMINGTON, N. C., Sept. 17.—For six or eight hours more than 200 men, women and children were out off from the mainland in imminent peril, while cottages, hotel and railroad property was damaged to the extent of \$50,000 by a fierce east storm which swept Wrightsville Beach, nine miles east of Wilmington, today.

The storm reached the height of its fury between 6 and 7 o'clock this morning. Hundreds of cottagers received their first intimation of danger upon awakening this morning to find breakers sweeping clear across the beach to the sound and rolling high up on the mainland, two miles beyond.

Five trolley-cars brought a number of early risers across the sound on the trestle by which it is reached, while the waves swept afraid to cross the trestle, which gave way immediately after the last car reached the mainland.

The storm increased in fury until noon, when the rescue work was begun. Surf-boats were sent across the channel at great risk, bringing first the women and children, then the men, the last of the number being brought over at 5 o'clock this afternoon. Sheriff Frank H. Steadman was among those caught at the beach, and at once swore in a number of deputies, who closed the barrooms and patrolled the beach tonight to prevent looting of the places.

At Carolina Beach, farther down the mainland, there was some damage to cottages, but the residents had left the day before on notice of falling barometer. At Southport, at the mouth of Cape Fear River, the harbor craft had a narrow escape from the storm, several of the passenger boats being damaged.

The Clyde liner Navahoe, due here at 4 o'clock this morning, had not yet arrived at 8 o'clock tonight. She probably encountered the gale off this coast and put to sea to escape its fury. Tonight the band abated and no further damage is expected. Wire communication with Southport has been cut off since early today.

CHARGED WITH PERJURY

Mrs. Schreck Will Probably Not Be Tried for Murder.

LOS ANGELES, Sept. 17.—Mrs. Aurelia Schreck, whose testimony as a self-confessed accomplice of Ernest M. Stackpole, in the murder of her husband, Joseph Schreck, recently was one of the most sensational incidents in the criminal annals of Southern California, today was arraigned on a charge of perjury in having testified at the coroner's inquest that burglars killed her husband.

This arraignment was the first actual admission by the District Attorney that as a reward for turning state's evidence the woman, whose age is 19 years, is to escape the murder charge.

MONGOLIA IS FAST

Steamer Struck Reef While Proceeding Slowly.

CHANCE TO SAVE VESSEL

If the Present Favorable Weather Continues There is No Immediate Danger of Breaking Up the Midway Reef.

MIDWAY ISLAND, Sept. 17.—The Mongolia struck the western side of Midway Reef about 10 o'clock Saturday night. The vessel was slowly moving ahead at the time she touched the reef. There was no panic among the passengers, who calmly remained aboard the ship until Sunday morning when all were safely landed. There are some 500 passengers, including Asiatics, and all are being well taken care of here. The mail and baggage were brought ashore today. If the present weather conditions hold, there is no reason to fear for the vessel. Her position is good, and while held fast, she is not believed to be in any danger of breaking up.

PART OF CARGO JETTISONED

Determined Effort Is Made to Float the Mongolia.

SAN FRANCISCO, Sept. 17.—The Merchants' Exchange today received information from Midway Island to the effect that a portion of the cargo of the Mongolia has been jettisoned and a determined effort is being made to float the steamer. The Mongolia is badly damaged, but the extent of the injury caused by her striking the reef is not yet known.

Tug Iroquois Misses Three Wrecks.

HONOLULU, Sept. 17.—(Correspondence of the Associated Press.)—The United States tug Iroquois has returned from Midway Island which she visited for the purpose of enabling Captain Carter to investigate and report upon the amount of work necessary for the deepening of the harbor there. Captain Carter says that about 300,000 cubic yards will have to be dug out.

MANY STRANDED IN HONOLULU

Cause Travelers Much Trouble.

HONOLULU, Sept. 17.—As a result of the stranding of the Pacific Mail liner Manchuria and the transport Sheridan, both on their way to the Orient, and now followed by the Mongolia striking a reef near Midway Island, all within less than a month, there is much congestion of pas-

sengers here and the long interruptions of mails is causing great inconvenience. Many people who were traveling on important business are stranded here. Some of them intended sailing on the Mongolia, others on the Buford.

The Buford was scheduled to sail from San Francisco tonight till 2 o'clock this afternoon, when the order was received to proceed to Midway Island. The Midway trip is most unwelcome to steamship officials, as the locality is notoriously dangerous, because of the reefs and currents. The tug Iroquois, the largest and most powerful tug in Honolulu, will probably leave for Midway tomorrow.

Buford Ordered to Midway.

HONOLULU, Sept. 17.—The transport Buford is preparing to leave here at midnight for Midway to get the Mongolia's passengers. The Sheridan's passengers are still stranded here.

ADAMS DINES AT MOSCOW

SHERIFF TAKING CIRCUITOUS ROUTE TO WALLACE.

Prisoner Spirited Away From Boise Penitentiary Is Kept Within Idaho State Bounds.

MOSCOW, Idaho, Sept. 17.—(Special.)—S. T. Adams, who is being taken overland from Boise to Wallace, accompanied by Sheriff Angus Sutherland, of Shoshone County, Warden E. L. Whitney, of the state penitentiary, and Deputy E. P. Johnson, passed through Moscow about noon today. The party is reported to have boarded the Northern Pacific train at Oro Fino this morning, having driven from Grangeville to that point during the night.

When the train reached Moscow the party alighted at the water tank, about 150 yards east of the station, and walked up town. The train reached here at 12:05. The party attracted no attention and would not have been recognized, except for a telephone message wired from down the road, which caused the train to be closely watched. They took dinner here and about 2 o'clock took a four-horse rig. They started north on the Viola road and will keep well within the state, for the purpose of avoiding the possible service of a writ of habeas corpus, which the attorneys of Meyer, Haywood and Pettibone are supposed to have prepared.

From Viola the road they will naturally take is the old state wagon road which leads to the northeast through Princeton, thence up Meadow Creek to its source, then across the divide to the valley of Santa Creek, which they will probably follow to its confluence with the St. Maries, thence down the stream to the town of St. Maries on the St. Joe River. Here a boat can be taken to Chatelet or Harrison on the O. R. & N., where a train can be taken for Wallace.

By rapid driving St. Maries should be reached in time to take the morning boat, which would land them at Chatelet or Harrison in time to take the train which would land them in Wallace, at 12:40 P. M. tomorrow. The party,

looked pretty well tired out and Adams, were a troubled and worried look. They were accompanied here by L. Stannus, of Oro Fino.

FELL INTO BOILING WATER

Wealthy Los Angelian Receives Fatal Injuries in a Hotel.

LOS ANGELES, Sept. 17.—John Harvey, a local coal mine operator with extensive

interests in Colorado, is dead as the result of falling into a tub of scalding water. Mr. Harvey was a guest at a local hotel. Friday night the attention of persons occupying rooms adjoining his suite was attracted by groans. A hurried investigation revealed Mr. Harvey immersed in a tub of scalding water in his bathroom. He was rescued but not in time to save his life. He died yesterday at the Clara Barton Hospital of his burns.

County Assessor's Figures Taken.

OLYMPIA, Wash., Sept. 17.—The State Board of Equalization by a vote of five

to one decided at noon today to levy a tax on the equalization of approximately \$225,000,000, as returned by the County Assessors, rather than reduce the valuations to \$200,000,000, as proposed by State Auditor Clausen, who contends that the adopted plan will raise more money than needed for highways and military funds where the mill rate is fixed by law. The board also granted the petition of the O. R. & N., and other railroads and reduced railroad valuations where Whitman, Walla Walla and other counties were assessed higher than the schedule the board fixed last January.

What Joy They Bring To Every Home. as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use. Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication. Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
