The Senator went on to say that it would be wise and was the duty of Oregon people to demand of the Government their dues. He told of the policy not to increase the fund other than from the proceeds of the sale of public lands and said Oregon should insist on securing proper recognition, now that the time was ripe and the money was in the Treasury Besides Senator Pulton, Judge S. A. Lowell spoke on the "Irrigation Age"; John H. Lewis, State Engineer, on "Wa-ter Rights"; C. C. Hutchinson, of Port-land, on "Private Irrigation and Dry Land Other speeches were also

HOW TO FIND OUT

Fill a bottle or common glass with your water and let it stand twentyfour hours; a sediment or settling in-dicates an unhealthy condition of the kidneys; if it stains the linen it is evidence of kidney trouble; too frequent desire to pass it, or pain in the back is also convincing proof that the kid-neys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or heer, and overcomes that unpleasant necessity of being compelled to go often during the day and to get to go often during the day, and to get up many times during the night. The up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.
