Survivor of Oklahoma Train Wreck Tells of Struggles for Life.

NUMBER OF DEAD UNKNOWN

Submerged Smoking-Car Still Far Under Water With Unknown Number of Bodies—Quick Flood May Swallow It.

GUTHRIE, Okla., Sept. 19.—A special to the State Capital from Kingfisher says that one of the wrecked Rock Island passenger train is authority for the statement that a woman and child entered the toilet-room of the smoking-car just as the coach plunged into the river. They were undoubtedly lost.

H. H. Balmer, who was rescued after floating 14 miles down the Cimarron, tells the following graphic story:

"There were 15 or 16 of us in that smoking-car. I was just in the act of leaving the smoker for the coach behind, and had reached the door when we went down. I did not realize for a few seconds what had happened. I found myself scrambling over the seats of the smoker, where I had been thrown when the car tipped up or end, going into the water in that position. In some way, I don't think I will ever be able to tell how, I extricated myself from the wreckage and the next thing I knew I was struggling in the water. It was icy cold.

"I felt myself going down and down. Then presently I came to the surface hanging to a piece of the demolished coach. By this time I was well out in the river and the strong current was bearing me swiftly down stream. I saw people around me struggling, but of course could offer no assistance. It being as much as I could do to keep my head above water. In a few minutes I was far down the river and thought that death was near.

Washington Moody, father of Willard Moody, whose brutal murder is still a mystery, today offered a reward of \$1000 for the arrest and conviction of the assassin. It is probable that the reward will be supplemented, as other relatives are anxious that the perpetrator of the crime be discovered and punished. The county may also add a reward to that offered.

WILL LEND HIS PLATFORM

But Bryan Wants Democrats, Not Republicans, Elected on It.

COLUMBIA, S. C., Sept. 19.—William J. Bryan spoke today to 2000 people on the campus of the South Carolina University. He expressed gratification that at this meeting had been opened with prayer, and he referred to the fact that the need of the Orient was Christian ideals for citizenship. He declared he had no objection to President Roosevelt using his platform, but he does object to electing a Republican when a Democrat could be chosen on the same platform and be elected as a 'god of war,' and he will go down in history as a peacemaker. The Republican he charged, had refused to put a rate bill clause in their platform, but the Democrats at Kansas City had done so. He made his usual anti-trust argument and declared that he has been understood in the matter of public ownership of railroads.

If the course of the address he claimed that had the Democrats won in 1900 the money saved from subsequent Philippine campaigns would have dug the Panama canal.

Can Walk Five Miles Without Fatigue

At 84 Years of Age---Thanks to the Great Renewer of Youth

JACOB HART, 84 YEARS OLD.

Mr. Jacob Hart, of Decatur, Ind., who is 84 years of age and was much run down, losing over 30 pounds in weight, has regained his health and increased his weight 22 pounds by using Duffy's Pure Malt Whiskey as prescribed.

Mr. Hart cannot say too much in praise of this great medicine which has made him vigorous, robust and strong, so that he can walk four or five miles without fatigue.

It is true I have received marked benefit from the use of Duffy's Pure Malt Whiskey. About four years ago I took an attack of la grippe. In my healthy days I weighed 160 to 170 pounds. I was reduced down to 125 pounds. I was in a complete state of nervous debility. I had two doctors and used patent medicine to no avail. My son had some of the Duffy's Pure Malt Whiskey on hand, and he induced me to use some of it. I did, and it wasn't long till I could walk around better and my nerves and my whole system were getting stronger. I am now 84 years old. I can walk four or five miles without any fatigue, and my wife has used it with the same results. You can use it to your own advantage as you see fit. I weigh now 150 pounds, and feel well and hearty. I can sleep well, have a good appetite and get up in the morning ready to go to work. I don't want to be done. What did all this? It was the goodness and mercy of God and the Duffy's Pure Malt Whiskey which help Nature to do its work.

Sold by all druggists and grocers, or direct, in sealed bottles only; never in bulk. Price \$1. Insist on the genuine and see that the "Old Chemist" trade-mark is on the label. Beware of refilled bottles and spurious malt whiskey substitutes offered for sale by unreliable dealers. They are positively harmful and will not cure. Medical booklet and doctor advice free. Duffy-Malt Whiskey Co., Rochester, N. Y.
