GATHERING UP AMMUNITION

Arsenals Prepare Supplies and Plans for Movement Go Ahead.

WASHINGTON, Sept. 20.-Preparation is the watchword of the army regarding Cuba. Not only have complete plans been prepared, but every Department has made arrangements to meet the emergency of intervention if it should occur. General Crozier, Chief of the Bureau of Ordnance is now at the Rock Island arsenal in Illinois and a few days ago he visited the Frankfort arsenal at Philadelphia.

As a result, considerable activity has been displayed in getting ammunition for small arms and light field guns ready for movement in case orders for such action are issued. The Ordnance Bureau has or hand a supply to equip a small army, but not enough for a large army and it is supposed that General Crozier's visit is with a view to supplying the deficiency. It is stated in other bureaus of the Department that the plans for a possible movement have been progressing for some time and that any necessity can be

It is under-stood that the Dixle, after landing the bluejackets and marines at Cienfuegos, has returned to Santo Domingo. It is ex-pected the Dixie will be replaced by the Cleveland.

The Navy Department today received from St. Augustine, Fla., a wireless mes-sage from the cruiser Cleveland saying that she passed that point at sea this morning on her way to Havana. Nothing has been heard from the cruiser Tacoma, but it is thought the Tacoma is sailing with the Cleveland.

MANY STEAMERS SUNK AT SEA IN GREAT TYPHOON.

Loss Is 5000 Lives and \$20,000,-000-Captain Thomas, Deserted by Crew, Saves His Ship.

HONGKONG, Sept. 20 .- The full extent of the catastrophe in the recent typhoon is not fully known yet, but conservative estimates place the number of Chinese who lost their lives at 5000 and the total of the material damage to the colony at \$20,000,000.

Reports of disasters at sea are being onstantly received here.

The steamer Albatross, with 150 passengers on board, foundered near Futaumen Pass. Only six passengers and two of the crew were saved. They swam ashore. The steamer Hongkong was also lost

and her entire crew is missing.
The steamer Yingfat, from Samchun,
foundered and 120 passengers and her
crew are missing. Only two of the crew are known to have been rescued. Mrs. Hoare and her search party have returned. They found no trace of her husband, Joseph Charles Hoare, Anglican Bishop of Victoria, whose yacht was lost during the typhoon.

Captain Thomas, commander of the river steamer Fatshan, whose Chinese crew clambered on board the French mall steamer Polinesian when the Fatshan collided with her, saved his vessel and 150 Chinese passengers by splendid seaman-ship. Fortunately the engine-room staff stuck heroically to their posts. Captain Thomas was left almost single-handed on deck. He took the wheel and navigated the Fatshan for one hour and 40 minutes through a tempestuous sea and finally beached the vessel safely. It is believed she can be refloated without trouble. The staff of the Jardine-Matheson Sugar Refinery rescued 300 Chinamen from sink

ing sampans. The losses of the Kowloon Go Down (Warehouse) Company are estimated at \$750,000. Forty thousand bales of yarn which were in storage at Kowloon probably are irretrievably damaged. The beach is littered with valuable silks, and many looters have been arrested here and at Kowloon
