Idaho Mining District Will Experience a Revival.

BOISE, Idaho, Sept. 19.—(Special)—The Pettit mine at Atlanta has been sold to the Bagdad-Chase Mining Company, of New York, for \$1,000,000.

ROOSEVELT AGAIN CHIEF

(Continued From Page 1.) in time of war and carry our commerce in time of peace, we are in favor of and earnestly urge immediate legislation by Congress to uphold our merchant marine.

We commend the aims and purposes of the Alaska-Yukon-Pacific Exposition of 1906 and favor a liberal appropriation by the next Legislature therefor.

We favor legislation for the proper safeguarding of all public funds placed on deposit, and also failing to pay on such funds into the public treasury.

Direct Primary Law Indorsed. We are in favor of a direct primary election law, so formed as to secure the nomination of United States Senators, Congressmen and all state, county and municipal officers by direct vote of the people.

We commend the Republican party upon its passage of a National Education bill, and in protection of railway employees, and their families in case of accidents, also for its efforts to have a law enacted limiting the hours of continuous service upon the railways.

The salaries now paid judicial officers in this state do not furnish a proper basis for the services rendered of such officers, and the present high standard of the judiciary can only be maintained by the payment of salaries which more nearly compensate them for the requisite fitness for such offices.

We recommend that the next legislative assembly pass an act providing a proper increase in the salaries of the Supreme and Superior Court Judges of this state.

Examination of State Banks. We favor legislation providing for the examination of state banks and the publication of statements of the same at frequent intervals.

We favor the division of the state into Congressional districts.

There are several hundred idle convicts confined in the state penitentiary at Walla Walla, who are not provided with employment because of insufficiency of machinery, inasmuch as there are no jobs made manufactured in the United States except in penitentiaries, we recommend such legislation as will provide for the installation of the proper machinery, to enable the state penitentiary to manufacture grain bags in sufficient quantities to regulate the price to Washington farmers.

We request the Legislature, to pass a law co-operating with the general Government in making a geologic survey of the state and to make a geologic map of the state.

Resolved, That the State Central Committee be empowered to fill any and all vacancies which may occur by death or otherwise of the ticket which shall be named by this convention.

Resolved, That the State Central Committee shall have power to fill any vacancies that may occur in the committee.

It was while awaiting the platform that the convention adopted the Roosevelt resolution demanding President Roosevelt be a candidate for re-election.

Ticket Quickly Nominated. One motion renominated the three Congressmen and one motion renominated the four Supreme Justices. It is a significant fact that Cushman and Jones have been nominated five times without opposition and Humphrey has been chosen three times in a similar manner.

Cushman Names Some Leaders. During the course of his speech, Congressman Cushman said: I trust I do not underestimate one who has the great popularity of Roosevelt when I say that there are dozens of men in the Republican party who can defeat Bryan.

First of all, there is the grand old Speaker of the House of Representatives, "Uncle Joe" Cannon, who for nearly 40 years in the greatest honor of the greatest Nation, and in the greatest age of the world, has grappled with and successfully met the greatest problems that mankind has ever been called upon to solve.

And there is the Hon. William H. Taft, Secretary of War. Ah, gentlemen, I am well within the limits of the truth when I say, you could take out of Mr. Taft's brains enough to endow the entire Democratic party—with no appreciable diminution of his mental magnificence.

Mr. Taft rises to the full stature of a statesman and a patriot. In the days of the great Philippine struggle, when Bryan with his mouth was firing the war of the American Army at Manila, Taft was the man who President McKinley trusted to uphold alike our honor and our flag.

OUTCOME OF ELECTION

THE DALLES, Or., Sept. 19.—(Special)—Direct information was today filed by District Attorney Menefee against F. F. Fouts, J. B. Hunt and Seneca Fouts, of Hood River, charging the first two named with perjury and the last with subornation of perjury at the June election at Hood River. All three men are prominent citizens of that place.

Bonds were placed at \$1000 each and ball bonds filed by their attorneys for their appearance at the November term of court. It is understood that the charges were brought by advocates of the local option law.

HOOD RIVER, Or., Sept. 19.—(Special)—The indictment of S. P. Fouts, F. S. Fouts and J. B. Fouts, returned at the election here in June, is said to be due to a charge that they voted for voters whom they did not know and who were not residents of Hood River.

CANDIDATES FOR LEGISLATURE

FIGHT HAS ALREADY BEGUN FOR SPEAKERSHIP OF THE HOUSE. SEATTLE, Wash., Sept. 19.—(Special)—Three candidates for speaker of the next House of Representatives appeared among the delegates to the Republican state convention, though not the candidates themselves nor any of the other members have been elected, the fight for the speakership has commenced here.

Joseph G. Megler, of Wahkiakum, speaker of the last House, and the oldest member of the legislature, wants to be re-elected. George S. McGee, of Pierce, pulled out of the last speakership fight to make Megler's election possible, and A. J. Falconer, of Everett, are also candidates.

There has thus far been no Senatorial politics involved in the speakership fight—rather a rare circumstance in Washington. But Megler voted four years ago with Ankeny; two years ago for Pillsbury; McCoy has been a Foster man and Falconer has belonged to the Wilson organization in Snohomish County. A new alignment that is coming leaves all of them unplaced at present.

While neither King nor Pierce has produced a candidate, each may have aspirants for the speakership. But the fact that the majority of the members of the House have been renominated in the smaller counties gives the old men a handicap in the fight. Pierce and King are choosing new blood.

Pierce and King are both making a play for representative honors for both houses have been made in all but two counties. Garfield and Ferry will hold nominating conventions October 6 and their nominees for representative are unknown.

Two deaths and two resignations make it necessary to elect 25 State Senators this year. The complete list of Republican nominees for senators and representatives so far as nominated, is:
