

TWENTY DEAD IN WAR WITH BLACKS

Round-Up of Negroes Causes Lull in Atlanta Race Conflict.

TROOPS KEEP THE PEACE

Slayer of Policeman Heard Caught and Other Assaults Captured. Two Negroes Killed After Siege in House.

ATLANTA, Ga., Sept. 25.—The known dead, who have met death in connection with the riots here since last Saturday night, number one white man, County Policeman James Heard, and 18 negroes. To this number might be added the name of Mrs. Robert F. Thompson, an estimable white woman, who dropped dead Monday evening after seeing the negroes shot and beaten in front of her home.

This, the third day of Atlanta's race war, has passed without serious disturbances. Rumors of further trouble have been brought to the attention of the authorities, but not in a single instance has any of the horrible tales been verified. The papers here have united in an agreement to print only established facts, to issue no more extras or specialisms on the riots, and the agreement is being lived up to.

Following the arrest of 257 negroes at Brownville and Clark University today and the detention of about 100 of these in the County Jail, the feeling prevailed that at last peace has been restored by a strong show of authority. Almost simultaneously two negroes were killed in another and different part of the city by three policemen, who had been sent to stop them from shooting.

The main events were the ordering into the city of four companies of state militia from outside points, Governor Terrell saying the order was given as a matter of precaution rather than from any pressing necessity, and the gathering of a large representation of business and professional men to call for vigorous action by the city executives regarding negro resorts and saloons. The resolutions demanded that these places be closed and kept closed perpetually. The saloons have been closed all day, and will be until further notice.

There is an increasing scarcity of negroes in factories, stores and offices, in the Postoffice and in the telegraph offices. Franchise holders are without their regular checks, and ice deliveries are conspicuous by their rarity.

A law and order mass meeting was held this evening attended by representative people of both races. A fund of \$3600 was raised for the benefit of the victims of mob violence, and a committee appointed to push the relief work to a generous completion.

A committee on resolutions was named of which Clark Howell, editor of the Atlanta Constitution, was chairman. This committee reported resolutions protesting against the spirit of lawlessness that has manifested the name of Atlanta and led to the committing of crime; denouncing the murder of innocent people and the wounding of others and calling upon all citizens to lift up their voices for law and order; demanding that the authorities stop the assaults on white women, and declaring that it is the duty of the citizens for the sick and wounded of both races and to bury the dead.

The resolutions were unanimously adopted.

HOLD FORT UNTIL KILLED

Two Negroes Make Desperate Resistance to Police.

ATLANTA, Ga., Sept. 25.—In a desperate battle at Claring, on Claring, between Bicycle Officers Smith and Maddox and Policeman Casen, and two dangerous negroes barricaded in a house near the corner of McClure and Randolph streets this morning, the negroes were killed and the police officers had narrow escapes.

Officers Maddox and Smith had been notified that negroes were shooting in the vicinity of Houston and Randolph streets early this morning. When they reached the scene they directed them to the house in which a negro who had done the shooting had taken refuge.

The officers went to the house, Officer Smith going to the rear door and Officer Maddox to the front. Officer Smith attempted to enter and the negroes began shooting. Policeman Maddox ran around the house to the front door and saw two negroes leaning out of the window firing at them. The officers returned to the window and pulled himself up, gun in hand. A pistol ball narrowly missed his head, and he fired point blank and dropped to the ground, pulling the window down with him. He then ran to the door and the negroes, his brother officers running with him.

As he opened the door a gun was thrown in his face and as he dodged a bullet passed over his head. He and the other officers then fired, killing the two negroes.

MAY DISMISS POSTMASTER.

Government Watches Case of Negro Who Sold Rioters Ammunition.

WASHINGTON, Sept. 25.—The Post-office Department has taken cognizance of the case of J. L. Price, the negro in charge of the station at South Atlanta, who, it is reported, has been arrested charged with supplying ammunition to the blacks. An investigation now is under way and, if it be true that Price has been taken into custody on the grounds stated and is convicted, he will be dismissed from the service of the Government.

NEGRO PRISONERS REVOLT

Desperate Fight With Jailers at Knoxville, Tenn.

KNOXVILLE, Tenn., Sept. 25.—Thirty-five negro prisoners, including 18 murderers, two of whom are sentenced to die, rebelled against the jailer at the Knox County Jail last night, refusing to go from the corridor into their cells. For hours they kept the officers at bay. All were inclosed behind bars. Four officers were cut with bottles thrown by the prisoners, and C. A. Reeder, Jr., aged 12 years, son of the Sheriff, was slightly cut. The jailers turned the hose on the refractory negroes, but this frustrated them. The negroes finally captured the hose and turned it upon the officers and then attacked the latter with bottles, plates, cups and saucers and with broomhandles, on

the ends of which open knives were fastened. Three of the officers were hemmed in by the negroes and had to draw their pistols in order to get out of range of the bottles. The arrival of the Sheriff and police finally quelled the negroes. The trouble is said to have resulted from the negroes reading of the Atlanta riots.

Constables Chase Negro.

YORK, Pa., Sept. 25.—A posse of constables, armed with shotguns, is scouring the river hills of Peach Bottom township in search for Charles Jamison, a negro, charged with an assault on Mrs. George Johnson.

MADISON, Wis., Sept. 25.—The Republican platform convention, at 1 o'clock this (Wednesday) morning, adopted a platform. William D. Conner was elected state chairman over W. H. Dick, the La Follette candidate, by a vote of 71 to 47. The first test of strength came on a question of procedure. The Conner forces had 67 votes to 53 for the La Follette-Lenroot forces.

The Democratic, Prohibitionists and Social Labor parties also met today. The platform promulgated at the Democratic convention in Milwaukee in June was formally adopted, including the plank favoring the nomination of William J. Bryan for President in 1908.

JAM AT THE SCHOOL DOORS

Fire Alarm Brings Scores of Terror-Stricken Mothers.

CHICAGO, Sept. 25.—(Special.)—Horror-stricken by fear that their children were being burned alive, 300 women rioted about the Calhoun school, just at the dismissal hour, this afternoon. A panic among the little ones preceded the rush by their mothers to enter the school. The women fought to get in. The children screamed and struggled to get out. Every doorway was jammed, the teachers were powerless.

The police rushed to the firemen's aid and after a hard battle succeeded in saving the women and little ones and dispersing the crowd without injuries worse than scratches and bruises.

The fire was in a small building, back of the schoolhouse. The report that the school building itself was burning spread through the neighborhood and the mothers rushed to the rescue of the little ones.
