t has been several years since the hop mar t was as slow and backward in opening as crop is half picked the selling movement n in full swing, but so far this season two sales have been reported, and both them small ones. Growers are not at all offered, and dealers are likewise holding off. The orders that are in are at prices that will waiting to ece how the question of quality will work out and which will not be settled until a representative quantity of samples is at hand.

market, however, can be traced to the large number of contracts written before the crop

mething like half the production of Gregon has already been sold in this way, and this fact is bound to operate against any very active movement in the early part of the extent filled their early requirements and will now stand back and watch developments. The element views it, should, therefore, be pretty closely indicated by the action of the trade

etion of picking in quite a number of yards,

ing, the majority having finished early in the week. Nearly all report an increased yield over last year of from 15 to 20 per cent, and some higher. The hops are rich in lupulin and free from all attacks, so that the quality is choice.

There have been a few sales at 20 cents, but business is not brisk at that price, for the reason that growers are firm for a higher

## SMALL YIELD IN WOODBURN DISTRICT. Mold Is Bad and Making Rapid Strides. Mt. Angel Yard Abandoned.

WOODBURN, Or., Sept. 19.—(Special.)-The yield of hops in this section is very disappointing to growers. Jacob Miller's ten-acre ard, which last year produced 800 hoxes this year has but 217 boxes. James Hunt, on 17 acres, will only have two-thirds of last year's crop. Frank Bushey, on 18 acres, last year had 1600 boxes and this year 700 boxes. William Johnson picked 1000 boxes on 16 acres in 1905 and but 500 boxes this year. The Kennedy estate of 80 acres will have half the crop of a year ago.

Mold is very bad and making rapid strides Foggy mornings, followed by warm sunlight are destroying thousands of boxes of hops

Some yards near Mount Angel have just commenced picking operations and at least one 18-acre yard has been abandoned because of mold and red spider.

The yield of Woodburn district, though with a largely increased acreage, will fall below the yields of 1904 and 1905.

## STRONG DEMAND FOR POULTRY. Eggs Are Quoted Firm-Butter Not So Scarce on Front Street.

There was a strong demand for poultry yesterday, induced in part by the approaching Jewish heliday. Firm prices were quoted throughout the list. The egg market was strong for fresh ranch

stock, the supply of which was decidedly short. One leading handler reported that his total receipts for the day were only five cases. There is a good movement in Eastern eggs and where they are sold as such there is not much

The butter market was unchanged. City creamery grades were quoted firm at 30 cents. Front street prices on the best offerings ranged from 2715 to 30 cents. More than the usual quantity of off-grade butter is coming in and 25 cents is the best that can be done Arrivals on the street are picking up slightly.

### ACTIVE DEMAND FOR FRUIT. Car of New California Figs Distributed Along the Street.

was a good assortment of most kinds fresh fruit yesterday and trading was active. No carlot arrivals were reported. A quantity of Southern Oregon Muir and cling eaches came in by express. A car of California Salways is due today. Grapes were plentiful and the best offerings sold at the established quotations, though the cheaper

kinds were disposed of at low prices. The first straight car of new California figs arrived and was distributed along the street. Jobbing prices were announced as follows: Fifty pacakage, 8-cunce, \$2.25 per box: 56 package, 12-ounce, \$2.25; 60 package, 6-ounce, \$2.25; 12 package, 10-ounce, 75 cents; 12 package, 14-ounce, 85 cents; 10 package, 16ounce cartons, 90 cents; layers, 55 cents.

Veal is Too Lorge.

Receipts of veal were heavier than usual pesterday and a large proportion of the arrivals were of large sizes, for which there is only a moderate demand. The inquiry for small lots So, less than 500-pound lots Side. (In washed, 32 \$380.)

Reports were received yesterday of the completion of picking in quite a number of vards.

Reports were received yesterday of the College pletion of picking in quite a number of yards. The largest yards have nearly a week of work ahead of them yet. There is still much talk of mold, but the apprehension seems to be less than it was a few days ago. It is remarked that the hops are looking much better in the bale than they did in the bin. Some samples from what were considered very moldy yards show scarcely any blight.

An order was received by A. J. Ray & Son yesterday for the shipment of a good-sized lot of hops to Hongkong. This is the first order that has been received from China for Oregon hope, so far as known.

The New York hop crop, which has been gathered by this time, is said to be of excellent quality. Reports as to the size of the yield vary. The Cooperstown Farmer says the crop in that section of the state will fall from one-quarter to one-third short of last year. In Schoharle County, according to the Schoharle Republican, the yield will not exceed that of last year. The paper adde: This is also true of the crop in the state." Cattle Shipped From Pendleton.

PENDLETON, Or. Sept. 19.—(Special.)—
That Pendleton is one of the leading cattle shipping points in the Inland Empire is shown by the record kept this season by James Hackett. Deputy County Stock Inspector, for this place. While it has not been unusually active this year in the cattle business, yet the movement has been steady and firm, and since last March over 3000 head of fat cattle have been shipped out of Pendleton to the Puget Sound markets.

According to the buyers the average price of these cattle has been about \$27.50 per head, making a total of \$88.600 paid out in Umattilla and Grant Counties in the six months just passed. NEW YORK, Sept. 10 .- Stocks were under

placeibility was given to the suggestion that an exchange of Pennsylvania's Baltimore & Ohio stock for Union Pacific's Atchison holdings would facilitate the financing of the project and would be in line with the new policy outlined by opening a trans-continental outlet for Pennsylvania within

its own control. The question of capital needs was given added force by the announcement of an issue of nearly \$30,000,000 of New York Central's \$100,000,000 authorized stock and by the proposed issue of \$10,000,000 of the subsidiary Cleveland, Cincinnati, Chicago & St. Louis stock. JAIL COOLS HIS TEMPER Clackamas Farmer Will Give Up

Habit of Beating His Neighbor.

OREGON CITY, Or., Sept. 18.—(Special.)
—'I will kill Kubisch and then shoot myself rather than pay one cent of fine,"
was the threatening declaration made in Justice Court today by Rudolph Aegerter, when a fine of \$10 was imposed for twice assaulting and beating Richard Kubiech, a neighbor. The first offense was excused of Asgerter, but when he proceeded a sec-ond time to thrash his neighbor his arrest. was caused, and, pleading guilty, the minimum sine of \$5 was fixed in each case. Accerter, after being in jail 25 minutes, relented, and, admitting his willingness to pay the fine and to desist from beating Kubisch, he was released from cus-

The men are neighbors, living on the Abernethy, near this city. Aegerter seems possessed of a mania for chastising Kubisch, and justifies his conduct by claiming that his neighbor keeps half-starved animals on his farm.
